Dien Chan. Vietnamese Facial Multi-reflexology. Basic Practical Course Manual Truong Thi My Le,2018

Facial Reflexology - Dien Chan Zone Beatrice Moricoli and Vittorio Bergagnini,2016-11-24 "The key to health is on your face and in your hands" This book presents a self-care method unique in its genre, which offers extraordinary, sometimes amazing and often immediate results for all kinds of disharmony in the body. The method began life in 1980s Vietnam - like many important discoveries, a result of war and necessity - independent of resource availability. It was developed by a group of acupuncturists to put healing in the hands of the masses by replacing needles with equally effective blunt rounded tools. It is the most recent reflexology on the planet and has nothing to do with other oriental techniques related to the face. Today 'Dien Chan' is a popular and accepted method of healthcare in its home country and part of their official system. However, it is the work of two self declared Italian 'free-sprits', over the past twenty years, which has suitably translated the technique and advanced it to meet the needs of modern Westerners. No longer a painful stimulation of pre-defined points; it has evolved to a relaxing massage of zones and individual, personalised points. 'Dien Chan Zone' incorporates simplified principles and teachings of Traditional Chinese Medicine, protocols for allergies and intolerances, a unique Facial-Cranial reflexology and a beauty treatment to tone muscle and regulate skin function. It is the authors' overriding intention to facilitate learning and to make this method accessible to everyone. In this book they share full instructions for self-treatment which they know present a great frontier of freedom, and the medicine of the future. Contains 95 full colour maps Beatrice Moricoli, founder of S.I.R.F.A./A.I.R.F.I. in Milan, is the first female teacher of Dien Chan (Zone) in Italy, but for many years has practiced also as a therapist and teacher of Reiki, Shiatsu, Tui Na, Chinese Medicine and 'The Blowing Technique'. Vittorio Bergagnini, founder of S.I.R.F.A./A.I.R.F.I. in Milan, is a teacher of Dien Chan Zone as well as Tai Chi Chuan, Reiki, Foot Reflexology and Wung Chun.

Facial Reflexology Lone Sorensen Lopez,2008-01-01 The success and effectiveness of Facial Reflexology lies in its ability to identify the root cause of imbalances in health and its ability to stimulate a healing process within the individual. Devised by Lone Sorensen Lopez, this book has been devised to heal the individual on both the levels; physical and psychological. As the treatment is performed on face, there is increased blood circulation, lymphatic drainage and nerve stimulation that leads to improvement of health in all aspects along with glowing complexion. The content of this book is

based on author's clinical experience gained over the last decade. The text is enriched with self explanatory diagrams.

The book provides a step-by-step guide, providing practitioners with a structured format on how to gain the information they will need from their clients, how to interpret that information, how to plan treatment and what techniques they will need to use.

DIỆN CHẨN ABC Bùi Quốc Châu,2019-07-02 Năm 1992 trong một chuyến du lịch về Việt Nam nhân đám cưới một người bạn, tôi đã gặp GS. Bùi Quốc Châu. Là một nhà nhân loại học, tôi rất thích thú trước phương pháp y học của ông. Tôi đã nghe nói về Diện Chẩn - môn phản xạ học vùng mặt, tôi đã có dịp kiểm nghiệm hiệu quả của phương pháp điều trị này qua chính mình và vợ một người bạn. Cô ấy bị đau nửa đầu từ nhiều năm qua nhưng chỉ sau một lần duy nhất điều trị bằng Diện Chẩn, chứng đau đầu kinh niên của cô đã biến mất hoàn toàn. Tôi đã bị thuyết phục và quyết định tìm hiểu về phương pháp này.

The Complete Guide to Precision Reflexology Jan Williamson,2010 This text is appropriate for those practitioners already using this technique and for those who have yet to discover it. Precision Reflexology holds the same rationale as other forms of reflexology. It focuses on stimulating 'reflex points' on the feet to maintain good health. Precision work connects to a person energetically, responds to the needs of each individual and aims to maintain natural balance. It does not rely on physical pressure but, at the same time, it can be powerful and effective. It can be taught in its own right or it can be adapted to enhance other forms of reflexology in post-graduate training. It provides an added dimension to a treatment and reflects an Eastern approach to healthcare. This book offers a step-by-step guide, with illustrations and charts for its application.

Gua Sha Clive Witham,2015-09-01 This book explains the simple, non-invasive techniques of Gua sha, effective not only in maintaining your health but in preventing and helping to combat common ailments and illnesses.
