Wayne Dyer

The Power of Intention Dr. Wayne W. Dyer, 2010-10-01 "Intention is a force in the universe, and everything and everyone is connected to this invisible force." Dr. Wayne W. Dyer has researched intention as a force in the universe that allows the act of creation to take place. This beautiful edition of Wayne's international bestseller explores intention—not as something we do—but as an energy we're a part of. We're all intended here through the invisible power of intention—a magnificent field of energy we can access to begin co-creating our lives! Part I deals with the principles of intention, offering true stories and examples showing how to make the connection. Wayne identifies the attributes of the all-creating universal mind of intention as kind, loving, beautiful, expanding, endlessly abundant, and receptive, emphasizing the importance of emulating this source of creativity. In Part II, he offers an intention guide with specific ways to apply the co-creating principles in daily life. Part III is an exhilarating description of Wayne's vision of an individual connected at all times to the universal mind of intention.

The Essential Wayne Dyer Collection Dr. Wayne W. Dyer, 2013-09-24 The #1 New York Times best-selling author Wayne Dyer has been inspiring people to change their lives for many years. Now three of his most fascinating books are collected in this single volume: • *The Power of Intention* details Wayne's research on intention as a force in the universe that allows the act of creation to take place. He explains that it is not something we do, but rather an energy we're a part of. This is the first book to look at intention as a field of energy that we can access to begin co-creating our lives. • *Inspiration* dissects feelings of emptiness, the idea that there must be something more, and trying to determine the meaning of life . . . all evidence of a yearning to reconnect with our soul space. This book explains how we've chosen to enter this world of particles and form, and each chapter is filled with specifics for living an inspired life. From a very personal viewpoint, Wayne offers a blueprint through the world of Spirit to inspiration, our ultimate calling. • *Excuses Begone!* reveals how to change the self-defeating thinking patterns that have prevented us from living at the highest levels of success, happiness, and health.

Wayne presents many of the conscious and subconscious crutches most of us employ, along with ways to cast them aside once and for all. The old, habituated ways of thinking will melt away as the absurdity of hanging on to them is exposed, and we ultimately come to realize that there are no excuses worth defending—ever. The Essential Wayne Dyer Collection is a must-read for those wanting to explore the power and potential of the human mind, as well as anyone who is finally ready to live the best life possible!

The Power of a Positive No William Ury, 2007-02-27 A practical three-step method for saying no in any situation—without losing the deal or the relationship, from the author of *Possible* and *Getting Past No* “In this wonderful book, William Ury teaches us how to say No—with grace and effect—so that we might create an even better Yes.”—Jim Collins, author of *Good to Great* In *The Power of a Positive No*, William Ury of Harvard Law School’s Program on Negotiation teaches you how to take the next step toward getting what you want. It all begins with the most powerful and perhaps most important word in any situation: No. But saying the wrong kind of No can destroy what we value and alienate others. That’s why saying No the right way—to people at work, at home, and in our communities—is crucial. You’ll learn how to:

- Assert your own interests while respecting the other side’s
- Use power effectively
- Defuse the other side’s attack, manipulation, and guilt tactics
- Reduce stress and anxiety
- Develop healthier relationships
- Stand up for yourself without stepping on the other person’s toes

In today’s world of high stress and limitless choices, the pressure to give in and say Yes grows greater every day, producing overload and overwork, expanding e-mail and eroding ethics. Never has No been more needed. And with *The Power of a Positive No*, we can learn how to use No to profoundly transform our lives by enabling us to say Yes to what counts—our own needs, values, and priorities.

Everything that now exists was once imagined. And everything that will ever exist must first be imagined. *Wishes Fulfilled* is designed to take you on a voyage of discovery, wherein you can begin to tap into the amazing manifesting powers that you possess within you and create a life in which all that you imagine for yourself becomes a present fact. From the lofty perspective of your highest self, you will learn how to train your imagination in a new way. Your wishes —all of them —can indeed be fulfilled. By using your imagination and practicing the art of assuming the feeling of your wishes being fulfilled, and steadfastly refusing to allow any evidence of the outer world to distract you from your intentions, you will discover that you, by virtue of your spiritual awareness, possess the ability to become the person you were destined to be. The Art of Racing in the Rain Garth Stein,2014-09-16 The New York Times bestselling novel from Garth Stein—a heart-wrenching but deeply funny and ultimately uplifting story of a dog’s efforts to hold together his family in the face of a divisive custody battle. Enzo knows he is different from other dogs: a philosopher with a nearly human soul (and an obsession with opposable thumbs), he has educated himself by watching television extensively, and by listening very closely to the words of his master, Denny Swift, an up-and-coming race car driver. Through Denny, Enzo has gained tremendous insight into the human condition, and he sees that life, like racing, isn't simply about going fast. Using the techniques needed on the race track, one can successfully navigate all of life's ordeals. On the eve of his death, Enzo takes stock of his life, recalling all that he and his family have been through: the sacrifices Denny has made to succeed professionally; the unexpected loss of Eve, Denny's wife; the three-year battle over their daughter, Zoë, whose maternal grandparents pulled every string to gain custody. In the end, despite what he sees as his own limitations, Enzo comes through heroically to preserve the Swift family, holding in his heart the dream that Denny will become a racing champion with Zoë at his side. Having learned what it takes to be a compassionate and successful person, the wise canine can barely wait until his next lifetime, when he is sure he will return as a man.

Dyer,2014-06-16 In 2001, Dr. Wayne Dyer wrote a book called *10 Secrets for Success and Inner Peace*, based on the most important principles he wanted his children to live by. Serena Dyer, one of those children, has contemplated these ideas throughout her life. Don't die with your music still in you has been the most important principle for Serena: to her, it means that you don't allow yourself to live any life other than the one you were born to live. She shares stories, struggles, and triumphs—and Wayne, in turn, contributes his own perspective. This unique father-daughter collaboration will warm the hearts of all parents . . . and inspire anyone who is looking to find the music inside themselves.

Daodejing Laozi,2008-09-11 'Of ways you may speak, but not the Perennial Way; By names you may name, but not the Perennial Name.' The best-loved of all the classical books of China and the most universally popular, the *Daodejing* or *Classic of the Way and Life-Force* is a work that defies definition. It encapsulates the main tenets of Daoism, and upholds a way of being as well as a philosophy and a religion. The dominant image is of the Way, the mysterious path through the whole cosmos modelled on the great Silver River or Milky Way that traverses the heavens. A life-giving stream, the Way gives rise to all things and holds them in her motherly embrace. It enables the individual, and society as a whole, to harmonize the disparate demands of daily life and achieve a more profound level of understanding. This new translation draws on the latest archaeological finds and brings out the word play and poetry of the original. Simple commentary accompanies the text, and the introduction provides further historical and interpretative context. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and
