

Strange Defeat Marc Bloch

Marc Bloch

Strange Defeat Marc Bloch, 2021-11-09T16:36:00Z A renowned historian and Resistance fighter - later executed by the Nazis - analyzes at first hand why France fell in 1940. Marc Bloch wrote *Strange Defeat* during the three months following the fall of France, after he returned home from military service. In the midst of his anguish, he nevertheless brought to his study of the crisis all the critical faculty and all the penetrating analysis of a first-rate historian (Christian Science Monitor). Bloch takes a close look at the military failures he witnessed, examining why France was unable to respond to attack quickly and effectively. He gives a personal account of the battle of France, followed by a biting analysis of the generation between the wars. His harsh conclusion is that the immediate cause of the disaster was the utter incompetence of the High Command, but his analysis ranges broadly, appraising all the factors, social as well as military, which since 1870 had undermined French national solidarity. Much has been, and will be, written in explanation of the defeat of France in 1940, but it seems unlikely that the truth of the matter will ever be more accurately and more vividly presented than in this statement of evidence. - New York Times Book Review. The most wisdom-packed commentary on the problem set [before] all intelligent and patriotic Frenchmen by the events of 1940. - Spectator.

The French Defeat of 1940 Joel Blatt, 1997-08-01 Why France, the major European continental victor in 1918, suffered total defeat in six weeks at the hands of the vanquished power of 1918 only two decades later remains moot. Why the stunning reversal of fortunes? In this volume thirteen prominent scholars reexamine the French debacle of 1940 in interwar perspectives, utilizing fresh analysis, original approaches, and new sources. Although the tenor of the volume is critical, the contributors also suggest that French preparations for war knew successes as well as failures, that French defeat was not inevitable, and that the Battle of France might have turned out differently if different choices had been made and other paths been followed.

Strange Victory Ernest R. May, 2001 The author examines the book *Strange Defeat* by the French historian Marc Bloch and argues that Germany's success is even more of a puzzle than Bloch could have imagined, for we now know that its armed forces were measurably inferior to those of France and its allies, even in tanks, and its top military leaders all considered an attack on France to be a long-odds gamble.--Jacket.

The Historian's Craft Marc Bloch , 2024-12-11 The work explores the craft of the historian from a number of different

angles and discusses what constitutes history and how it should be configured and created in literary form by the historian. The scope of the work is broad across space and time: in one chapter, for instance, he cites a number of examples of erroneous history-writing and forgeries, citing sources as wide-ranging as the Commentaries of Julius Caesar and the Protocols of the Elders of Zion. His approach is one that is configured not for those who are necessarily professional historians themselves (members of what he referred to as 'the guild') but instead for all interested readers and non-specialists. Bloch also expressed the viewpoint that the craft of the historian should not be a judgmental one that the historian should attempt to explain and describe rather than evaluate in normative terms. At one stage in the work, for instance, Bloch observes that the mania for making judgments is a satanic enemy of true history.

Marc Bloch Carole Fink, 1989 A full biography of one of the great historians for the twentieth century.

The Royal Touch (Routledge Revivals) Marc Bloch, 2015-02-20 First published in English in 1973, *The Royal Touch* explores the supernatural character that was long attributed to royal power. Throughout history, both France and England claimed to hold kings with healing powers who, by their touch, could cure people from all strands of society from illness and disease. Indeed, the idea of royalty as something miraculous and sacred was common to the whole of Western Europe. Using the work of both professional scholars and of doctors, this work stands as a contribution to the political history of Europe.

To Lose a Battle Alistair Horne, 2007-06-28 In 1940, the German army fought and won an extraordinary battle with France in six weeks of lightning warfare. With the subtlety and compulsion of a novel, Horne's narrative shifts from minor battlefield incidents to high military and political decisions, stepping far beyond the confines of military history to form a major contribution to our understanding of the crises of the Franco-German rivalry. *To Lose a Battle* is the third part of the trilogy beginning with *The Fall of Paris* and continuing with *The Price of Glory* (already available in Penguin).

Hate Marc Weitzmann, 2019-03-12 "All those who care about France, Jews, East-West relations, and, indeed, our entire modern culture, must read this book." —Tom Reiss, Pulitzer Prize-winning author What is the connection between a rise in the number of random attacks against Jews on the streets of France and strategically planned terrorist acts targeting the French population at large? Before the attacks on Charlie Hebdo, the Bataclan night club, and others made international headlines, Marc Weitzmann had noticed a surge of seemingly random acts of violence against the Jews of France. His disturbing and eye-opening new book, *Hate*, proposes that both the small-scale and large-scale acts of violence have their roots in not one, but two very specific forms of populism: an extreme and violent ethos of hate spread among the Muslim post-colonial suburban developments on the one hand, and the deeply-rooted French ultra-conservatism of the far right. Weitzmann's shrewd on-the-ground reporting is woven throughout with the history surrounding the legacies of the French Revolution, the Holocaust, and Gaullist "Arab-French policy." *Hate* is a chilling and important account that shows how the rebirth of French Anti-Semitism relates to the new global terror wave, revealing France to be a veritable localized laboratory

for a global phenomenon. “[An] excellent and chilling report-cum-memoir about one of the most unsettling phenomena in contemporary Europe.” —The Wall Street Journal “[Hate has] an often illuminating intensity as it grapples with an unresolved French and European quandary . . . Cleareyed.” —The New York Times Book Review “Weitzmann’s absorbing reckoning carries urgent lessons and warnings for us all.” —Philip Gourevitch, New York Times-bestselling author

The Fall of France Julian Jackson, 2004-04-22 On 16 May 1940 an emergency meeting of the French High Command was called at the Quai d'Orsay in Paris. The German army had broken through the French lines on the River Meuse at Sedan and elsewhere, only five days after launching their attack. Churchill, who had been telephoned by Prime Minister Reynaud the previous evening to be told that the French were beaten, rushed to Paris to meet the French leaders. The mood in the meeting was one of panic and despair; there was talk of evacuating Paris. Churchill asked Gamelin, the French Commander in Chief, 'Where is the strategic reserve?' 'There is none,' replied Gamelin. This exciting book by Julian Jackson, a leading historian of twentieth-century France, charts the breathtakingly rapid events that led to the defeat and surrender of one of the greatest bastions of the Western Allies, and thus to a dramatic new phase of the Second World War. The search for scapegoats for the most humiliating military disaster in French history began almost at once: were miscalculations by military leaders to blame, or was this an indictment of an entire nation? Using eyewitness accounts, memoirs, and diaries, Julian Jackson recreates, in gripping detail, the intense atmosphere and dramatic events of these six weeks in 1940, unravelling the historical evidence to produce a fresh answer to the perennial question of whether the fall of France was inevitable.

Martyred Village Sarah Bennett Farmer, 2000-06-15 A full-scale study of the destruction of Oradour and its remembrance over the half century since the war. Farmer investigates the prominence of the massacre in French understanding of the national experience under German domination.

A French Tragedy Tzvetan Todorov, 1996 An internationally renowned scholar examines an episode in the chaos & retributive strife that engulfed France during the liberation at the end of World War II.

French Rural History Marc Bloch, 1966 From the Preface by Lucien Febvre: MARC BLOCH'S *Caracteres originaux de l'histoire rurale française*, which was originally published at Oslo in 1931 and appeared simultaneously at Paris under the imprint Belles Lettres, has long been out of print. As he told me on more than one occasion, he had every intention of bringing out another edition. In Marc Bloch's own mind this was not simply a matter of reissuing the original text. He knew, none better, that time stops for no historian, that every good piece of historical writing needs to be rewritten after twenty years: otherwise the writer has failed in his objective, failed to goad others into testing his foundations and improving on his rasher hypotheses by subjecting them to greater precision. Marc Bloch was not given time to refashion his great book as he would have wished. One wonders whether he would in fact ever have brought himself to do it. I have the impression that the

prospect of this somewhat dreary and certainly difficult task (however one may try to avoid it, revision of an earlier work is always hampered by the original design, which offers few easy loopholes for escape) held less appeal than the excitement of conceiving and executing an entirely new book. However this may be, our friend has carried this secret, with so many others, to his grave. The fact remains that one of our historical classics, now more than twenty years old, is due for republication and is here presented to the reader.

Strange Defeat Marc Bloch, 1949

Feudal Society Marc Bloch, 1961

The Feudal Transformation Jean-Pierre Poly, Eric Bournazel, 1991 Discusses the institutional, political, social, and mental structures of French feudal society. -- Dust jacket.

Transnational Jean Rhys Juliana Lopoukhine, Frédéric Regard, Kerry-Jane Wallart, 2020-12-10 This volume investigates the frameworks that can be applied to reading Caribbean author Jean Rhys. While *Wide Sargasso Sea* famously displays overt forms of literary influences, Jean Rhys's entire oeuvre is so fraught with connections to other texts and textual practices across geographical boundaries that her classification as a cosmopolitan modernist writer is due for reassessment. *Transnational Jean Rhys* argues against the relative isolationism that is sometimes associated with Rhys's writing by demonstrating both how she was influenced by a wide range of foreign – especially French – authors and how her influence was in turn disseminated in myriad directions. Including an interview with Black Atlantic novelist Caryl Phillips, this collection charts new territories in the influences on/of an author known for her dislike of literary coteries, but whose literary communality has been underestimated.

Thinking About History Sarah Maza, 2017-09-18 What distinguishes history as a discipline from other fields of study? That's the animating question of Sarah Maza's *Thinking About History*, a general introduction to the field of history that revels in its eclecticism and highlights the inherent tensions and controversies that shape it. Designed for the classroom, *Thinking About History* is organized around big questions: Whose history do we write, and how does that affect what stories get told and how they are told? How did we come to view the nation as the inevitable context for history, and what happens when we move outside those boundaries? What is the relation among popular, academic, and public history, and how should we evaluate sources? What is the difference between description and interpretation, and how do we balance them? Maza provides choice examples in place of definitive answers, and the result is a book that will spark classroom discussion and offer students a view of history as a vibrant, ever-changing field of inquiry that is thoroughly relevant to our daily lives.

France 1940 Philip Nord, 2015-03-01 In this revisionist account of France's crushing defeat in 1940, a world authority on French history argues that the nation's downfall has long been misunderstood. Philip Nord assesses France's diplomatic and military preparations for war with Germany, its conduct of the war once the fighting began, and the political consequences of

defeat on the battlefield. He also tracks attitudes among French leaders once defeat seemed a likelihood, identifying who among them took advantage of the nation's misfortunes to sabotage democratic institutions and plot an authoritarian way forward. Nord finds that the longstanding view that France's collapse was due to military unpreparedness and a decadent national character is unsupported by fact. Instead, he reveals that the Third Republic was no worse prepared and its military failings no less dramatic than those of the United States and other Allies in the early years of the war. What was unique in France was the betrayal by military and political elites who abandoned the Republic and supported the reprehensible Vichy takeover. Why then have historians and politicians ever since interpreted the defeat as a judgment on the nation as a whole? Why has the focus been on the failings of the Third Republic and not on elite betrayal? The author examines these questions in a fascinating conclusion.

A World at War, 1911-1949 ,2019-03-27 In A World At War, 1911-1949, leading and emerging scholars of the cultural history of the two world wars begin to break down the traditional barriers between the historiographies of the two conflicts, identifying commonalities as well as casting new light on each as part of a broader mission, in honour of Professor John Horne, to expand the boundaries of academic exploration of warfare in the 20th century. Utilizing techniques and approaches developed by cultural historians of the First World War, this volume showcases and explores four crucial themes relating to the socio-cultural attributes and representation of war that cut across both the First and Second World Wars: cultural mobilization, the nature and depiction of combat, the experience of civilians under fire, and the different meanings of victory and defeat. Contributors are: Annette Becker, Robert Dale, Alex Dowdall, Robert Gerwarth, John Horne, Tomás Irish, Heather Jones, Alan Kramer, Edward Madigan, Anthony McElligott, Michael S. Neiberg, John Paul Newman, Catriona Pennell, Filipe Ribeiro de Meneses, Daniel Todman, and Jay Winter. See inside the book.

How We Think They Think Maurice E F Bloch,2018-02-02 "Maurice Bloch is so ferociously smart that one can always enjoy tangling with his ideas, even when—perhaps especially when—one doesn't agree with him. This is an important and provocative book." —Sherry Ortner Columbia University These essays by one of anthropology's most original theorists consider such fundamental questions as: Is cognition language-based? How reliable a guide to memory are people's narratives about themselves? What connects the "social recalling" studied by anthropologists to the "autobiographical memory" studied by psychologists? Now gathered in accessible form for the first time and drawing frequently upon the author's fieldwork among the Zafimaniry of Madagascar for ethnographic examples, the twelve closely linked essays of *How We Think They Think* pose provocative challenges not only to conventional cognitive models but to the basic assumptions that underlie much of ethnography. This book will be read with interest by those who study culture and cognition, ethnographic theory and practice, and the peoples and cultures of Africa.

Recognizing the artifice ways to acquire this book **Strange Defeat Marc Bloch** is additionally useful. You have remained in right site to begin getting this info. acquire the Strange Defeat Marc Bloch member that we have enough money here and check out the link.

You could purchase guide Strange Defeat Marc Bloch or get it as soon as feasible. You could speedily download this Strange Defeat Marc Bloch after getting deal. Strange Defeat Marc Bloch Introduction

In today's digital age, the availability of Strange Defeat Marc Bloch books and

manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Strange Defeat Marc Bloch books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Strange Defeat Marc Bloch books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Strange Defeat Marc Bloch versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Strange Defeat Marc Bloch books and manuals for download are incredibly convenient. With just a computer or smartphone and an

internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Strange Defeat Marc Bloch books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can

be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Strange Defeat Marc Bloch books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of

America, which provides a vast collection of digitized books and historical documents. In conclusion, Strange Defeat Marc Bloch books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Strange Defeat Marc Bloch books and manuals for download and embark on your journey of knowledge?

FAQs About Strange Defeat Marc Bloch Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader

engagement and providing a more immersive learning experience. Strange Defeat Marc Bloch is one of the best book in our library for free trial. We provide copy of Strange Defeat Marc Bloch in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Strange Defeat Marc Bloch. Where to download Strange Defeat Marc Bloch online for free? Are you looking for Strange Defeat Marc Bloch PDF? This is definitely going to save you time and cash in something you should think about.
