The Place We All Go M. Dylan Blair, 2024-08-15 “Sometimes, it’s not about forgiveness—it’s about revenge.” FOR JESLY ALLBROOK, a promising district attorney in downtown Dallas, it’s been one helluva year. Between being plagued by a malevolent voice riding shotgun in her head and burying the client she and her ex murdered, life can’t get any worse. So when an assassin foils Jesly’s would-be-suicide by shooting her off the rooftop of Dallas’ Renaissance Tower, no one believes her near-death encounter or the haunting visions that torment her every waking minute. Institutionalized against her will and desperate to prove her sanity, Jesly discovers she’s not the first patient driven to madness at the voice’s behest. But if she doesn’t figure out what it’s really after, the body count won’t stop with her. Confronted with the ultimate test, her survival will determine whether she can grasp a new lease on life or face an even darker fate. An enthralling fusion of supernatural thriller, psychological horror, and mythic dark fantasy, *THE PLACE WE ALL GO* forces us to confront the demons of our past and consider the price we’re willing to pay for redemption. Prepare for a heart-pounding journey that will challenge your perception of life and death.

Trans and Genderqueer Subjects in Medieval Hagiography Alicia Spencer-Hall, Blake Gutt, 2021-03-30 *Trans and Genderqueer Subjects in Medieval Hagiography* presents an interdisciplinary examination of trans and genderqueer subjects in medieval hagiography. Scholarship has productively combined analysis of medieval literary texts with modern queer theory - yet, too often, questions of gender are explored almost exclusively through a prism of sexuality, rather than gender identity. This volume moves beyond such limitations, foregrounding the richness of hagiography as a genre integrally resistant to limiting binaristic categories, including rigid gender binaries. The collection showcases scholarship by emerging

trans and genderqueer authors, as well as the work of established researchers. Working at the vanguard of historical trans studies, these scholars demonstrate the vital and vitally political nature of their work as medievalists. *Trans and Genderqueer Subjects in Medieval Hagiography* enables the re-creation of a lineage linking modern trans and genderqueer individuals to their medieval ancestors, providing models of queer identity where much scholarship has insisted there were none, and re-establishing the place of non-normative gender in history.
