**Dante: Horses of the Maury River Stables** Gigi Amateau, 2016-04-12 Handsome but headstrong, a retired racehorse finds a second chance in this affecting, fast-paced novel told straight from the horse's mouth. When Dante's Inferno is born early, on a February night, there are already great expectations for him. He may be the grandson of the greatest racehorse in modern times, but Dante's start proves a rough one, both in life and on the track. When Dante fails as a racehorse, he ends up at a Thoroughbred rescue facility run by rehabilitating prisoners before being adopted as a project horse at the Maury River Stables. It's not easy for Dante to make friends—horse or human—but slowly horses Daisy and Napoleon let him into

the fold, and a student named Ashley begins to work with him to learn dressage and jumping in hopes that he'll find redemption as an eventing horse. Can Dante put his fears aside and succeed on the cross-country course? Narrated from Dante's point of view, this is a story that animal lovers will cherish.

**Music, Mind and Education** Keith Swanwick,2003-09-02 Keith Swanwick explores the psychological and sociological dimensions of musical experience and the implications of these for children's development and music education in schools and colleges. Music is seen, with the other arts, as contributing to the growth of mind, with deep psychological roots in play. Swanwick examines the ways in which children make their own music, and confirms that there is an observable sequence of development. His insights into musical experience help to draw together and interpret fragmented psychological work that has been done in the field and make it possible to plan music education in schools, colleges and studios in a more purposeful way. His analysis of the nature of musical experience and music education has consequences both for curriculum development and the assessment of students' work, with special reference given to the National Curriculum and GCSE.
