Innovation and Transition in Law: Experiences and Theoretical Settings Massimo Meccarelli, Claudia Roesler, Cristiano Paixão, 2021-02-04 This book features a discussion on the modernisation of law and legal change, focusing on the key concepts of innovation and transition. These concepts both appear to be relevant and poorly defined in contemporary legal science. A critical reflection on the heuristic value of these categories seems appropriate, particularly considering their dyadic value. While innovation is increasingly appearing in the present day as being the category in which one looks at the modernisation of law, the concept of transition also seems to be the privileged place of occurrence for such dynamics. This group of Italian and Brazilian scholars contributing to this volume intends to investigate such problems through an interdisciplinary prism. It includes points of view both internal to legal studies - such as the history of law, theory of law, constitutional law, private law and commercial law - and external, such as political philosophy and history of justice and political institutions.

AforiSmart. L'Amore e la Bellezza Anna Maria Onelli, 2020-11-10 Perché leggere questo libro? Perché parla di amore e di bellezza, due aspetti straordinari della nostra vita, che sfuggono ancora alla nostra comprensione. È un viaggio nei secoli per descrivere le molteplici facce dell'amore: l'amore idilliaco, l'amore agape, l'amore per se stessi, quello malato, o violento o abusante, fino a toccare la teoria dell'amore perfetto; lo fa rapportandosi ai miti del mondo classico greco-romano, ma anche alla vita di personaggi rappresentativi e famosi, come Enrico VIII, Wallis Simpson, Modigliani e Picasso. Attraverso le arti figurative, come la pittura, la scultura, il mosaico racconto quegli ideali di bellezza femminile che, dalle veneri voluminose e rotonde, amate dall'uomo primitivo, hanno attraversato e caratterizzato ogni secolo. Il libro si chiude raccontando la bellezza del terzo millennio, tra chirurgia estetica e botulino, suggerendo a ogni donna di "Non muovere mai l'anima senza il corpo, né il corpo senza l'anima..." come sosteneva Platone. Un libro rivolto a tutti per la sua immediatezza, con brani trasformati in pillole, da assumere appena si può, perché, leggere, accresce la nostra cultura, arricchisce le nostre conversazioni, giova all'intelletto e nutre l'anima.

Deleuze, Bergson, Merleau-Ponty Dorothea E. Olkowski, 2021-09-07 Deleuze, Bergson, Merleau-Ponty: The Logic and Pragmatics of Creation, Affective Life, and Perception offers the only full-length examination of the relationships between

Deleuze, Bergson and Merleau-Ponty. Henri Bergson (1859-1941), Maurice Merleau-Ponty (1908-1961), and Gilles Deleuze (1925-1995) succeeded one another as leading voices in French philosophy over a span of 136 years. Their relationship to one another's work involved far more than their overlapping lifetimes. Bergson became both the source of philosophical insight and a focus of criticism for Merleau-Ponty and Deleuze. Deleuze criticized Merleau-Ponty's phenomenology as well as his interest in cognitive and natural science. Author Dorothea Olkowski points out that each of these philosophers situated their thought in relation to their understandings of crucial developments and theories taken up in the history and philosophy of science, and this has been difficult for Continental philosophy to grasp. She articulates the differences between these philosophers with respect to their disparate approaches to the physical sciences and with how their views of science function in relation to their larger philosophical projects. In *Deleuze, Bergson, Merleau-Ponty*, Olkowski examines the critical areas of the structure of time and memory, the structure of consciousness, and the question of humans' relation to nature. She reveals that these philosophers are working from inside one another's ideas and are making strong claims about time, consciousness, reality, and their effects on humanity that converge and diverge. The result is a clearer picture of the intertwined workings of Continental philosophy and its fundamental engagement with the sciences.

The Royal Physician's Visit Per Olov Enquist, 2002-11-19 An international sensation, *The Royal Physician's Visit* magnificently recasts the dramatic era of Danish history when Johann Friedrich Struensee -- court physician to mad young King Christian -- stepped through an aperture in history and became the holder of absolute power in Denmark. His is a gripping tale of power, sex, love, and the life of the mind, and it is superbly rendered here by one of Sweden's most acclaimed writers. A charismatic German doctor and brilliant intellectual, Struensee used his influence to introduce hundreds of reforms in Denmark in the 1760s. He had a tender and erotic affair with Queen Caroline Mathilde, who was unsatisfied by her unstable, childlike husband. Yet Struensee lacked the subtlety of a skilled politician and the cunning to choose enemies wisely; these flaws proved fatal, and would eventually lead to his tragic demise.

Singing to the Lyre in Renaissance Italy Blake Wilson, 2019-11 A primary mode for the creation and dissemination of poetry in Renaissance Italy was the oral practice of singing and improvising verse to the accompaniment of a stringed instrument. *Singing to the Lyre* is the first comprehensive study of this ubiquitous practice, which was cultivated by performers ranging from popes, princes, and many artists, to professionals of both mercantile and humanist background. Common to all was a strong degree of mixed orality based on a synergy between writing and the oral operations of memory, improvisation, and performance. As a cultural practice deeply rooted in language and supported by ancient precedent, *cantare ad lyram* (singing to the lyre) is also a reflection of Renaissance cultural priorities, including the status of vernacular poetry, the study and practice of rhetoric, the oral foundations of humanist education, and the performative culture of the courts reflected in theatrical presentations and Castiglione's *Il cortegiano*--

Music in the Baroque Era - From Monteverdi to Bach Manfred F. Bukofzer, 2013-04-16 This vintage book contains a comprehensive treatise of Baroque music. It was written for the music student and music lover, with the aim of acquainting them with this great period of music history and helping them to gain a historical understanding of music without which baroque music cannot be fully appreciated and enjoyed. Written in simple, plain language and full of fascinating information about baroque music, this text will appeal to those interested in music but who have little previous knowledge of baroque, and it would make for a most worthy addition to collections of music-related literature. The chapters of this book include: 'Early Baroque in Italy'; 'The Beginnings of the Concertato Style: Gabrieli'; 'The Phases of Baroque Music'; 'Tradition and progress in Sacred Music'; 'The Netherlands School and Its English Background', et cetera. We are republishing this antiquarian volume now in an affordable, modern edition complete with a new prefatory biography of the author.

Titian Remade Maria H. Loh, 2007 This insightful volumes the use of imitation and the modern cult of originality through a consideration of the disparate fates of two Venetian painters - the canonised master Titian and his artistic heir, the little-known Padovanino.

Nomadland: Surviving America in the Twenty-First Century Jessica Bruder, 2017-09-19 The inspiration for Chloé Zhao's celebrated film starring Frances McDormand, winner of the Academy Awards for Best Picture, Best Director, and Best Actress March and April pick for the PBS Newshour-New York Times Now Read This Book Club New York Times bestseller People who thought the 2008 financial collapse was over a long time ago need to meet the people Jessica Bruder got to know in this scorching, beautifully written, vivid, disturbing (and occasionally wryly funny) book. —Rebecca Solnit From the beet fields of North Dakota to the National Forest campgrounds of California to Amazon's CamperForce program in Texas, employers have discovered a new, low-cost labor pool, made up largely of transient older Americans. Finding that social security comes up short, often underwater on mortgages, these invisible casualties of the Great Recession have taken to the road by the tens of thousands in late-model RVs, travel trailers, and vans, forming a growing community of nomads. On frequently traveled routes between seasonal jobs, Jessica Bruder meets people from all walks of life: a former professor, a McDonald's vice president, a minister, a college administrator, and a motorcycle cop, among many others—including her irrepressible protagonist, a onetime cocktail waitress, Home Depot clerk, and general contractor named Linda May. In a secondhand vehicle she christens "Van Halen," Bruder hits the road to get to know her subjects more intimately. Accompanying Linda May and others from campground toilet cleaning to warehouse product scanning to desert reunions, then moving on to the dangerous work of beet harvesting, Bruder tells a compelling, eye-opening tale of the dark underbelly of the American economy—one that foreshadows the precarious future that may await many more of us. At the same time, she celebrates the exceptional resilience and creativity of these quintessential Americans who have given up ordinary rootedness to survive. Like Linda May, who dreams of finding land on which to build her own sustainable "Earthship" home,

they have not given up hope.

The Silences of Hammerstein Hans Magnus Enzensberger, 2017 The Silences of Hammerstein, the latest work from one of Germany's most significant contemporary authors, engages readers with a blend of a documentary, collage, narration, and fictional interviews. The gripping plot revolves around the experiences of real-life German General Kurt von Hammerstein and his wife and children. A member of an old military family, a brilliant staff officer, and the last commander of the German army before Hitler seized power, Hammerstein, who died in 1943 before Hitler's defeat, was nevertheless an idiosyncratic character. Too old to be a resister, he retained an independence of mind that was shared by his children: three of his daughters joined the Communist Party, and two of his sons risked their lives in the July 1944 Plot against Hitler and were subsequently on the run till the end of the war. Hammerstein never criticized his children for their activities, and he maintained contacts with the Communists himself and foresaw the disastrous end of Hitler's dictatorship. In The Silences of Hammerstein, Hans Magnus Enzensberger offers a brilliant and unorthodox account of the military milieu whose acquiescence to Nazism consolidated Hitler's power and of the heroic few who refused to share in the spoils.

In Defence of the Republic Cicero, 2011-09-29 Cicero (106-43BC) was the most brilliant orator in Classical history. Even one of the men who authorized his assassination, the Emperor Octavian, admitted to his grandson that Cicero was: 'an

eloquent man, my boy, eloquent and a lover of his country'. This new selection of speeches illustrates Cicero's fierce loyalty to the Roman Republic, giving an overview of his oratory from early victories in the law courts to the height of his political career in the Senate. We see him sway the opinions of the mob and the most powerful men in Rome, in favour of Pompey the Great and against the conspirator Catiline, while *The Philippics*, considered his finest achievements, contain the thrilling invective delivered against his rival, Mark Antony, which eventually led to Cicero's death.

In Defiance of Painting Christine Poggi, 1992-01-01 The invention of collage by Picasso and Braque in 1912 proved to be a dramatic turning point in the development of Cubism and Futurism and ultimately one of the most significant innovations in twentieth-century art. Collage has traditionally been viewed as a new expression of modernism, one allied with modernism's search for purity of means, anti-illusionism, unity, and autonomy of form. This book - the first comprehensive study of collage and its relation to modernism - challenges this view. Christine Poggi argues that collage did not become a new language of modernism but a new language with which to critique modernism. She focuses on the ways Cubist collage - and the Futurist multimedia work that was inspired by it - undermined prevailing notions of material and stylistic unity, subverted the role of the frame and pictorial ground, and brought the languages of high and low culture into a new relationship of exchange.

Fictionalizing heterodoxy Folke Gernert, 2019-06-17 The information overload produced by the printing press and the new forms of the structuring of knowledge are echoed in fictional works. The essays assembled in this book study the textualization of problematic forms of knowledge in medieval and early modern Spanish literature. Literary Works like the *Libro buen amor*, *La Lozana Andaluza*, or the *Guzmán de Alfarache* are read against the backdrop of scientific developments of their times.

Titus Groan Mervyn Peake, 2007-06-26 First in the classic gothic trilogy. "A masterpiece . . . a moody, melancholy comedy with an underlying wit and profundity that cannot be denied." —*Speculiction* The basis for the 2000 BBC series *Now in development* by Showtime As the novel opens, Titus, heir to Lord Sepulchgrave, has just been born. He stands to inherit the miles of rambling stone and mortar that form Gormenghast Castle. Meanwhile, far away and in the kitchen, a servant named Steerpikie escapes his drudgework and begins an auspicious ascent to power. Inside of Gormenghast, all events are predetermined by complex rituals, the origins of which are lost in time. The castle is peopled by dark characters in half-lit corridors. Dreamlike and macabre, Peake's extraordinary novel is one of the most astonishing and fantastic works in modern fiction. Praise the *Gormenghast Trilogy* "Mervyn Peake is a finer poet than Edgar Allan Poe, and he is therefore able to maintain his world of fantasy brilliantly through three novels. It is a very, very great work." —Robertson Davies, *New York Times*-bestselling author "A sumptuous, poetic epic . . . considered by some to have an equal or even greater degree of importance to the development of modern fantasy as Tolkien's *The Lord of the Rings*." —SFF180 "Mervyn Peake's gothic

masterpiece, the Gormenghast trilogy, begins with the superlative Titus Groan, a darkly humorous, stunningly complex tale of the first two years in the life of the heir to an ancient, rambling castle . . . This true classic is a feast of words unlike anything else in the world of fantasy. Those who explore Gormenghast castle will be richly rewarded.” —SFF Book Reviews

The Boundaries of Europe Pietro Rossi,2015-04-24 Europe's boundaries have mainly been shaped by cultural, religious, and political conceptions rather than by geography. This volume of bilingual essays from renowned European scholars outlines the transformation of Europe's boundaries from the fall of the ancient world to the age of decolonization, or the end of the explicit endeavor to "Europeanize" the world.From the decline of the Roman Empire to the polycentrism of today's world, the essays span such aspects as the confrontation of Christian Europe with Islam and the changing role of the Mediterranean from "mare nostrum" to a frontier between nations. Scandinavia, eastern Europe and the Atlantic are also analyzed as boundaries in the context of exploration, migratory movements, cultural exchanges, and war. The Boundaries of Europe, edited by Pietro Rossi, is the first installment in the ALLEA book series Discourses on Intellectual Europe, which seeks to explore the question of an intrinsic or quintessential European identity in light of the rising skepticism towards Europe as an integrated cultural and intellectual region.

Ancient Marbles in Naples in the Eighteenth Century Eloisa Dodero,2019 In Ancient Marbles in Naples in the Eighteenth Century Eloisa Dodero aims at documenting the history of numerous private collections formed in Naples during the 18th century, with particular concern for the Neapolitan marbles and the circumstances of their dispersal. Research has thus made it possible to formulate a synthesis of the collecting dynamics of Naples in the 18th century, to define the interest of the great European collectors, especially British, in the antiquities of the city and its territory and to draw up a catalogue which for the first time brings together the nucleus of sculptures reported in the Neapolitan collections or coming from irregular excavations, most of which shared the destiny of dispersal, in some cases here traced in definitive fashion.

Seneca the Elder and His Rediscovered >Historiae ab initio bellorum civilium< Maria Chiara Scappaticcio, 2020-06-08 The refreshed insights into early-imperial Roman historiography this book offers are linked to a recent discovery. In the spring of 2014, the binders of the archive of Robert Marichal were dusted off by the ERC funded project PLATINUM (ERC-StG 2014 n°636983) in response to Tiziano Dorandi's recollections of a series of unpublished notes on Latin texts on papyrus. Among these was an in-progress edition of the Latin rolls from Herculaneum, together with Marichal's intuition that one of them had to be ascribed to a certain 'Annaeus Seneca'. PLATINUM followed the unpublished intuition by Robert Marichal as one path of investigation in its own research and work. Working on the Latin P.Herc. 1067 led to confirm Marichal's intuitions and to go beyond it: P.Herc. 1067 is the only extant direct witness to Seneca the Elder's *Historiae*. Bringing a new and important chapter of Latin literature arise out of a charred papyrus is significant. The present volume is made up of two complementary sections, each of which contains seven contributions. They are in close dialogue with each other, as looking at the same literary matter from several points of view yields undeniable advantages and represents an innovative and fruitful step in Latin literary criticism. These two sections express the two different but interlinked axes along which the contributions were developed. On one side, the focus is on the starting point of the debate, namely the discovery of the papyrus roll transmitting the *Historiae* of Seneca the Elder and how such a discovery can be integrated with prior knowledge about this historiographical work. On the other side, there is a broader view on early-imperial Roman historiography, to which the new perspectives opened by the rediscovery of Seneca the Elder's *Historiae* greatly contribute.
