How to Prevent the Next Pandemic Bill Gates,2022-05-03 The COVID-19 pandemic isn't over, but even as governments around the world strive to put it behind us, they're also starting to talk about what happens next. How can we prevent a new pandemic from killing millions of people and devastating the global economy? Can we even hope to accomplish this? Bill Gates believes the answer is yes, and in this book he lays out clearly and convincingly what the world should have learned from COVID-19 and what all of us can do to ward off another disaster like it. Relying on the shared knowledge of the world's foremost experts and on his own experience of combating fatal diseases through the Gates Foundation, he first makes us understand the science of corona diseases. Then he helps us understand how the nations of the world, working in conjunction with one another and with the private sector, can not only ward off another COVID-like catastrophe but also go far to eliminate all respiratory diseases, including the flu. Here is a clarion call - strong, comprehensive, and of the gravest importance - from one of our greatest and most effective thinkers and activists.

Songs of Kabir Rabindranath Tagore,2021-11-14 Songs of Kabir Rabindranath Tagore - Kabir lived in the 15th Century

(1440-1518); born to Mohammadan parents; he came under the influence of the famous Hindu saint; Sri Ramananda and delved deep into the mysteries of Hindu mysticism. A true worshipper of God; he emphasized the purity of mind and selfless devotion to God. He openly opposed the weaknesses of both Hinduism and Islam. During his life time he composed many poems. They are usually two line couplets; known as dohas; recited by many scholars even today to denote some deep philosophical truths. All these songs of Kabir were translated into English by none other than Rabindranath Tagore; the mystic poet and the Noble Laureate; the first edition; published by The Macmillan Company; 1915; New York. This book shall prove to be an asset for the Kabir lovers who can't enjoy his writings in Hindi.

Bodies of Song Linda Hess, 2015 Kabir was a great iconoclastic-mystic poet of fifteenth-century North India; his poems were composed orally, written down by others in manuscripts and books, and transmitted through song. Scholars and translators usually attend to written collections, but these present only a partial picture of the Kabir who has remained vibrantly alive through the centuries mostly in oral forms. Entering the worlds of singers and listeners in rural Madhya Pradesh, *Bodies of Song* combines ethnographic and textual study in exploring how oral transmission and performance shape the content and interpretation of vernacular poetry in North India. The book investigates textual scholars' study of oral-performative traditions in a milieu where texts move simultaneously via oral, written, audio/video-recorded, and electronic pathways. As texts and performances are always socially embedded, Linda Hess brings readers into the lives of those who sing, hear, celebrate, revere, and dispute about Kabir. *Bodies of Song* is rich in stories of individuals and families, villages and towns, religious and secular organizations, castes and communities. Dialogue between religious/spiritual Kabir and social/political Kabir is a continuous theme throughout the book: ambiguously located between Hindu and Muslim cultures, Kabir rejected religious identities, pretensions, and hypocrisies. But even while satirizing the religious, he composed stunning poetry of religious experience and psychological insight. A weaver by trade, Kabir also criticized caste and other inequalities and today serves as an icon for Dalits and all who strive to remove caste prejudice and oppression.

Dragon on Our Doorstep Pravin Sawhney, Ghazala Wahab, 2017 India might not admit it, but should it find itself involved in a border war with China it will lose. Apart from superior military power, close coordination between the political leadership and the military and the ability to take quick decisions, China has potent anti-satellite and cyber warfare capabilities. Even more shockingly, regardless of popular opinion, India today is not even in a position to win a war against Pakistan. This has nothing to do with Pakistan's nuclear weapons. It is because while India has been focused on building military force (troops and materiel needed to wage war) Pakistan has built military power (learning how to optimally utilize its military force). In this lies the difference between losing and winning. Far from being the strong Asian power of its

perception, India could find itself extremely vulnerable to the hostility of its powerful neighbors. In *Dragon On Our Doorstep*, Pravin Sawhney and Ghazala Wahab analyse the geopolitics of the region and the military strategies of the three Asian countries to tell us exactly why India is in this precarious position and how it can transform itself through deft strategy into a leading power.

Grassroots Literacy Jan Blommaert, 2008-06-03 What effect has globalization had on our understanding of literacy? *Grassroots Literacy* seeks to address the relationship between globalization and the widening gap between 'grassroots' literacies, or writings from ordinary people and local communities, and 'elite' literacies. Displaced from their original context to elite literacy environments in the form of letters, police declarations and pieces of creative writing, 'grassroots' literacies are unsurprisingly easily disqualified, either as 'bad' forms of literacy, or as messages that fail to be understood. Through close analysis of two unique, handwritten documents from the Democratic Republic of the Congo, Jan Blommaert considers how 'grassroots' literacy in the Third World develops outside the literacy-saturated environments of the developed world. In examining these documents produced by socially and economically marginalized writers Blommaert demonstrates how literacy environments should be understood as relatively autonomous systems. *Grassroots Literacy* will be key reading for students of language and literacy studies as well as an invaluable resource for anyone with an interest in understanding the implications of globalization on local literacy practices.

Boys & Sex Peggy Orenstein, 2020-03-26 The New York Times Bestseller Peggy Orenstein broke ground with her bestselling *Girls & Sex*, exploring young women's right to pleasure and agency in sexual encounters. Now she turns her focus to boys with an examination of how young men are navigating sexual culture in these changing times - and what we need to do help them. Drawing on comprehensive interviews with young men, psychologists and experts in the field, *Boys & Sex* dissects 'locker room talk'; pornography as the new sex education; the role of empathy; boys' understanding of hookup culture and consent; and their experience as both perpetrators and victims of sexual assault. By presenting young men's experience in all its complexity, Orenstein unravels the hidden truths, hard lessons and important realities of young male sexuality in today's world. The result is a provocative and paradigm-shifting work that offers a much-needed vision of how boys can truly move forward as better men.

Mrs Funnybones Twinkle Khanna, 2015-08-18 Full of wit and delicious observations, *Mrs Funnybones* captures the life of the modern Indian woman a woman who organizes dinner each evening after having been at work all day, who runs her own life but has to listen to her mummyji, who worries about her weight and the state of the country. Sahaja Yoga Shri Mataji Nirmala Devi, 2018-04-15 Shri Mataji writes that "India is a very ancient country and it has been blessed by many seers and saints who wrote treatises about reality and guidelines on how to achieve it." This is just such a book. This book is both an introduction to Sahaja Yoga, describing the nature of the subtle reality within each of us, and a step-by-step handbook on how to be a good Sahaja Yogi, the nature of Sahaj culture, how to be a leader and how to raise children. "The knowledge of Sahaja Yoga cannot be described in a few sentences or one small book, but one should understand that all this great work of creation and evolution is done by some great subtle organization, which is in the great divine form."

The Defence Makeover Pravin Sawhney, 2002

Operation Parakram V K Sood, Pravin Sawhney, 2003-06-23 On 1 October 2001, 29 people were killed at the hands of the Jaish-e-Mohammed in a terrorist attack outside the Jammu and Kashmir Assembly. India's immediate reaction was to insist that unless the US was able to rein in Pakistan, it would be forced to take matters into its own hands, which might be a setback to the US-waged Operation Enduring Freedom in Afghanistan. While President Musharraf immediately complied by condemning the act as one of terrorism, the Talibanised militants attacked the Indian Parliament on 13 December 2001. Enraged, the Government of India launched Operation Parakram, an operation that ordered the general mobilisation of the army for war on 18 December 2001. When Operation Parakram was called off on 16 October 2002 without meeting its professed objectives, it left many questions unanswered. - Why was Operation Parakram launched? - What were the military and political objectives? - Was the political leadership at all serious about the war? - What role did international pressure play in weakening the government's resolve? - At what stage did the government decide to opt out? - What did the military feel about this decision? - Does Operation Parakram have a future? Written by the perfect combination of a senior army officer and a journalist specialising in defence strategy, this important book answers these questions. It traces the changing pattern of militancy in Jammu and Kashmir and discusses both the military and political aspects of the Operation. The bottomline, say the authors, is that a war has yet to be fought, and Operation Parakram is not over.

Cooking at Home David Chang, Priya Krishna, 2021-10-26 NEW YORK TIMES BESTSELLER • The founder of Momofuku cooks at home . . . and that means mostly ignoring recipes, using tools like the microwave, and taking inspiration from his mom to get a great dinner done fast. JAMES BEARD AWARD NOMINEE • ONE OF THE BEST COOKBOOKS OF THE YEAR: New York Post, Taste of Home David Chang came up as a chef in kitchens where you had to do everything the hard way. But his mother, one of the best cooks he knows, never cooked like that. Nor did food writer Priya Krishna's mom. So Dave and Priya set out to think through the smartest, fastest, least meticulous, most delicious, absolutely imperfect ways to cook. From figuring out the best ways to use frozen vegetables to learning when to ditch recipes and just taste and adjust your way to a terrific meal no matter what, this is Dave's guide to substituting, adapting, shortcutting, and sandbagging—like parcooking

chicken in a microwave before blasting it with flavor in a four-minute stir-fry or a ten-minute stew. It's all about how to think like a chef . . . who's learned to stop thinking like a chef.
