Reichswehr und Rote Armee 1920-1933 Manfred Zeidler,2016-04-11 Begründet vom Militärgeschichtlichen Forschungsamt, herausgegeben vom Zentrum für Militärgeschichte und Sozialwissenschaften der Bundeswehr.

Hitler's Soldiers Ben H. Shepherd,2016-01-01 A penetrating study of the German army's military campaigns, relations with the Nazi regime, and complicity in Nazi crimes across occupied Europe For decades after 1945, it was generally believed that the German army, professional and morally decent, had largely stood apart from the SS, Gestapo, and other corps of the Nazi machine. Ben Shepherd draws on a wealth of primary sources and recent scholarship to convey a much darker, more complex picture. For the first time, the German army is examined throughout the Second World War, across all combat theaters and occupied regions, and from multiple perspectives: its battle performance, social composition, relationship with the Nazi state, and involvement in war crimes and military occupation. This was a true people's army, drawn from across German society and reflecting that society as it existed under the Nazis. Without the army and its conquests abroad, Shepherd explains, the Nazi regime could not have perpetrated its crimes against Jews, prisoners of war, and civilians in occupied countries. The author examines how the army was complicit in these crimes and why some soldiers, units, and higher commands were more complicit than others. Shepherd also reveals the reasons for the army's early battlefield successes and its mounting defeats up to 1945, the latter due not only to Allied superiority and Hitler's mismanagement as commander-in-chief, but also to the failings--moral, political, economic, strategic, and operational--of the army's own leadership.

The Wehrmacht Wolfram Wette,2007-10-30 This book is a profound reexamination of the role of the German army, the Wehrmacht, in World War II. Until very recently, the standard story avowed that the ordinary German soldier in World War II was a good soldier, distinct from Hitler's rapacious SS troops, and not an accomplice to the massacres of civilians. Wolfram Wette, a preeminent German military historian, explodes the myth of a clean Wehrmacht with devastating clarity. This book reveals the Wehrmacht's long-standing prejudices against Jews, Slavs, and Bolsheviks, beliefs that predated the prophecies of

Mein Kampf and the paranoia of National Socialism. Though the sixteen-million-member German army is often portrayed as a victim of Nazi mania, we come to see that from 1941 to 1944 these soldiers were thoroughly involved in the horrific cleansing of Russia and Eastern Europe. Wette compellingly documents Germany's long-term preparation of its army for a race war deemed necessary to safeguard the country's future; World War II was merely the fulfillment of these plans, on a previously unimaginable scale. This sober indictment of millions of German soldiers reaches beyond the Wehrmacht's complicity to examine how German academics and ordinary citizens avoided confronting this difficult truth at war's end. Wette shows how atrocities against Jews and others were concealed and sanitized, and history rewritten. Only recently has the German public undertaken a reevaluation of this respected national institution--a painful but necessary process if we are to truly comprehend how the Holocaust was carried out and how we have come to understand it.

Soldiers of Barbarossa Craig W.H. Luther, David Stahel, 2020-11-15 The scope and scale of Operation Barbarossa—the German invasion of the Soviet Union—make it one of the pivotal events of the Second World War. Yet our understanding of both the military campaign as well as the “war of annihilation” conducted throughout the occupied territories depends overwhelmingly on “top-down” studies. The three million German soldiers who crossed the Soviet border and experienced this war are seldom the focus and are often entirely ignored. Who were these men and how did they see these events? Luther and Stahel, two of the leading experts on Operation Barbarossa, have reconstructed the 1941 campaign entirely through the letters (as well as a few diaries) of more than 200 German soldiers across all areas of the Eastern Front. It is an original perspective on the campaign, one of constant combat, desperate fear, bitter loss, and endless exertions. One learns the importance of comradeship and military training, but also reads the frightening racial and ideological justifications for the war and its violence, which at times lead to unrelenting cruelty and even mass murder. *Soldiers of Barbarossa* is a unique and sobering account of 1941, which includes hundreds of endnotes by Luther and Stahel providing critical context, corrections, and commentary.

German Military and the Weimar Republic Karen Schaefer, 2020-03-30 General Hans von Seeckt (1866-1936) was the military counterpart of the Weimar Republic, both attempted to restore Germany's international acceptance and security following defeat in World War I and the Treaty of Versailles of 1919. And the failure of both led eventually to the rise of Hitler and Nazi Germany. Hans von Seeckt was from the traditional German officer caste, served with distinction on the war and became Chief of the Army Command at the Reichwehr Ministry of the Weimar Republic and Germany's 'supreme soldier' and major military strategist. His role was to re-build the shattered German army in face of the punitive terms of post-war settlement imposed by the victorious Entente Powers which drastically reduced its strength and imposed crippling financial conditions. He aimed to build a modern and efficient military - a new German army - with a main strategy of peaceful defence purposes, and to re-introduce Germany into the community of nations. This original and far-sighted policy was opposed by

the movement seeking revenge for defeat - a 'stab in the back' - led principally by his rival, General Erich Ludendorff, whose aim was re-build the once-mighty German imperial army as a major international force. The failure of von Seeckt's experiment was mirrored by the fall of the Weimar Republic, and the rise of Hitler and Nazi Germany.

Vergewaltigung und sexualisierte Kriegsgewalt im Zweiten Weltkrieg. Sowjetische Soldaten und deutsche Frauen Wiebke Brünger, 2022-09-08 Bachelorarbeit aus dem Jahr 2020 im Fachbereich Geschichte Deutschlands - Nationalsozialismus, Zweiter Weltkrieg, Note: 1.0, Universität Rostock (Historisches Institut), Sprache: Deutsch, Abstract: Ziel dieser Arbeit ist es, Theorien und Erklärungsansätze der Forschung zur sexuellen Gewalt in Kriegszeiten und die sexuellen Gewalttaten der sowjetischen Soldaten an der deutschen Zivilbevölkerung zu verknüpfen. Ziel dieser Arbeit ist es nicht, die Verbrechen, die die deutsche Zivilbevölkerung am Ende des Zweiten Weltkrieges erlebt hat, gegen die zahlreichen begangenen Verbrechen vom nationalsozialistischen Deutschland aufzuwiegen. Vielmehr soll mit dieser Arbeit die Aufmerksamkeit auf ein wenig erforschtes Thema - das der sexuellen Gewalt im Zweiten Weltkrieg - gelegt werden. Vergewaltigungen galten lange als eine bedauerliche Randerscheinung von Kriegen. Es steht jedoch fest, dass während des gesamten zweiten Weltkriegs Vergewaltigungen von Frauen durch Soldaten aller am Krieg teilnehmenden Länder stattfanden: Im japanisch besetzten Korea wurden zwischen 100.000 und 200.000 koreanische Frauen durch Angehörige der japanischen Besatzungsarmee vergewaltigt. Die deutsche Wehrmacht betrieb Zwangsbordelle in den besetzten Ostgebieten, so zum Beispiel in Smolensk, wo sowjetische Frauen zwangsprostituiert wurden. Und auch in Deutschland kam es zu massenhaften Vergewaltigungen durch Soldaten aller vier Besatzungsmächte. Vergewaltigungen scheinen demnach nicht nur eine Randerscheinung von Kriegen zu sein. Im Zweiten Weltkrieg wurden mehr Frauen vergewaltigt als in allen kriegerischen Konflikten der Geschichte zuvor. Vor allem in Osteuropa, wo besonders erbittert gekämpft wurde, ereigneten sich eine extrem hohe Anzahl von sexualisierten Gewaltdelikten. Im Besonderen betroffen waren aber die Teile Schlesiens und Ostpreußens, in denen die sowjetische Armee erstmals deutschen Boden betrat. Während des gesamten Vormarsches der sowjetischen Armee wurden Frauen unterschiedlichster Nationen vergewaltigt. Eine einfache Erklärung für die starke Zunahme sexueller Gewalttaten und Vergewaltigungen in der Endphase des Zweiten Weltkrieges und der Nachkriegszeit gibt es nicht.

Die Rote Armee in Österreich Stefan Karner, 2005

Germany and the Second World War Horst Boog, Werner Rahn, Reinhard Stumpf, Bernd Wegner, 2001-09-13 This is the sixth volume in the comprehensive and authoritative series, Germany and the Second World War. It deals with the extension of a European into a global war in the period from 1941 to 1943. It focuses on the politics, strategy, and operations of the belligerent powers as Germany lost the initiative to the Allies, and it represents, both in content and in composition, the climax and turning points of the war. Series description This is the sixth in the magisterial ten-volume Germany and the Second World War series. The six volumes so far published in German take the story to 1943, and have achieved

international acclaim as a major contribution to historical study. Under the auspices of the Militärgeschichtliches Forschungsamt [Research Institute for Military History], a team of renowned historians has combined a full synthesis of existing material with the latest research to produce what will be the definitive history of the Second World War from the German point of view. The comprehensive analysis, based on detailed scholarly research, is underpinned by a full apparatus of maps, diagrams, and tables. Intensively researched and documented, Germany and the Second World War is an undertaking of unparalleled scope and authority. It will prove indispensable to all historians of the twentieth century.

Stalin's Ocean-going Fleet: Soviet Jurgen Rohwer,2017-07-05 In this work, two senior naval historians analyze the discussions held in leading Soviet political, military, and naval circles concerning naval strategy and the decisions taken for warship-building programmes. They describe the reconstitution of the fleet under difficult conditions from the end of the Civil War up to the mid-1920s, leading to a change from classical naval strategy to a Jeune école model in the first two Five-Year Plans, including efforts to obtain foreign assistance in the design of warships and submarines. Their aim is to explain the reasons for the sudden change in 1935 to begin building a big ocean-going fleet. After a period of co-operation with Germany from 1939-41, the plans came to a halt when Hitler attacked the Soviet Union in 1941. Finally, this work covers the reopening of the naval planning processes in 1944 and 1945 and the discussions of the naval leadership with Stalin, the party and government officials about the direction of the new building programmes as the Cold War began.

Hitler: Downfall Volker Ullrich,2020-09-01 A riveting account of the dictator's final years, when he got the war he wanted but led his nation, the world, and himself to catastrophe—from the author of *Hitler: Ascent* “Skillfully conceived and utterly engrossing.” —The New York Times Book Review In the summer of 1939, Hitler was at the zenith of his power. Having consolidated political control in Germany, he was at the helm of a newly restored major world power, and now perfectly positioned to realize his lifelong ambition: to help the German people flourish and to exterminate those who stood in the way. Beginning a war allowed Hitler to take his ideological obsessions to unthinkable extremes, including the mass genocide of millions, which was conducted not only with the aid of the SS, but with the full knowledge of German leadership. Yet despite a series of stunning initial triumphs, Hitler's fateful decision to invade the Soviet Union in 1941 turned the tide of the war in favor of the Allies. Now, Volker Ullrich, author of *Hitler: Ascent 1889-1939*, offers fascinating new insight into Hitler's character and personality. He vividly portrays the insecurity, obsession with minutiae, and narcissistic penchant for gambling that led Hitler to overrule his subordinates and then blame them for his failures. When he ultimately realized the war was not winnable, Hitler embarked on the annihilation of Germany itself in order to punish the people who he believed had failed to hand him victory. A masterful and riveting account of a spectacular downfall, Ullrich's rendering of Hitler's final years is an essential addition to our understanding of the dictator and the course of the Second World War.

Germany and the Second World War Ralf Blank,Jörg Echternkamp,Karola Fings,Jürgen Förster,Winfried

Heinemann,Tobias Jersak,Armin Nolzen,Christoph Rass,2008-07-03 The Second World War affected the lives and shaped the experience of millions of individuals in Germany - soldiers at the front, women, children and the elderly sheltering in cellars, slave labourers toiling in factories, and concentration-camp prisoners and POWs clearing rubble in the Reich's devastated cities. Taking a 'history from below' approach, the volume examines how the minds and behaviour of individuals were moulded by the Party as the Reich took the road to Total War. The ever-increasing numbers of German workers conscripted into the Wehrmacht were replaced with forced foreign workers and slave labourers and concentration camp prisoners. The interaction in everyday life between German civilian society and these coerced groups is explored, as is that society's relationship to the Holocaust. From early 1943, the war on the home front was increasingly dominated by attack from the air. The role of the Party, administration, police, and courts in providing for the vast numbers of those rendered homeless, in bolstering civilian morale with 'miracle revenge weapons' propaganda, and in maintaining order in a society in disintegration is reviewed in detail. For society in uniform, the war in the east was one of ideology and annihilation, with intensified indoctrination of the troops after Stalingrad. The social profile of this army is analysed through study of a typical infantry division. The volume concludes with an account of the various forms of resistance to Hitler's regime, in society and the military, culminating in the failed attempt on his life in July 1944.

Nazi Propaganda and the Second World War A. Kallis,2005-12-16 This book analyzes the factors that determined the organization, conduct and output of Nazi propaganda during World War II, in an attempt to re-assess previously inflated perceptions about the influence of Nazi propaganda and the role of the regime's propagandists in the outcome of the 1939-45 military conflict.

Zeitgeschichte wird gemacht Andrea Kolpatzik,2016-12-13 „Wo waren Sie, als die Mauer fiel? Dieser Aufruf des Internet-Zeitgeschichteportals Einestages von Spiegel Online zeigt exemplarisch, dass erstens Zeitzeugen die Geschichtsschreibung der Gegenwart dominieren und zweitens die Mediengesellschaft des 21. Jahrhunderts auf die „suggestive Kraft der Zeitzeugenschilderung setzt. An Beispielen von FAZ, Spiegel Online und ZDF geht die vorliegende Studie dem von Zeitzeugen beherrschten Modus der Geschichtsschreibung empirisch nach. Folgende Fragen stehen dabei im Mittelpunkt: • Wie konstruieren geschichtskulturelle Leitmedien im Zeitalter von Web 2.0 breit anschlussfähigen Sinn? • Welche „Geschichtsbilder werden von geschichtskulturellen Leitmedien im Web 2.0 aus welchem Grund konstruiert? • Wer schreibt in der Mediengesellschaft des 21. Jahrhunderts „Geschichte, wenn im Web 2.0 nun auch die Nutzer neben geschichtskulturellen Medieninstitutionen und Professionen aktiv an massenmedialen Sinnbildungsprozessen partizipieren dürfen? Die Analyse konzentriert sich jedoch nicht nur auf Medieninhalte, sondern bietet auch Einblicke in deren medienspezifische Produktions- und Aneignungsprozesse.

Die Integration der Heimatvertriebenen und Flüchtlinge nach dem 2. Weltkrieg in Deutschland ,2024-07-10

Facharbeit (Schule) aus dem Jahr 2022 im Fachbereich Geschichte - Europa, Note: 1,3, Studienseminar III für Gymnasien in Frankfurt (Gymnasium nahe Frankfurt), Sprache: Deutsch, Abstract: Die Seminararbeit untersucht die Integration der Heimatvertriebenen in Deutschland nach dem Zweiten Weltkrieg. Dabei wird der Fokus auf die sozialen, wirtschaftlichen und politischen Herausforderungen gelegt, denen sich die rund 12 Millionen Vertriebenen aus den ehemaligen deutschen Ostgebieten gegenüber sahen. Es werden die Maßnahmen und Strategien der deutschen Regierung zur Unterstützung und Eingliederung dieser Bevölkerungsgruppe analysiert sowie deren langfristige Auswirkungen auf die deutsche Gesellschaft. Die Arbeit beleuchtet zudem die regionalen Unterschiede im Integrationsprozess und zieht Parallelen zu aktuellen Migrationsbewegungen.

The Myth and Reality of German Warfare Gerhard P. Gross, 2016-09-16 Surrounded by potential adversaries, nineteenth-century Prussia and twentieth-century Germany faced the formidable prospect of multifront wars and wars of attrition. To counteract these threats, generations of general staff officers were educated in operational thinking, the main tenets of which were extremely influential on military planning across the globe and were adopted by American and Soviet armies. In the twentieth century, Germany's art of warfare dominated military theory and practice, creating a myth of German operational brilliance that lingers today, despite the nation's crushing defeats in two world wars. In this seminal study, Gerhard P. Gross provides a comprehensive examination of the development and failure of German operational thinking over a period of more than a century. He analyzes the strengths and weaknesses of five different armies, from the mid-nineteenth century through the early days of NATO. He also offers fresh interpretations of towering figures of German military history, including Moltke the Elder, Alfred von Schlieffen, and Erich Ludendorff. Essential reading for military historians and strategists, this innovative work dismantles cherished myths and offers new insights into Germany's failed attempts to become a global power through military means.

Vom Experiment zur Neuorientierung Ana Maria Bernardo, Fernanda Mota Alves, Ana Margarida Abrantes, 2017-02-10 Angesichts sich schnell wandelnder Zusammenhänge in Gesellschaft, Studium und Forschung stellt sich die Frage nach der Legitimierung der Germanistik immer wieder neu. Aus einer grenzenlosen und multimedialen Realität ergeben sich neue Wissensfragen, die eine Überschreitung von disziplinären Grenzen verlangen. Diese Herausforderungen sind gleichzeitig Chancen zur Neuorientierung. Die Beiträge in diesem Band verweisen auf einen Generationswechsel in der Germanistik und bezeugen gleichzeitig die thematischen und disziplinären Möglichkeiten, die das Fach in seiner Aktualität und Relevanz weiterhin bestätigen. Dabei stehen Ansätze und Konzepte wie ‚Animal Studies‘, ‚Transmedialität‘ oder ‚Countersurveillance Studies‘ sowie hermeneutische und statistische Verfahren in der Literaturwissenschaft im Mittelpunkt der Betrachtungen.

The First Soldier Stephen G. Fritz, 2018-11-13 "An expert account of Nazi war strategy that concludes that Hitler was not without military talent." (Kirkus Reviews) After Germany's humiliating World War II defeat, numerous German generals

published memoirs claiming that their country's brilliant military leadership had been undermined by the Führer's erratic decision making. The author of three highly acclaimed books on the era, Stephen Fritz upends this characterization of Hitler as an ill-informed fantasist and demonstrates the ways in which his strategy was coherent and even competent. That Hitler saw World War II as the only way to retrieve Germany's fortunes and build an expansionist Thousand-Year Reich is uncontroversial. But while his generals did sometimes object to Hitler's tactics and operational direction, they often made the same errors in judgment and were in agreement regarding larger strategic and political goals. A necessary volume for understanding the influence of World War I on Hitler's thinking, this work is also an eye-opening reappraisal of major events like the invasion of Russia and the battle for Normandy. "Perhaps the best account we have to date of Hitler's military leadership. It shows a scrupulous and imaginative historian at work and will cement Fritz's reputation as one of the leading historians of the military conflicts generated by Hitler's Germany." —Richard Overy, author of *The Bombing War* "Original, insightful and authoritative." —David Stahel, author of *The Battle for Moscow*

Rote Armee 2 Weltkrieg Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Rote Armee 2 Weltkrieg**," written by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we will delve in to the book is central themes, evaluate its unique writing style, and assess its overall influence on its readership.

Rote Armee 2 Weltkrieg Introduction

Rote Armee 2 Weltkrieg Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Rote Armee 2 Weltkrieg Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Rote Armee 2 Weltkrieg : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Rote Armee 2 Weltkrieg : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Rote Armee 2 Weltkrieg Offers a diverse range of free eBooks across various genres. Rote Armee 2 Weltkrieg Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Rote Armee 2 Weltkrieg Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Rote Armee 2 Weltkrieg, especially related to Rote Armee 2 Weltkrieg, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online

Searches: Look for websites, forums, or blogs dedicated to Rote Armee 2 Weltkrieg, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Rote Armee 2 Weltkrieg books or magazines might include. Look for these in online stores or libraries.

Remember that while Rote Armee 2 Weltkrieg, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Rote Armee 2 Weltkrieg eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Rote Armee 2 Weltkrieg full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Rote Armee 2 Weltkrieg eBooks, including some popular titles.

FAQs About Rote Armee 2 Weltkrieg Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different

platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Rote Armee 2 Weltkrieg is one of the best book in our library for free trial. We provide copy of Rote Armee 2 Weltkrieg in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Rote Armee 2 Weltkrieg. Where to download Rote Armee 2 Weltkrieg online for free? Are you looking for Rote Armee 2 Weltkrieg PDF? This is definitely going to save you time and cash in something you should think about.
