Susan J. Wright

**El alma sabe** Dra. Viviana Zenteno, Las respuestas a los conflictos e inquietudes que vivimos como seres humanos están en el alma, porque nadie sabe más de nosotros mismos. Si el alma puede todo esto, si es tanto lo que sabe, ¿por qué su sabiduría no suele estar a nuestra disposición? Simplemente porque hemos olvidado su cuidado, porque hemos dado la prioridad a la experiencia material, relegando nuestra esencia al último lugar. La doctora Viviana Zenteno ha dedicado su especialidad médica a profundizar en las etapas que el ser humano pudo haber vivido antes de nacer. Mediante regresiones contacta con las vidas pasadas que cada persona lleva consigo, como una mochila de virtudes y defectos que le condicionan su psique y emocionalidad. Este libro constituye un manual para el autoconocimiento y la sanación. La Dra. Zenteno presenta en este libro la Terapia de Vidas Pasadas como una técnica de acceso a la sabiduría al alma, que trabaja en todos los niveles del ser: físico, mental, emocional y espiritual. A través de casos reales se ve cómo la terapia de regresión terapéutica permite desbloquear energías, recuperar fragmentos del alma que quedaron atrapados en los eventos traumáticos del pasado, y lo que es muy importante para todo ser humano: comprender, rescatar el sentido profundo de lo que se vivió. Una terapia donde los pacientes van al reencuentro con su esencia, recuperan la conexión con el alma, y son guiados por su misma sabiduría para sanar.

*Grow a New Body* Alberto Villoldo, 2019-03-12 This newly revised edition of the Wall Street Journal bestseller *One Spirit Medicine* offers an accessible guide to an ancient practice for healing and transformation--including new, cutting-edge science, recipes, and a 7-day *Grow a New Body* meal plan! Using the principles and practices in this book, you can feel better in a few days, begin to clear your mind and heal your brain in a week, and in six weeks be on your way to growing a new body--one that heals rapidly, retains its youthful vitality, and keeps you connected to Spirit, to the earth, and to a renewed sense of purpose in your life. Our minds, our emotions, our relationships, and our bodies are out of kilter. We know it, but we tend to ignore it until something brings us up short--a worrying diagnosis, a broken relationship, or simply an inability to function harmoniously in everyday life. When things are a little off, we read a self-help book. When they're really bad, we

bring in oncologists to address cancer, neurologists to repair the brain, psychologists to help us understand our family of origin. This fragmented approach to health is merely a stopgap. To truly heal, we need to return to the original recipe for wellness discovered by shamans millennia ago. Drawing on more than 25 years of experience as a medical anthropologist--as well as his own journey back from the edge of death--acclaimed shamanic teacher Alberto Villoldo shows you how to detoxify the brain and gut with superfoods; use techniques for working with our luminous energy fields to heal your body; and follow the ancient path of the medicine wheel to shed disempowering stories from the past and pave the way for rebirth.

[P]rovides examples of how each of us can tap into our own past lives, our present experiences, and our unfolding futures to shape our own destiny.--Publisher's description.

*The Chakras in Shamanic Practice* Susan J. Wright,2007-06-29 How to work with the chakra centers to heal unresolved psychic wounds • Reveals how psychic injuries become lodged within the energy body • Links one major developmental stage with each major chakra • Provides a detailed guide to healing and clearing the tensions each chakra holds The chakra system identifies eight centers in the psycho-anatomy of humans, each one associated with a different part of the physical or energy body. Susan J. Wright, a practicing shaman and Gestalt psychotherapist, uses her own life journey to show that each chakra also is linked to a different stage of emotional and spiritual development. In *The Chakras in Shamanic Practice*, she identifies eight key developmental stages of life, from birth to old age/death. Each of these life stages has various developmental challenges and potential traumatic events that will likely occur and affect the health and well-being of the individual. Wright explains that life traumas experienced in particular developmental stages become lodged within the energy body as they cling to their corresponding chakra. By identifying and working with the chakra involved, a doorway can be opened to a world of transformative images, allowing powerful shamanic techniques to heal these psychic wounds. Providing both physical exercises and guided meditations that utilize the techniques of soul retrieval, working with power animals, and transcending trauma, Wright offers practitioners a way to gather and nurture the fragmented parts of their energy body and lead themselves to physical, emotional, and spiritual well-being.

Indigenous Mexican Migrants in the United States Jonathan Fox, Gaspar Rivera-Salgado, 2004 The multiple pasts and futures of the Mexican nation can be seen in the faces of the tens of thousands of indigenous people who each year set out on their voyages to the north, as well as the many others who decide to settle in countless communities within the United States. To study indigenous Mexican migrants in the United States today requires a binational lens, taking into account basic changes in the way Mexican society is understood as the twenty-first century begins. This collection explores these migration processes and their social, cultural, and civic impacts in the United States and in Mexico. The studies come from diverse perspectives, but they share a concern with how sustained migration and the emergence of organizations of indigenous migrants influence social and community identity, both in the United States and in Mexico. These studies also focus on how the creation and re-creation of collective ethnic identities among indigenous migrants influences their economic, social, and political relationships in the United States. of California, Santa Cruz

**Regresiones: Terapia Del Alma** Viviana Cereceda, 2004-03-06 Regresiones: Terapia del Alma es un libro escrito por

Viviana Zenteno, doctora en Medicina, que en su primera etapa profesional se especializó en Medicina Interna y Reumatología. Ella relata que siempre tuvo vocación de médico y el ejercicio de su carrera se lo confirmó; sin embargo, a lo largo del tiempo fue sintiendo cada vez con mayor intensidad que el ser humano es un todo: cuerpo, mente, alma. Y se hizo esta reflexión: ¿Cuánto de su alma somos capaces de alcanzar con los tratamientos convencionales? Así pues, ella estaba en el camino, pero algo importante faltaba. Fue entonces cuando se encontró con la Terapia de Vidas Pasadas, y decidió especializarse en esta técnica de Psicología Transpersonal. Esta resultó ser lo que le faltaba: un puente de acceso al alma. El fundamento de la TVP es que los conflictos de la vida presente se originan en hechos traumáticos del pasado, cercano o lejano, almacenados en una memoria que excede al cuerpo físico. Porque para el alma, el tiempo no existe, todo sigue ocurriendo aquí y ahora. Las experiencias de regresión permiten acceder a estas memorias, que más que simples recuerdos, son verdaderas experiencias, cargadas de energía emocional, que al liberarse da inicio al proceso de sanación, que se completa con un cuidadoso manejo terapéutico. Más allá de este mecanismo fundamental, también durante las sesiones de TVP ocurren otros tipos de vivencias: encuentros con seres queridos fallecidos, contactos con guías y maestros e incluso experiencias cósmicas. Esta cualidad espiritual es difícil de encontrar en otra terapia, y es lo que ha llevado a Viviana a considerarla una Terapia del Alma. Observando los excelentes resultados obtenidos con la regresión terapéutica, y la poca información que hasta ese momento existía en su país, Chile, es que ella decidió escribir este libro para que muchas más personas conozcan y accedan a esta forma de sanación. Este es un libro entretenido y fácil de leer pero a la vez didáctico, pues su novedosa información está estructurada en varios capítulos fundamentados, e ilustrada con testimonios de los individuos que experimentaron la TVP en la intimidad de su consulta. Escrito con amor y rigurosidad, es la oportunidad, para el lector novato de introducirse en estos temas, y para el conocedor de comprobar una vez más la coherencia de lo vivido por el ser humano en cualquier tiempo, y en cualquier lugar.

The Lost Years of Jesus Elizabeth Clare Prophet, 2020-12-22 “Reads like a detective thriller! It picks you up and never lets go of you.” —Jess Stearn, bestselling author of *Edgar Cayce, The Sleeping Prophet* Ancient texts reveal that Jesus spent 17 years in the Orient. They say that from age 13 to age 29, Jesus traveled to India, Nepal, Ladakh and Tibet as both student and teacher. For the first time, Elizabeth Clare Prophet brings together the testimony of four eyewitnesses—and three variant translations—of these remarkable documents. She tells the intriguing story of how Russian journalist Nicolas Notovitch

discovered the manuscripts in 1887 in a monastery in Ladakh. Critics “proved” they did not exist—then three distinguished scholars and educators rediscovered them in the twentieth century. Now you can read for yourself what Jesus said and did prior to his Palestinian mission. It’s one of the most revolutionary messages of our time.

**Surrealism in Latin America** Dawn Ades, Rita Eder, Graciela Speranza, 2012-10-16 This collection of essays—the first major account of surrealism in Latin America that covers both literary and visual production—explores the role the movement played in the construction and recuperation of cultural identities and the ways artists and writers contested, embraced, and adapted surrealist ideas and practices. Surrealism in Latin America provides new Latin American-centric scholarship, not only about surrealism’s impact on the region but also about the region’s impact on surrealism. It reconsiders the relation between art and anthropology, casts new light on the aesthetics of “primitivism,” and makes a strong case for Latin American artists and writers as the inheritors of a movement that effectively went underground after World War II. In so doing, it expands our understanding of important, fascinating figures who are less well known than their counterparts active in Europe and New York. Deriving from a conference held at the Getty Research Institute, the book is rich in new materials drawn from the GRI’s diverse Mexican and South American surrealist collections, which include the archives of Vicente Huidobro, Enrique Gómez-Correa, César Moro, Enrique Lihn, and Emilio Westphalen.

*Awaken the Inner Shaman* José Luis Stevens, Ph.D., 2014-03-01 Within you is a greater, wiser self that is not bound by your fears, worries, or perceived limitations. Dr. José Luis Stevens calls this the Inner Shaman—the part of you that connects directly to the true source of the universe. The shamans of every tradition know that the physical world we can see and touch is a mere shadow of the true spirit world, writes Dr. Stevens. With *Awaken the Inner Shaman*, he presents a direct and practical guide for opening our eyes to the greater wisdom and knowing within—and stepping into the power and responsibility we possess to shape and serve our world. In this rousing and provocative book, he invites readers to discover: What is the Inner Shaman? How an understanding of our deeper spiritual potential shows up in every mystical and scientific tradition. Seeing through the heart—why the heart offers us the most immediate path for accessing the Inner Shaman. Illuminating the Inner Shaman through spirituality, quantum physics, medical science, and experiential knowing. The Inner Shaman in action—how to stop living from the egoic mind and put your true essence in charge. Eight tools to strengthen your connection to the Inner Shaman, and much more. Humanity has become enthralled by the Siren’s song of technological progress, which has lured us away from the spiritual source that truly sustains us. In *Awaken the Inner Shaman*, Dr. José Stevens challenges us to reclaim our lost power to heal, see truly, and fulfill our purpose in life. As Dr. Stevens writes: The Inner Shaman, suppressed and ignored for centuries, can be discovered in the most obvious place possible—within your own heart.

**The Way of the Shaman** Michael Harner, 2011-07-26 This classic on shamanism pioneered the modern shamanic

renaissance. It is the foremost resource and reference on shamanism. Now, with a new introduction and a guide to current resources, anthropologist Michael Harner provides the definitive handbook on practical shamanism - what it is, where it came from, how you can participate. Wonderful, fascinating... Harner really knows what he's talking about. CARLOS CASTANEDA An intimate and practical guide to the art of shamanic healing and the technology of the sacred. Michael Harner is not just an anthropologist who has studied shamanism; he is an authentic white shaman. STANILAV GROF, author of 'The Adventure Of Self Discovery' Harner has impeccable credentials, both as an academic and as a practising shaman. Without doubt (since the recent death of Mircea Eliade) the world's leading authority on shamanism. NEVILL DRURY, author of 'The Elements of Shamanism' Michael Harner, Ph.D., has practised shamanism and shamanic healing for more than a quarter of a century. He is the founder and director of the Foundation for Shamanic Studies in Norwalk, Connecticut.

**Cape Horn and Other Stories from the End of the World** Francisco Coloane,1991 These stories, well translated from the Spanish, describe the severe beauty and cruelty of southern Chile--cold, inhospitable, full of craggy, treacherous channels--the end of the world. As in Jack London's stories, the environment forms a crucible in which man's true--or perhaps worst--nature is revealed: two stranded lighthouse keepers fight each other as their provisions run low ('The Hen Who Laid Eggs of Light.') The collection would be worth reading just for the spectacular scenery from the tip of the world, but Coloane is also a master storyteller, distilling the universal from the extreme.--Publishers Weekly Francisco Coloane has received rave reviews in Europe, where he is considered the greatest Latin American author.
