Gli stereotipi nella storia delle donne Katia Bernabeo,2020-01-22 La famiglia e la scuola hanno per lungo tempo plasmato una figura femminile dedita esclusivamente alle mansioni domestiche e alle cure familiari, escludendola dagli studi e da ogni tipo di incarico pubblico. Oggi però, grazie all'attenzione che le diverse istituzioni educative rivolgono al superamento degli stereotipi, è possibile analizzare la questione del 'genere' secondo un'ottica pedagogica, per proporre soluzioni che puntino a evitare il formarsi di luoghi comuni nei primi anni di infanzia. La ricerca di questo libro offre una indagine storiografica sulla nascita degli stereotipi, nonché le soluzioni che l'approccio pedagogico offre. La ricerca si conclude raccontando il progetto Fiocco bianco, che ha coinvolto educatrici, famiglie e bambini/e di 2-3 anni, con lo scopo di favorire condizioni in cui i più piccoli potessero esplorare e sviluppare abilità, gusti ed interessi, con la fiducia di crescere e superare il modello patriarcale, fonte primordiale delle disuguaglianze tra uomini e donne.

Ma quando il suo posto di lavoro come stagista comincia a starle stretto e da Milano le arriva un'importantissima proposta di lavoro da una multinazionale, Gin si ritrova ad un importante bivio della sua vita: l'amore o la realizzazione del suo sogno di diventare una manager di successo? Chiedimelo Ancora è un romanzo ispirato alle reali difficoltà che i giovani laureati affrontano tutti i giorni per affermarsi nel mondo del lavoro, dove la brama per la carriera spesso prende il sopravvento sulla ricerca della felicità e dell'amore. Beatrice Chierchiello è nata nel 1989 e vive a Roma; si è laureata nel 2015 con il massimo dei voti presso la facoltà di Scienze Politiche all'Università Federico II di Napoli. Attualmente lavora presso l'amministrazione di un sindacato. La fanfiction Chiara Massini,2019-06-10 Cinquanta sfumature di Grigio, fenomeno editoriale degli ultimi anni, è una fanfiction. Ma che cosa vuol dire questo termine, quando nasce e soprattutto perché? Partendo dal concetto di cultura partecipativa e di contenuto generato dagli utenti, l'autrice ha cercato di capire da cosa deriva il bisogno del fan di prendere a prestito trame e personaggi dai suoi media preferiti, per dare vita a storie nuove. Cioè perché preferisce ambientare le vicende di Harry Potter in un college americano piuttosto che in una scuola di magia. Quindi cosa spinge lettori o spettatori a voler dare il proprio contributo, piuttosto che rimanere nell'ombra e accettare passivamente una storia preconfezionata. Tra punti di forza e critiche, oggi la fanfiction è diventata un fenomeno di massa che sgomitava per farsi sentire.

History and the Triune God Jürgen Moltmann,1991 This new book takes forward Professor Moltmann's thought on the Trinity during the 1980s, following the publication of his classic study 'The Trinity and the Kingdom of God'. It begins with a survey of the doctrine of the Trinity today, which sees the main issues as being the social doctrine of the Trinity, gender and the Trinity, and the Trinity and the cross, and ends with a fascinating retrospect, 'my theological career'.

What Hell Is Not Alessandro D'Avenia,2019-01-24 From the bestselling Italian author comes a novel based on the true story of a priest who refused to surrender... The school year is finished, exams are over and summer stretches before seventeen-year-old Federico, full of promise and opportunity. But then he accepts a request from one of his teachers to help out at a youth club in the destitute Sicilian neighbourhood of Brancaccio. This narrow tangle of alleyways is controlled by local mafia thugs, but it is also the home of children like Francesco, Maria, Dario, Totò: children with none of Federico's privileges, but with a strength and vitality that changes his life forever. Written in intensely passionate and lyrical prose, *What Hell Is Not* is the phenomenal Italian bestseller about a man who brought light to one of the darkest corners of Sicily, and who refused to give up on the future of its children. Perfect for fans of Elena Ferrante and Roberto Saviano.

The Eden Express Mark Vonnegut,2011-01-04 The Eden Express describes from the inside Mark Vonnegut's experience in the late '60s and early '70s—a recent college grad; in love; living communally on a farm, with a famous and doting father, cherished dog, and prized jalopy—and then the nervous breakdowns in all their slow-motion intimacy, the taste of mortality and opportunity for humor they provided, and the grim despair they afforded as well. That he emerged to write this funny and true book and then moved on to find the meaningful life that for a while had seemed beyond reach is what ultimately happens in *The Eden Express*. But the real story here is that throughout his harrowing experience his sense of humor let him see the humanity of what he was going through, and his gift of language let him describe it in such a moving way that others could begin to imagine both its utter ordinariness as well as the madness we all share.

Acque Sorgive Salutari e Sacre in Etruria (Italiae Regio VII) Riccardo Chellini,2002 The medicinal and panaceist benefits of spring water have been known since ancient times and people have been bathing in and drinking from springs, lakes and watery caves for centuries. This volume presents a catalogue of such sites in the region of Etruria, dating from prehistory to the late Roman Imperial period. As well as describing 115 sites, or topographical units as Chellini labels them, he discusses overall trends in drinking, bathing, worshipping and leaving votive offerings at these sites based on the evidence he cites. The development of cults and belief systems associated with such sites, such as those linked to female fertility and lactation, and the veneration of divinities such as Apollo and Hercules, is emphasised. Italian text.

complex interior life of human beings' Guardian 'Not since William Boyd's Any Human Heart has a novel captured the feast and famine nature of a single life with such invention and tenderness' Financial Times 'There is a pleasing sense of having grappled with the real stuff of life: loss, grief, love, desire, pain, uncertainty, confusion, joy, despair - all while having fun' The Sunday Times 'Instantly immersive, playfully inventive, effortlessly wise' Observer 'Masterly: a cabinet of curiosities and delights, packed with small wonders' Ian McEwan 'A real masterpiece. A funny, touching, profound book that made me cry like a little girl on the last page' Leïla Slimani 'A remarkable accomplishment, a true gift to the world' Michael Cunningham 'Ardent, gripping, and inventive to the core' Jhumpa Lahiri Marco Carrera is 'the hummingbird,' a man with the almost supernatural ability to stay still as the world around him continues to change. As he navigates the challenges of life - confronting the death of his sister and the absence of his brother; taking care of his parents as they approach the end of their lives; raising his granddaughter when her mother, Marco's own child, can no longer be there for her; coming to terms with his love for the enigmatic Luisa - Marco Carrera comes to represent the quiet heroism that pervades so much of our everyday existence. A thrilling novel about the need to look to the future with hope and live with intensity to the very end. Sibling Relationships M. E. Lamb, B. Sutton-Smith, Brian Sutton-Smith, Michael E. Lamb, 2014-01-14 First published in 1982. Since the emergence of developmental psychology early this century, theorists and researchers have emphasized the family's role in shaping the child's emergent social style, personality, and cognitive competence. In so doing, however, psychologists have implicitly adopted a fairly idiosyncratic definition of the family— one that focuses almost exclusively on parents and mostly on mothers. The realization that most families contain two parents and at least two children has occurred slowly, and has brought with it recognition that children develop in the context of a diverse network of social relationships within which each person may affect every other both directly (through their interactions) and indirectly (i.e., through A's effect on B, who in turn influences C). The family is such a social network, itself embedded in a broader network of relations with neighbors, relatives, and social institutions. Within the family, relationships among siblings have received little attention until fairly recently. In this volume, the goal is to review the existing empirical and theoretical literature concerning the nature and importance of sibling relationships.

Morto e spacciato Charlaïne Harris, 2015-12-19T00:00:00+01:00 Sookie Stackhouse è ancora una volta nei guai: il suo misterioso bisnonno si è presentato alla sua porta con l'intenzione di conoscerla meglio e far finalmente parte della sua vita. Nella dimensione parallela degli esseri fatati lui è un importante uomo d'affari e ha parecchi nemici che ricorrerebbero a qualsiasi mezzo per farlo fuori. Quando il suo perfido antagonista scopre che il bisnonno ha una parente decide di farla rapire e torturare, con l'obiettivo di colpirlo e costringerlo a chiudere per sempre il portale per il passaggio dal mondo fatato a

quello degli umani.
