**The Psychology of War and Peace** Fred van Houten, 2013-06-29 Can a Baby Be an Enemy? Our world is in a deep, prolonged crisis. The threat of global nuclear war, the chronic condition of local wars, the imperilled environment, and mass starvation are among the major forms this crisis takes. The dangers of massive overkill, overexploitation of the environment, and overpopulation are well known, but surprisingly little has been said about their potential interactions, their bearing upon each other. If there were to be a nuclear confrontation between today's superpowers, it might not take place in today's world, but in a far less friendly habitat, such as the world may be some decades hence. And it need hardly be added that the era of this particular super power configuration may be waning rapidly, its place to be taken by other international arrangements not necessarily less threatening. To understand and cope with our situation we need correspondingly serious reflection. This volume forms a welcome part of that process. Unavoidably, a large part of our thinking about the issues of human survival must be oriented to physical and biological aspects of the total danger. But it has not escaped the authors of this book that, coupled with these aspects, there are profound psychological dangers, such as loss of the sense of futurity, moral deterioration, and a fatalistic decline in the will to struggle to protect our home, the Earth.

*No War, No Peace* Roger Mac Ginty, 2016-01-06 This book investigates stalled and dysfunctional peace processes and peace accords in societies experiencing civil wars. Using a critical and comparative perspective, it offers strategies for rejuvenating and re-orientating stalled peace processes and peace accords so that they are more able to foster sustainable and inclusive peace

The Environment-Conflict Nexus in International Law Eliana Cusato, 2021-09-16 Unpacks key assumptions about the 'environment', its relationship with violent conflict, and the justification for its protection underlying international law.

**Signs of War and Peace** J. Santino, 2016-04-30 Signs of War and Peace focuses on the role public display plays in the conflict in Northern Ireland. In doing so, it ranges freely over other times, places, and events that shed light on the social and political processes and dynamics involved in public display traditions, such as the Saint Patrick's Day parades in Boston, Massachusetts, and the popular spontaneous shrines to Lady Diana in London. The book is about the nature of public display, its relationships to class-based aesthetics, tradition, and popular style. It is also about contest, conflict, and civil war, and the

ways the former are intimately intertwined with the latter, both in Northern Ireland and elsewhere throughout the world. The work is interdisciplinary, combining ethnographic, anthropological, folkloristic, and performance studies approaches. The manuscript benefits from large amount of field work in Ireland, and as a result contains both ethnographic data and revealing interviews with many people in Northern Ireland who have participated in the display events Santino seeks to analyze. The perspective that Santino offers helps to explain the intensity of the conflict as well as the origination, motivations, and justifications of bonfires, murals, commemorative displays, parades, etc. that symbolically articulate what he terms the 'dual master narratives' that underlie and in many ways help to articulate the parameters of that conflict.

*Child Soldiers as Agents of War and Peace* Leonie Steinl, 2017-08-19 This book deals with child soldiers' involvement in crimes under international law. Child soldiers are often victims of grave human rights abuses, and yet, in some cases, they also participate actively in inflicting violence upon others. Nonetheless, the international discourse on child soldiers often tends to ignore the latter dimension of children's involvement in armed conflict and instead focuses exclusively on their role as victims. While it might seem as though the discourse is therefore beneficial for child soldiers as it protects them from blame and responsibility, it is important to realize that the so-called passive victim narrative entails various adverse consequences, which can hinder the successful reintegration of child soldiers into their families, communities and societies. This book aims to address this dilemma. First, the available options for dealing with child soldiers' participation in crimes under international law, such as transitional justice and criminal justice, and their shortcomings are analyzed in depth. Subsequently a new approach is developed towards achieving accountability in a child-adequate way, which is called restorative transitional justice. This book is in the first place aimed at researchers with an interest in child soldiers, children and armed conflict, as well as international criminal law, transitional justice, juvenile justice, restorative justice, children's rights, and international human rights law. Secondly, professionals working on issues of transitional justice, juvenile justice, international criminal law, children's rights, and the reintegration of child soldiers will also find the subject matter of great relevance to their practice. Dr. Leonie Steinl, LL.M. (Columbia) is a Researcher and Lecturer at the Faculty of Law of the Humboldt-Universität in Berlin.

*Images of Women in Peace and War* Sharon Macdonald, Pat Holden, Shirley Ardener, 1988 As warriors, freedom fighters and victims, as mothers, wives and prostitutes, and as creators and members of peace movements, women are inevitably caught up in the net of war. Yet women's participation in warfare and peace campaigns has often been underestimated or ignored. *Images of Women in Peace and War* explores women's relationships to war, peace, and revolution, from the Amazons, Inka and Boadicea, to women soldiers in South Africa, Mau Mau freedom fighters and the protestors at Greenham Common. The contributors consider not only the reality of women's participation but also look at how their actions have been

perceived and represented across cultures and through history. They examine how sexual imagery is constructed, how it is used to delineate women's relation to warfare and how these images have sometimes been subverted in order to challenge the status quo. The book raises important questions about whether women have a special prerogative to promote peace and considers whether the experience of motherhood leads to a distinctive women's position on war. The authors find that their analyses lead them to deal with arguments on the basic nature of the sexes and to reevaluate our concepts of peace, war, and gender.

*War and Peace in the Ancient World* Kurt A. Raaflaub, 2008-04-15 This book is the first to focus on war and peace in the ancient world from a global perspective. The first book to focus on war and peace in the ancient world Takes a global perspective, covering a large number of early civilizations, from China, India and West Asia, through the Mediterranean to the Americas Features contributions from nineteen distinguished scholars, all of whom are experts in their fields Offers remarkable insights into the different ways in which ancient societies dealt with a common human challenge Requires no prior historical knowledge, making it suitable for non-specialists

*Between Peace and War* Richard Ned Lebow, 2020-08-31 This is an updated edition of the now-classic original of the same title. It has three new substantial chapters: a prologue, a chapter on new evidence on World War I, and an epilogue. The updated edition contains the now-famous typology of international crisis, the original critique of deterrence, the emphasis on agency, and the turn to political psychology to explain sharp departures from rational policy-making. The new chapters update and reevaluate these arguments and approach a critical hindsight assessment in light of post-Cold War developments.

War and Peace Leo Tolstoy, 2014-04-08 War and Peace is considered one of the world's greatest works of fiction. It is regarded, along with Anna Karenina, as Tolstoy's finest literary achievement. Epic in scale, War and Peace delineates in graphic detail events leading up to Napoleon's invasion of Russia, and the impact of the Napoleonic era on Tsarist society, as seen through the eyes of five Russian aristocratic families.

Selling War and Peace Jack Holland, 2020-05-07 Holland analyses foreign policy debates in the Anglosphere (US, UK and Australia) during the Syrian Civil War.

**Monetary War and Peace** Max Harris, 2021-03-11 Examines how the democracies shifted from monetary war to peace during the Great Depression with the Tripartite Agreement of 1936.

Interventions Kofi Annan, 2012-10-04 Over forty years of service to the United Nations - the last ten as Secretary-General - Kofi Annan has been at the centre of the major geopolitical events of our time. As much a memoir as a guide to world order, THE ARC OF INTERVENTION provides a unique, behind-the-scenes view of global diplomacy during one of the most tumultuous periods in UN history. With eloquence and immediacy, Annan writes about the highs and lows of his years at the

United Nations: from shuttle-diplomacy during crises such as Kosovo, Lebanon and Israel-Palestine to the wrenching battles over the Iraq War to the creation of the landmark Responsibility to Protect doctrine. He is remarkably candid about the organization's failed efforts, particularly in Rwanda, Bosnia and Darfur. Yet Annan embeds these tragedies within the context of global politics, revealing how, time and again, the nations of the world have retreated from the UN's radical mandate. Ultimately, Annan shows readers a world where solutions are available, if we have the will and courage to see them through.

**Not War, Not Peace?** George Perkovich, Toby Dalton, 2016 India confronts an exceptionally difficult national security problem: how to motivate Pakistan to prevent cross-border terrorism. 'Not War, Not Peace?' examines India's options in developing an effective strategy. Drawing on extensive interviews with senior serving and retired Indian and Pakistani officials, it provides rigorous analysis of India's options to motivate Pakistan's behaviour while staying left of nuclear boom.

**Preventing War and Promoting Peace** William H. Wiist, Shelley K. White, 2017-12-14 Preventing War and Promoting Peace focuses on how health professionals can actively engage in the prevention of war and the promotion of peace.

**War and Peace in the 20th Century and Beyond** Geir Lundestad, Olav Nj?lstad, 2002 The conference offered a unique opportunity to discuss why the 20th century was ridden by so much conflict and how the 21st century may be a more peaceful one.

*War and Peace in International Rivalry* Paul Diehl, Gary Goertz, 2010-06-02 This book provides the first detailed analysis of international rivalries, the long-standing and often violent confrontations between the same pairs of states. The book addresses conceptual components of rivalries and explores the origins, dynamics, and termination of the most dangerous form of rivalry--enduring rivalry--since 1816. Paul Diehl and Gary Goertz identify 1166 rivalries since 1816. They label sixty-three of those as enduring rivalries. These include the competitions between the United States and Soviet Union, India and Pakistan, and Israel and her Arab neighbors. The authors explain how rivalries form, evolve, and end. The first part of the book deals with how to conceptualize and measure rivalries and presents empirical patterns among rivalries in the period 1816-1992. The concepts derived from the study of rivalries are then used to reexamine two central pieces of international relations research, namely deterrence and democratic peace studies. The second half of the book builds an explanation of enduring rivalries based on a theory adapted from evolutionary biology, punctuated equilibrium. The study of international rivalries has become one of the centerpieces of behavioral research on international conflict. This book, by two of the scholars who pioneered such studies, is the first comprehensive treatment of the subject. It will become the standard reference for all future studies of rivalries. Paul F. Diehl is Professor of Political Science and University Distinguished

Teacher/Scholar, University of Illinois. He is the coeditor of *Reconstructing Realpolitik* and coauthor of *Measuring the Correlates of War*. Gary Goertz is Assistant Professor of Political Science, University of Arizona, and is the coauthor with Paul Diehl of *Territorial Change and International Conflict*.
