The Bedroom Philosophers Marquis de Sade,2013-01-18 The Marquis de Sade's first book is an account of Eugenie's education by two libertines. The girl is finally so well-trained, she quite happily watches the rape of her own mother. Actually, the title is a comedy, and is generally considered de Sade's funniest work.

Sex and the Posthuman Condition M. Hauskeller,2014-08-20 This book looks at how sexuality is framed in enhancement scenarios and how descriptions of the resulting posthuman future are informed by mythological, historical and literary paradigms. It examines the glorious sex life we will allegedly enjoy due to greater control of our emotions, improved capacity for pleasure, and availability of sex robots.

Philosophy in the Boudoir Marquis de Sade,2014-05-30 Part unabashed erotica, part social discourse, 'Philosophy in the Bedroom' is undoubtedly one of the Marquis De Sade's most uncompromising works. This tale, told in the main in dialogue, recounts the education and the resulting moral decline of Eugenie, at the instruction of Madame de Saint-Ange and Le Chavalier De Mirval, and their friend and collaborator Dolmance. Humorous in its telling and raw in the depiction of its scenes, the work leads the reader to the essence of De Sade's Libertinage, from riotous revelry to potent anti-establishment prose, the laws of Nature and on to its unforgettable conclusion. 200 years ago, this author was shocking audiences and forcing the masses to confront something the upper echelons of society had long known; pleasure, in all its forms and devices, was everything.

The Return of Ethics and Spirituality in Global Development Mahmoud Masaeli,Rico Sneller,2020-06-02 The theory of modernization basically reduces the meaning of development to economic growth often measured by Growth Domestic Product of the country or overall purchase power parity of the nation. This approach ignores the variety of perspectives on development, hence excludes the role of culture, identity, and spirituality as social determinants of good development. More importantly, modernization theory which informs the mainstream view on development ignores the structural causes of underdevelopment, including colonial heritage or the current unbridled capitalism in many societies. Against reductionist views of development, fundamental questions are raised about the theory and programming of development. From what perspective is the conception of development perceived? Who should decide and depict development goals? What kind of development could result in desirable changes? Is it morally desirable to dictate an exclusively Western understanding of

development to others? Is there any link between development and a right of nations to self-determination? Who is morally accountable for global inequality or 'bad development'? The novelty of this book lies in its multidisciplinary approach in exploring the role of ethics and spirituality as the curing alternates for the gamut of ills which originate in global inequality. All authors are academics based in a variety of countries and specialize in questions concerning development and spirituality.

Justine Marquis De Sade,2021-11-11 *Justine* Marquis De Sade - *Justine* (or *The Misfortunes of Virtue*) is set just before the French Revolution in France and tells the story of a young woman who goes under the name of Therese. Her story is recounted to Madame de Lorsagne while defending herself for her crimes, en route to punishment and death. She explains the series of misfortunes which have led her to be in her present situation.

Gothic Tales of the Marquis de Sade Margaret Crosland,Marquis de Sade,2010-01-11 A collection of de Sade's stories utilizing gothic conventions and questioning sexual and societal mores The notorious author of pornographic novels and a sexual pervert who spent much of his life in prison and whose name was unmentionable in civilized circles, only in recent times has the Marquis come to be seen as misunderstood—essentially a moralist, his exploration of the so-called dark side of the human psyche remains as relevant to our society as it was to his own. This collection will provide an excellent introduction to Sade's fiction; these accessible stories range from the dramatic novella *Eugenie de Franval*, in which a father's criminal passion for his daughter leads to intrigue, abduction, and murder, to comic tales such as *The Husband Who Plays Priest*, concerning a lecherous monk who finds an ingenious way to combine clerical duties with secular pleasures. De Sade's gift as a humorist are much in evidence, as is his particular delight in unusual marital situations—which invariably lead to the most diverting conclusions.

Angela Carter and Surrealism Anna Watz,2016-07-15 In 1972, Angela Carter translated Xavière Gauthier's ground-breaking feminist critique of the surrealist movement, *Surréalisme et sexualité* (1971). Although the translation was never published, the project at once confirmed and consolidated Carter's previous interest in surrealism, representation, gender and desire and aided her formulation of a new surrealist-feminist aesthetic. Carter's sustained engagement with surrealist aesthetics and politics as well as surrealist scholarship aptly demonstrates what is at stake for feminism at the intersection of avant-garde aesthetics and the representation of women and female desire. Drawing on previously unexplored archival material, such as typescripts, journals, and letters, Anna Watz's study is the first to trace the full extent to which Carter's writing was influenced by the surrealist movement and its critical heritage. Watz's book is an important contribution to scholarship on Angela Carter as well as to contemporary feminist debates on surrealism, and will appeal to scholars across the fields of contemporary British fiction, feminism, and literary and visual surrealism.

The book explores the key political issues of power, democracy, and the legitimacy of wellbeing evidence in a range of settings - international, national and subnational/substate. The volume will appeal to wellbeing and politics scholars, as well as students and general readers with an interest in these new political agendas.

The Book of Tea Kakuzo Okakura, 2006 The Book of Tea is a brief but classic essay on tea drinking, its history, restorative powers, and rich connection to Japanese culture. Okakura felt that Teism was at the very center of Japanese life and helped shape everything from art, aesthetics, and an appreciation for the ephemeral to architecture, design, gardens, and painting. In tea could be found one source of what Okakura felt was Japan's and, by extension, Asia's unique power to influence the world. Containing both a history of tea in Japan and lucid, wide-ranging comments on the schools of tea, Zen, Taoism, flower arranging, and the tea ceremony and its tea-masters, this book is deservedly a timeless classic and will be of interest to anyone interested in the Japanese arts and ways. A Philosophical Exploration of the Humanities and Social Sciences Giorgio Baruchello, Ársæll Már Arnarsson, 2022-11-07 Humor has been praised by philosophers and poets as a balm to soothe the sorrows that outrageous fortune's slings and arrows cause inevitably, if not incessantly, to each and every one of us. In mundane life, having a sense of humor is seen not only as a positive trait of character, but as a social prerequisite, without which a person's career and mating prospects are severely diminished, if not annihilated. However, humor is much more than this, and so much else. In particular, humor can accompany cruelty, inform it, sustain it, and exemplify it. Therefore, in this book, we provide a comprehensive, reasoned exploration of the vast literature on the concepts of humor and cruelty, as these have been tackled in Western philosophy, humanities, and social sciences, especially psychology. Also, the apparent cacophony of extant interpretations of these two concepts is explained as the inevitable and even useful result of the polysemy inherent to all common-sense concepts, in line with the understanding of concepts developed by M. Polanyi in the 20th century. Thus, a thorough, nuanced grasp of their complex mutual relationship is established, and many platitudes affecting today's received views, and scholarship, are cast aside. Like Aristotle and Dewey, Arnarsson and Baruchello do not define their terms at the outset, but instead they relentlessly pursue the meanings of two ordinary words that everyone vaguely understands to arrive at a critical insight into the concepts these words represent, which are both disparate and interrelated. - Richard Marc Rubin, President, George Santayana Society

Disintegration: Bad Love, Collective Suicide, and the Idols of Imperial Twilight Mark P. Worrell, 2020-02-17 Together again for the first time, Marx and Durkheim join forces in the pages of *Disintegration: Bad Love, Collective Suicide, and the*

Idols of Imperial Twilight for a dialectical exploration of the moral economy of neoliberalism, animated, as it is not only by the capitalist chase for surplus value, but also by an immortal vortex of sacred powers. Classical sociology and psychoanalysis are reconstituted within Hegelian social ontology and dialectical method that differentiates between the ephemeral and free and the eternal and fixed aspects of modern life.

A History of Love and Hate in 21 Statues Peter Hughes,2021-10-12 Why is it easy to hate and difficult to love? When societies fracture into warring tribes, we demonise those who oppose us. We tear down our statues, forgetting that what begins with the destruction of statues, often leads to the killing of people. Blending history, philosophy and psychology, *A History of Love and Hate in 21 Statues* is a compelling exploration of identity and power. This remarkable book spans every continent, religion and era, through the creation and destruction of 21 statues from Hatshepsut and the Buddhas of Bamiyan to Mendelssohn, Edward Colston and Frederick Douglass.

Catalan Cinema Anton Pujol,Jaume Martí-Olivella,2024-03-26 Catalan Cinema offers a theoretical reading of the most relevant cinematic productions to emerge from Catalonia in the last twenty years. The essays in this collection examine cinema in relation to the Escola de Barcelona (The Barcelona School), a group of cinema directors that drew inspiration from British pop-art, Free Cinema, and the Nouvelle Vague to create works that defied and challenged the Franco dictatorship. Highlighting the aesthetic, social, and political elements of Catalan cinematography, contributors to this volume explore what young directors have in common with works created by more notable directors such as Joaquim Jordà, Jacinto Esteva, Jordi Grau, and Pere Portabella. Catalan Cinema focuses on the importance of modern production and its connection with the avant-garde and underground cinema from the Barcelona School. Establishing a cinematic genealogy, the volume ultimately questions if Catalan cinema's own push for self-expression may be interpreted as a connection to Catalonia's current drive for independence.

Scandinavian Blue Jack Stevenson,2015-09-02 This book traces the development of modern Scandinavian erotic cinema as it evolved in Denmark and Sweden, from the gentle Swedish naturalist films, starting with *One Summer of Happiness* in

the 50s, to the controversial groundbreakers like *I Am Curious (Yellow)* of the 60s and on through to the dawn of Liberated Denmark, where, in the early 70s, the abolition of censorship was celebrated in films like *24 Hours with Ilse* and the production of a number of other films that were blatantly pornographic. Also considered is the influence of these films on other countries, particularly the United States, where Scandinavian erotic cinema helped to set in motion the sexual revolution and contributed to the end of film censorship.

Philosophy of Love, Sex, and Marriage Raja Halwani,2010-05-26 How is love different from lust or infatuation? Do love and marriage really go together "like a horse and carriage"? Does sex have any necessary connection to either? And how important are love, sex, and marriage to a well-lived life? In this lively, lucid, and comprehensive textbook, Raja Halwani pursues the philosophical questions inherent in these three important aspects of human relationships, exploring the nature, uses, and ethics of romantic love, sexuality, and marriage. The book is structured in three parts: Love begins by examining how romantic love differs from other types of love, such as friendship and parental love. It asks which properties of love are essential, whether people have a choice in whom they love, and whether lovers have moral obligations to one another that differ from those they owe to others Sex demonstrates the difficulty in defining sex and the sexual, and examines what constitutes good and bad sex in terms of pleasure, 'naturalness', and moral permissibility. It offers theoretical and applied ethical approaches to a wide range of sexual phenomena Marriage traces the history of the institution, and describes the various forms in which marriage exists and the reasons why people marry. It also surveys accounts of why people should or should not marry, and introduces the main arguments for and against gay marriage. Features include: suggestions for further reading online eResource site with downloadable discussion questions a clear, jargon-free writing style.

The Independent Woman Simone de Beauvoir,Martine Reid,2023 When *The Second Sex* was first published in Paris in 1949--groundbreaking, risqué, brilliantly written and strikingly modern--it provoked both outrage and inspiration. *The Independent Woman* contains three key chapters of Beauvoir's masterwork, which illuminate the feminine condition and

identify practical social reforms for gender equality. It captures the essence of the spirited manifesto that switched on light bulbs in the heads of a generation of women and continues to exert profound influence on feminists today. --Amazon.com.
