Uncle Montague's Tales of Terror Chris Priestley,2010-10-01 This spine-tingling novel has more than enough fear factor for the most ardent fan of scary stories. Uncle Montague lives alone in a big house, but regular visits from his nephew, Edgar, give him the opportunity to recount some of the frightening stories he knows. As each tale unfolds, an eerie pattern emerges of young lives gone awry in the most terrifying of ways. Young Edgar begins to wonder just how Uncle Montague knows all these ghastly tales. This clever collection of stories-within-a-story is perfectly matched with darkly witty illustrations by David Roberts. Look for the other spine-tingling book in Chris Priestley's Tales of Terror series, Tales of Terror from the Black Ship!

A Pilgrim's Journey Joseph N. Tylanda,2009-09-03 Saint Ignatius of Loyola was a man who saw above and beyond his century, a man of vision and calm hope, who could step comfortably into our era and the Church of our time and show us how to draw closer to Christ. Ignatius' autobiography spans eighteen very important years of this saint's 65-year life...from his wounding at Pamplona (1521) through his conversion, his university studies and his journey to Rome in order to place his followers and himself at the disposal of the Pope. These critical years reveal the incredible transformation and spiritual growth in the soul of a great saint and the events that helped to bring about that change in his life. This classic work merits a long life. Apart from providing a splendid translation of the saint's original text, Father Tylanda has included an informative commentary which enables the modern reader to grasp various allusions in the text-and to gain a better view of a saintly man baring his soul.

Mission and Ecstasy Magnus Lundberg,2015 The author explores the relationship between contemplative and apostolic aspects of religious life in accounts by and about religious women in the Spanish Indies during the seventeenth and eighteenth centuries.

The Visions of Quevedo Francisco de Quevedo, 2019-12-17 In *The Visions of Quevedo*, Francisco de Quevedo presents a series of profound and satirical allegories that engage with the philosophical and ethical dilemmas of 17th-century Spain. Utilizing a unique blend of baroque language and dark humor, Quevedo delves into subjects like mortality, morality, and the human condition through vivid depictions of hellscapes and surreal visions. The work reflects the literary traditions of both Spanish Golden Age prose and the emerging genres of social criticism, revealing the tensions between religious fervor, human folly, and existential despair that characterized the era. A quintessential figure of the Spanish Golden Age, Francisco

de Quevedo was not only a poet and satirist but also a sharp social critic deeply immersed in the political intrigues of his time. His tumultuous life, marked by personal rivalries and a profound dissatisfaction with societal norms, undoubtedly informed the biting satire and rich symbolism evident in *The Visions of Quevedo*. The work emerges as a vehicle for his relentless critique of vanity and corruption, drawing upon his scholarly background in philosophy and theology. Readers interested in a compelling exploration of human vice and the metaphysical underpinnings of life will find *The Visions of Quevedo* an enlightening read. Quevedo's masterful style invites reflection while challenging moral complacency, making this work indispensable for anyone eager to grasp the complexities of the human experience through the lens of literary satire.

St. Basil was born into the wealthy family of Basil the Elder, a famous rhetor, and Emmelia of Caesarea. His parents were known for their piety, and his maternal grandfather was a Christian martyr, executed in the years prior to Constantine I's conversion. The principal theological writings of Basil are his *De Spiritu Sancto* (On the Holy Spirit), a lucid and edifying appeal to Scripture and early Christian tradition (to prove the divinity of the Holy Spirit), and his *Refutation of the Apology of the Impious*

The first three books of the Refutation are his work; the fourth and fifth books that are usually included do not belong to Basil, or to Apollinaris of Laodicea, but probably to Didymus the Blind of Alexandria.
