Timeline Michael Crichton, 2008-09-04 Sometimes, it seems like you can reach out and touch the past... An old man wearing a brown robe is found wandering disoriented in the Arizona desert. He is miles from any human habitation and has no memory of how he got to be there, or who he is. The only clue to his identity is the plan of a medieval monastery in his pocket. In France, Professor Edward Johnston and his students are studying the ruins of a medieval town. Suspicious of the knowledge of the site shown by their mysterious financier, he returns to the US to investigate. But in his absence, the students make a disturbing discovery in the ruins: the long-decayed remains of Johnston's glasses - and a message in modern English. The implications are staggering. The consequences are earth-shaking. And the distant past isn't so distant any more.

Increasingly considered an underappreciated classic that stands proudly alongside his more famous works like Jurassic Park and Westworld, Timeline confirms Michael Crichton as the king of the high-concept thriller, and a master storyteller to boot.

Rising Sun: A Novel Michael Crichton, 2012-05-14 #1 NEW YORK TIMES BESTSELLER • From the author of Jurassic Park, Timeline, and Sphere comes this riveting thriller of corporate intrigue and cutthroat competition between American and Japanese business interests. “As well built a thrill machine as a suspense novel can be.”—The New York Times Book Review On the forty-fifth floor of the Nakamoto tower in downtown Los Angeles—the new American headquarters of the immense Japanese conglomerate—a grand opening celebration is in full swing. On the forty-sixth floor, in an empty conference room, the corpse of a beautiful young woman is discovered. The investigation immediately becomes a headlong chase through a twisting maze of industrial intrigue, a no-holds-barred conflict in which control of a vital American technology is the fiercely coveted prize—and in which the Japanese saying “Business is war” takes on a terrifying reality. “A grand maze of plot twists . . . Crichton’s gift for spinning a timely yarn is going to be enough, once again, to serve a current tenant of the bestseller list with an eviction notice.”—New York Daily News “The action in Rising Sun unfolds at a breathless pace.”—Business Week

Silent Listener, The Lyn Yeowart, 2022-02 'The Silent Listener is simply unforgettable.' Sydney Morning Herald 'A tale of suspense and revenge, beautifully written.' The Age 'A deftly wrought suspense novel from a remarkable new literary talent . . . A book that should be atop of everyone's reading list.' J. P. Pomare, author of Call Me Evie A missing 9-year-old

girl... An old man murdered when he had only days to live... An 'accident' from long ago that no one talks about. Joy Henderson's family is drowning in fear, secrets and lies. Even as a child, she's aware of her father's two sides- much-loved pillar of the community in public, diabolical monster behind closed doors. Twenty years later, when Joy returns to the family's remote farm to care for him on his deathbed, she decides it's time that everyone knows the truth... With her sister Ruth whispering dark words of revenge, Joy sets about making sure that her father pays dearly for his past. But the best laid plans never unfold quite the way you expect them to... Set in rural Australia - where the weather, the isolation, and the secrets are extreme - *The Silent Listener* is a book that grips you from its opening sentence to its unforgettable ending. **** 'A book that should be atop of everyone's reading list. The prose is spectacular, and the characters so richly imagined. This is a novel about inherited violence and redemption packaged as a cracking psychological thriller.' J. P. Pomare, author of *Call Me Evie* 'Intense, intricate, emotionally devastating. This is proper Australian gothica.' Liam Pieper, author of *Sweetness and Light* 'Totally addictive.' Books+Publishing 'A cracking thriller with heart. It intrigues, it twists and turns, it deftly combines the muddy domestic details of life on a Victorian farm with a black, Gothic sensibility of lies and violence and the heartbreaking fantasy world of a young child.' Jane Sullivan 'Any book that keeps the reader up past midnight, gorging on words, has a lot going for it. *The Silent Listener* is just such a book; it's almost impossible to stop reading.' Canberra Times 'Steeped in atmosphere and with taut, intricate plotting, *The Silent Listener*, contrary to its title, had me audibly gasping throughout.' Benjamin Stevenson, author of *Either Side of Midnight*

The Accidental Time Machine Joe Haldeman, 2012-12-21 Grad-school dropout Matt Fuller is toiling as a lowly research assistant at MIT when, while measuring quantum relationships between gravity and light, his calibrator disappears - and reappears, one second later. In fact, every time Matt hits the reset button, the machine goes missing twelve times longer. After tinkering with the calibrator, Matt is convinced that what he has in his possession is a time machine. And by simply attaching a metal box to it, he learns to send things through time - including a pet-store turtle, which comes back no worse for wear. With a dead-end job and a girlfriend who left him for another man, Matt has nothing to lose by taking a time machine trip for himself. So he borrows an old car, stocks it with food and water, and ends up in the near future - under arrest for the murder of the car's original owner, who dropped dead after seeing Matt disappear before his eyes. The only way to beat the rap is to continue time travelling until he finds a place in time safe enough to stop for good. But such a place may not exist...

Sphere Michael Crichton, 2011-03-29 In the middle of the South Pacific, a thousand feet below the surface of the water, a huge vessel is discovered resting on the ocean floor. Rushed to the scene is a group of American scientists who descend

Household Gods Harry Turtledove, Judith Tarr, 2013-10-02 Nicole Gunther-Perrin is a modern young professional, proud of her legal skills but weary of childcare, of senior law partners who put the moves on her, and of her deadbeat ex-husband. Following a ghastly day of dealing with all three, she falls into bed asleep - and awakens the next morning to find herself in a different life, that of a widowed tavernkeeper in the Roman frontier town of Carnuntum around 170 A.D. Delighted at first to be away from corrupt, sexist modern America, she quickly begins to realise that her new world is as complicated as her old one. Violence, dirt, and pain are everywhere - and yet many of the people she comes to know are as happy as those she knew in twentieth-century Los Angeles. Slavery is a commonplace, gladiators kill for sport, and drunkenness is taken for granted - but everyday people somehow manage to face life with humour and good will. No quitter, Nicole manages to adapt to her new life despite endless worry about the fate of her children back in the twentieth century. Then plague sweeps through Carnuntum, followed by brutal war. Amid pain and loss on a level she had never imagined, Nicole finds reserves of strength she had never known.

The Andromeda Strain Michael Crichton, 2012-05-14 From the author of Jurassic Park, Timeline, and Sphere comes a captivating thriller about a deadly extraterrestrial microorganism, which threatens to annihilate human life. Five prominent biophysicists have warned the United States government that sterilization procedures for returning space probes may be inadequate to guarantee uncontaminated re-entry to the atmosphere. Two years later, a probe satellite falls to the earth and lands in a desolate region of northeastern Arizona. Nearby, in the town of Piedmont, bodies lie heaped and flung across the ground, faces locked in frozen surprise. What could cause such shock and fear? The terror has begun, and there is no telling where it will end.

Travels Michael Crichton, 2002-11-05 Often I feel I go to some distant region of the world to be reminded of who I really am. When Michael Crichton -- a Harvard-trained physician, bestselling novelist, and successful movie director -- began to feel isolated in his own life, he decided to widen his horizons. He tracked wild animals in the jungles of Rwanda. He climbed Kilimanjaro and Mayan pyramids. He trekked across a landslide in Pakistan. He swam amid sharks in Tahiti. Fueled by a powerful curiosity and the need to see, feel, and hear firsthand and close-up, Michael Crichton has experienced adventures as compelling as those he created in his books and films. These adventures -- both physical and spiritual -- are recorded here in Travels, Crichton's most astonishing and personal work.

their daily lives, often emphasizing extraordinary, surprising, and baffling events. This book examines the fascinating world of college and university legends. While it primarily looks at legends, it also gives some attention to rumors, pranks, rituals, and other forms of folklore. Included are introductory chapters on types of campus folklore, a collection of some 50 legends from a broad range of colleges and universities, an overview of scholarship, and a discussion of campus legends in movies, television, and popular culture. Since the earliest days of universities, students have told stories about their daily lives, often emphasizing extraordinary, surprising, and baffling events. Legends often dramatize certain hopes and fears, showing how stressful and exciting the college experience can be. From the stereotype of the absent minded professor to the adventures of spring break to the mysterious world of fraternities and sororities, campus legends have also become an important part of popular culture. This book provides a convenient, readable introduction to campus legends. While the volume focuses primarily on legends, it also explores rumors, pranks, rituals, and other related folklore types. The book begins with an overview of college and university folklore. This is followed by a discussion of particular types of legends and other folklore genres. The handbook then presents some 50 examples of college and university legends, including ghost stories, urban legends, food lore, drinking tales, murders and suicides, and many others. These examples are accompanied by brief comments. The book next surveys scholarship on campus folklore and discusses the place of college and university legends in films, television, literature, and popular culture. The volume cites numerous print and electronic resources.

Around Central Park carriages give way to motor cars, Prohibition to free love, but Homer and Langley adapt: their townhouse fills and empties and fills again, with servants, lodgers, tea-dancers and gangsters. They are mocked and spied on, embraced by hippies and besieged by bailiffs, but as the world turns ever more incomprehensible Homer and Langley hold fast to their principles of self-reliance, courage, kindness and love, and they endure.

Eifelheim Michael Flynn,2007-11-13 Publisher description for Eifelheim / Michael Flynn. In 1349, one small town in Germany disappeared and has never been resettled. Tom, a contemporary historian, and his theoretical physicist girlfriend Sharon, become interested. Tom indeed becomes obsessed. By all logic, the town should have survived, but it didn't and that violates everything Tom knows about history. What's was special about Eifelheim that it utterly disappeared more than 600 years ago? Father Deitrich is the village priest of Oberhochwald, the village that will soon gain the name of Teufelheim, in later years corrupted to Eifelheim, in the year 1348, when the Black Death is gathering strength across Europe but is still not nearby. Deitrich is an educated man, knows science and philosophy, and to his astonishment becomes the first contact between humanity and an alien race from a distant star when their interstellar ship crashes in the nearby forest. It is a time of wonders, in the shadow of the plague. Tom and Sharon, and Father Deitrich, have a strange and intertwined destiny of tragedy and triumph in this brilliant SF novel by the winner of the Robert A. Heinlein Award.
