## Neal Shusterman

**Unwholly** Neal Shusterman,2012-09-27 In a society where unwanted and troublesome teens are salvaged for their body parts, Connor, Risa and Lev continue to fight against the system that would 'unwind' them. Thanks to their high-profile revolt at the Happy Jack Harvest Camp, people can no longer turn a blind eye to unwinding. Ridding society of so-called troublesome teens might be convenient, but its morality has finally been brought into question and a new law passed. However, unwinding has become big business, and there are powerful political and corporate interests, not to mention the illegal 'Parts Pirates', that want to see it not only continue, but expand. Connor, Risa and Lev each struggle to rescue as many AWOL teens as possible and offer them sanctuary. But life at the Graveyard is hard, rivalries bubble under the surface and the cracks are beginning to show. And then there is Cam, a teen who does not exist. Made entirely out of parts from one hundred other 'unwinds', Cam is a 21st century Frankenstein, a rewind, struggling to find a true identity and meaning, and a place in society. But when a sadistic bounty hunter who takes trophies from all the 'unwinds' he captures starts to pursue Connor, Lev and Risa, Cam finds his own fate inextricably bound with theirs...

**UnSouled** Neal Shusterman,2014-10-14 After the destruction of the Graveyard, Connor and Lev are on the run, seeking a woman who may be the key to bringing down unwinding forever while Cam, the rewind boy, tries to prove his love for Risa by bringing Proactive Citizenry to its knees.

**The Unwinding of the Miracle** Julie Yip-Williams,2019-02-14 THE NEW YORK TIMES BESTSELLER 'Julie Yip-Williams conquered blindness and adversity only to be struck down. Her book is heartbreaking and necessary.' Guardian 'Eloquent, gutting and at times disarmingly funny ... a magnificent writer.' New York Times Born blind in Vietnam, Julie Yip-Williams narrowly escaped euthanasia at the hands of her grandmother, only to have to flee the political upheaval of the late 1970s with her family. Loaded into a rickety boat with three hundred other refugees, Julie made it to Hong Kong and, ultimately, America, where a surgeon gave her partial sight. Against all odds, she became a Harvard-educated lawyer, with a husband, a family, a life. Then, at the age of thirty-seven, with two little girls still at home, Julie was diagnosed with terminal metastatic colon cancer, and a different journey began. Growing out of a blog Julie kept for the last four years of her life, The Unwinding of the Miracle is the story of a vigorous life told through the prism of imminent death, of a life lived vividly and cut too short. With glorious humour, bracing honesty and the cleansing power of well-deployed anger, her story is inspiring and instructive,

delightful and shattering. More than just a tale about cancer, it's about truth and honesty, fear and pain, our dreams, our jealousies. And it's about how to say goodbye to your children and a life you love. Starting as a need to understand the disease, it has evolved into a powerful story about living - even as Julie put her affairs in order and prepared to die. 'A searing memoir ... I didn't know Julie, but in these pages I grew to love her.' Lucy Kalanithi

**UnBound** Neal Shusterman, 2015-12-15 A collection of stories about Connor, Risa, and Lev after they have destroyed the Proactive Citizenry and are, apparently, free to live in a peaceful future.

*UnDivided* Neal Shusterman, 2014-10-14 The fate of America hangs in the balance in the fourth and final book in the New York Times bestselling Unwind Dystology series by Neal Shusterman. Cam was only the start of Proactive Citizenry's plans for reformed teens. The corrupt company is planning to mass-produce reformed teen soldiers, and to keep their profitable plans from being interrupted, they've been suppressing technology that could make unwinding completely unnecessary. When Conner, Risa, and Lev uncover these startling secrets, enraged teens march on Washington to demand justice and a better future. But more trouble is brewing. Starkey's group of storked teens is growing more powerful and militant with each new recruit. And if they have their way, they'll burn the harvest camps to the ground and put every adult in them before a firing squad. Can the persecuted teens get the justice they deserve without dooming America to a divided and violent future?

**UnStrung** Neal Shusterman, 2012-08-15 How did Lev Calder move from an unwillingly escaped Tithe to a clapper? In this new ebook original short story, author Neal Shusterman opens a window on Lev's adventures between the time he left CyFi and when he showed up at the Graveyard. Lev's experiences on a Hi-Rez, an extraordinarily wealthy Native American Reservation introduce him to a teen with remarkable musical talent... and whose gifts are destined to end up in the hands of another. And it is this teen's heart-breaking story that inspired Lev to choose the clapper's path. Pulling elements from Neal Shusterman's critically acclaimed Unwind and giving hints about what is to come in the long-awaited sequel, UnWholly, this short story is a must for fans of the series. PRAISE FOR UNWIND: Gripping, brilliantly imagined futuristic thriller... The issues raised could not be more provocative - the sanctity of life, the meaning of being human - while the delivery could hardly be more engrossing or better aimed to teens. Publishers Weekly, starred review A thought-provoking, well-paced read that will appeal widely School Library Journal, starred review a powerful, shocking, and intelligent novel... It's wonderful, wonderful stuff. thebookbag.co.uk This is the kind of rare book that makes the hairs on your neck rise up. It is written with a sense of drama that should get it instantly snapped up for film. The Times

**Full Tilt** Neal Shusterman, 2012-02-21 Full of roller-coaster twists and turns, Neal Shusterman's page-turner is an Orpheus-like adventure into one boy's psyche. Sixteen-year-old Blake and his younger brother, Quinn, are exact opposites. Blake is the responsible member of the family. He constantly has to keep an eye on the fearless Quinn, whose thrill-seeking sometimes goes too far. But the stakes get higher when Blake has to chase Quinn into a bizarre phantom carnival that traps

its customers forever. In order to escape, Blake must survive seven deadly rides by dawn, each of which represents a deep, personal fear--from a carousel of stampeding animals to a hall of mirrors that changes people into their deformed reflections. Blake ultimately has to face up to a horrible secret from his own past to save himself and his brother--that is, if the carnival doesn't claim their souls first!

**Unwind** Neal Shusterman,2009-06-02 In a society where unwanted teens are salvaged for their body parts, three runaways fight the system that would unwind them Connor's parents want to be rid of him because he's a troublemaker. Risa has no parents and is being unwound to cut orphanage costs. Lev's unwinding has been planned since his birth, as part of his family's strict religion. Brought together by chance, and kept together by desperation, these three unlikely companions make a harrowing cross-country journey, knowing their lives hang in the balance. If they can survive until their eighteenth birthday, they can't be harmed -- but when every piece of them, from their hands to their hearts, are wanted by a world gone mad, eighteen seems far, far away. In *Unwind*, Boston Globe/Horn Book Award winner Neal Shusterman challenges readers' ideas about life -- not just where life begins, and where it ends, but what it truly means to be alive.

Future T/Issues Ruth Gehrman,2024-07-01 Transplant practices are discussed in the medical realm, in fictional texts and in popular advertisement. Yet how do these sectors intersect and influence each other? How can the accounts of surgeons invested in transplant practice be brought into conversation with fictional voices? Future T/Issues positions transplantation at the intersection of natural science and the humanities and adds to the discussion of organ transplantation by focusing on one specific aspect that is commonly overlooked: the idea of speculation. By engaging with speculative fiction in conversation with life writing, it contributes to a more thorough understanding of transplantation as a cultural practice, showcasing that transplantation is imagined as part of the future both within and beyond the literary sphere. Hereby, this book establishes the relationship between literary and medical narratives as reciprocal, in effect eroding boundaries between the life sciences and literary studies. As an interdisciplinary endeavor, this study contributes to literary studies, specifically to the fields of life writing, speculative fiction, and young adult fiction, it offers insights for the study of transplantation in the popular realm and adds to the medical humanities.

*Back from the Brink* Paul Halpern, Caroline Cakebread, Christopher C. Nicholls, Poonam Puri, 2016-06-16 As global markets toppled during the 2008 financial crisis, the Canadian market for non-bank asset-backed commercial paper (ABCP) seemed on the verge of collapsing. Fueled by a top rating from DBRS, ABCP had found its way into the portfolios of some of Canada's most sophisticated investors as well as vulnerable retail investors who didn't know what they were holding. The failure of the \$32 billion market could have tipped Canadian and foreign credit default swap markets into chaos if it weren't for the swift actions of a few powerful asset holders. Collectively, through the Montreal Accord and led by veteran Canadian lawyer Purdy Crawford, they managed to hold the Canadian ABCP market back from the brink of collapse by crafting a complex and innovative solution. *Back from the Brink* goes behind the scenes of the ABCP crisis to examine how a solution was reached and lessons learned that could prevent or mitigate future crises. The authors also examine the imaginative use of the Companies' Creditors Arrangement Act and describe the roles played by the banks, the major investors, rating agencies, and the financial regulators in the crisis's origins and conclusions. *Back from the Brink* holds important lessons for anyone interested in Canadian law, the future of complex investments, and Canada's capital markets.
