A description of colloquial Guarani Emma Gregores, Jorge A. Suárez, 2018-02-19

ÑE'ÊRYRU OÎVA PO ÑE'ÊME PETER TASE, 2011-01-03 At first glance, one might say, Wow, what a disparate collection of languages, of what value could this dictionary be? Well, of course the answer is, it is of value to all those who speak any of those languages individually, or any group of them. In addition, it represents for the reader, or student, or professional, or any lover of language and culture, the opportunity to see each of the cultures represented here through prism of that fundamental element upon which they rely and survive...language. As such, Peter Tase has taken another step in furthering the communication and mutual understanding so desperately needed in the world today, for which I am grateful, and pleased to be able to support. The Fiction of Geopolitics Christopher Lloyd GoGwilt, 2000 Charting the contours of the long turn of the century, from 1860 to 1940, and studying a range of writers, genres, and disciplines, this book moves back and forth from Victorian to modernist fields of study to show how the 19th-century European hypothesis of culture haunts the 20th-century fiction of geopolitics.
