Parker J. Palmer

On the Brink of Everything Parker J. Palmer, 2018-06-26 “This impassioned book invites readers to the deep end of life where authentic soul work and human transformation become pressing concerns.” —Publishers Weekly 2019 Independent Publisher Book Awards Gold Medalist in the Aging/Death & Dying Category From bestselling author Parker J. Palmer comes a brave and beautiful book for all who want to age reflectively, seeking new insights and life-giving ways to engage in the world. “Age itself,” he says, “is no excuse to wade in the shallows. It’s a reason to dive deep and take creative risks.” Looking back on eight decades of life—and on his work as a writer, teacher, and activist—Palmer explores what he’s learning about self and world, inviting readers to explore their own experience. In prose and poetry—and three downloadable songs written for the book by the gifted Carrie Newcomer—he meditates on the meanings of life, past, present, and future. With compassion and chutzpah, gravitas and levity, Palmer writes about cultivating a vital inner and outer life, finding meaning in suffering and joy, and forming friendships across the generations that bring new life to young and old alike. “This book is a companion for not merely surviving a fractured world, but embodying—like Parker—the fiercely honest and gracious wholeness that is ours to claim at every stage of life.” —Krista Tippett, New York Times-bestselling author of *Becoming Wise* “A wondrously rich mix of reality and possibility, comfort and story, helpful counsel and poetry, in the voice of a friend . . . This is a book of immense gratitude, consolation, and praise.” —Naomi Shihab Nye, National Book Award finalist

The Courage to Teach Parker J. Palmer, 2009-05-18 This book is for teachers who have good days and bad -- and whose bad days bring the suffering that comes only from something one loves. It is for teachers who refuse to harden their hearts, because they love learners, learning, and the teaching life. - Parker J. Palmer [from the Introduction] Teachers choose their vocation for reasons of the heart, because they care deeply about their students and about their subject. But the demands of teaching cause too many educators to lose heart. Is it possible to take heart in teaching once more so that we can continue to do what good teachers always do -- give heart to our students? In *The Courage to Teach*, Parker Palmer takes teachers on an inner journey toward reconnecting with their vocation and their students -- and recovering their passion for one of the most difficult and important of human endeavors.

Healing the Heart of Democracy Parker J. Palmer, 2014-07-31 Hope for American democracy in an era of deep divisions In *Healing the Heart of Democracy*, Parker J. Palmer quickens our instinct to seek the common good and gives us

the tools to do it. This timely, courageous and practical work—intensely personal as well as political—is not about them, those people in Washington D.C., or in our state capitals, on whom we blame our political problems. It's about us, We the People, and what we can do in everyday settings like families, neighborhoods, classrooms, congregations and workplaces to resist divide-and-conquer politics and restore a government of the people, by the people, for the people. In the same compelling, inspiring prose that has made him a bestselling author, Palmer explores five habits of the heart that can help us restore democracy's foundations as we nurture them in ourselves and each other: An understanding that we are all in this together An appreciation of the value of otherness An ability to hold tension in life-giving ways A sense of personal voice and agency A capacity to create community Healing the Heart of Democracy is an eloquent and empowering call for We the People to reclaim our democracy. The online journal Democracy & Education called it one of the most important books of the early 21st Century. And Publishers Weekly, in a Starred Review, said This beautifully written book deserves a wide audience that will benefit from discussing it.

We're all doing everything we can to make things right, and I'm grateful for your patience. Thank you, Parker J. Palmer With wisdom, compassion, and gentle humor, Parker J. Palmer invites us to listen to the inner teacher and follow its leadings toward a sense of meaning and purpose. Telling stories from his own life and the lives of others who have made a difference, he shares insights gained from darkness and depression as well as fulfillment and joy, illuminating a pathway toward vocation for all who seek the true calling of their lives.

Measure of My Days Florida Scott-Maxwell, 2013-07-31 At eighty-two, Florida Scott-Maxwell felt impelled to write about her strong reactions to being old, and to the time in which we live. Until almost the end this document was not intended for anyone to see, but the author finally decided that she wanted her thoughts and feelings to reach others. Mrs. Scott-Maxwell writes: "I was astonished to find how intensely one lives in one's eighties. The last years seemed a culmination and by concentrating on them one became more truly oneself. Though old, I felt full of potential life. It pulsed in me even as I was conscious of shrinking into a final form which it was my task and stimulus to complete." The territory of the old is not Scott-Maxwell's only concern. In taking the measure of the sum of her days as a woman of the twentieth century, she confronts some of the most disturbing conflicts of human nature—the need for differentiation as against equality, the recognition of the

evil forces in our nature—and her insights are challenging and illuminating. The vision that emerges from her accumulated experience of life makes this a remarkable document that speaks to all ages.

The Promise of Paradox Parker J. Palmer, 2010-02-19 First published in 1980—and reissued here with a feisty new introductory essay—The Promise of Paradox launched Parker J. Palmer’s career as an author and his ongoing exploration of the contradictions that vex and enrich our lives. In this probing and heartfelt book, the distinguished writer, teacher, and activist examines some of the challenging questions at the core of Christian spirituality. How do we live with the apparent opposition between good and evil, scarcity and abundance, individuality and community, death and new life? We can hold them as paradoxes, not “either/ors,” allowing them to open our minds and hearts to new ways of seeing and being.

A Place Called Community Parker J. Palmer, 1977

To Know as We Are Known Parker J. Palmer, 2010-06-08 “An eye-opening critique of contemporary [education] approaches . . . shows in concrete forms how to be a teacher and learner in the search for truth.” —Henri J. M. Nouwen, theologian and author of *The Return of the Prodigal Son* and *The Way of the Heart* This primer on authentic education explores how mind and heart can work together in the learning process. Moving beyond the bankruptcy of our current model of education, Parker Palmer finds the soul of education through a lifelong cultivation of the wisdom each of us possesses and can share to benefit others. “A phenomenon in higher education.” —The New York Times “Palmer's book will engage anyone who's involved in teaching and learning either in secular or religious institutions . . . it compels us to underline and reflect at nearly every sentence and paragraph . . . it unfolds how exciting and joyful the search for knowledge is when guided by heart-seeking teachers.” —James Sparks, University of Wisconsin, Madison “Without a doubt the most inspiring book on education I have read in a long time.” —John H. Westerhoff III, Duke University

Called Ryan J. Pemberton, 2015 Called is the heart-breaking, humorous, and refreshingly honest account of one twenty-something's adventure of learning what it means to be called by God an adventure that took him to England, C. S. Lewis's house, and back again and why it was only in the reality of his worst nightmare that he learned what it means to be called.

Teaching with Fire Sam M. Intrator, Megan Scribner, 2003-10-10 Reclaim Your Fire Teaching with Fire is a glorious collection of the poetry that has restored the faith of teachers in the highest, most transcendent values of their work with children....Those who want us to believe that teaching is a technocratic and robotic skill devoid of art or joy or beauty need to read this powerful collection. So, for that matter, do we all. ?Jonathan Kozol, author of *Amazing Grace* and *Savage Inequalities* When reasoned argument fails, poetry helps us make sense of life. A few well-chosen images, the spinning together of words creates a way of seeing where we came from and lights up possibilities for where we might be going....Dip in, read, and ponder; share with others. It's inspiration in the very best sense. ?Deborah Meier, co-principal of The Mission Hill School, Boston and founder of a network of schools in East Harlem, New York In the Confucian tradition it is said that

the mark of a golden era is that children are the most important members of the society and teaching is the most revered profession. Our journey to that ideal may be a long one, but it is books like this that will sustain us - for who are we all at our best save teachers, and who matters more to us than the children? Peter M. Senge, founding chair, SoL (Society for Organizational Learning) and author of *The Fifth Discipline* Those of us who care about the young and their education must find ways to remember what teaching and learning are really about. We must find ways to keep our hearts alive as we serve our students. Poetry has the power to keep us vital and focused on what really matters in life and in schooling. *Teaching with Fire* is a wonderful collection of eighty-eight poems from such well-loved poets as Walt Whitman, Langston Hughes, Billy Collins, Emily Dickinson, and Pablo Neruda. Each of these evocative poems is accompanied by a brief story from a teacher explaining the significance of the poem in his or her life's work. This beautiful book also includes an essay that describes how poetry can be used to grow both personally and professionally. *Teaching With Fire* was written in partnership with the Center for Teacher Formation and the Bill & Melinda Gates Foundation. Royalties from this book will be used to fund scholarship opportunities for teachers to grow and learn.

The Growing Edge Howard Thurman, 1956 *The Growing Edge* is a book of Howard Thurman's sermons. For Thurman, the sermon is an act of worship in which the preacher exposes his spirit and mind as they seek to reveal the spirit of the Living God upon them. Live with Intention Mary Anne Radmacher, 2010-12-01 "Accessible, grounded, joyful, and wise . . . [a] pure gift, especially if you're looking for a practical yet visionary map of contemporary life." —David Kundtz, author of *The Art of Stopping* More than three decades ago, noted author, artist and teacher Mary Anne Radmacher, was beginning her chosen path-to live with purpose, to make a difference. She lost a dear friend and she wrote these words "live with intention . . .", which have appeared wrapped around mugs, on carry bags and journals, day planners, refrigerator magnets, and posters. In her book *Live with Intention*, Radmacher shares the ten qualities she considers essential to intentional living and offers you exercises, inspirations, and promises to help you find what's important in your life. *Live with Intention* explores with you what it means to live each day with intention: Understand what counts for you Discover what will make your life richer Determine how to make a difference Realize what brings verve to every wonderful day "A book of beauty, creativity, wisdom, and great good will. Her chapter on forgiveness alone is worth the price of the book." —Hugh Prather, bestselling author of *The Little Book of Letting Go* "Mary Anne's newest book is beautiful, artistic, inspiring, and written from her heart." —Patrick Williams, coauthor of *Becoming a Professional Life Coach* "Living with Intention should be within easy reach of every person who has ever dared to dream. It gives us the tools to believe we can go after those dreams and actually capture them. It is a tool for living life to the fullest." —Pat Ballard, author of *10 Steps to Loving Your Body (No Matter What*

My Bright Abyss Christian Wiman,2013-04-02 Seven years ago, Christian Wiman, a well-known poet and the editor of Poetry magazine, wrote a now-famous essay about having faith in the face of death. My Bright Abyss, composed in the difficult years since and completed in the wake of a bone marrow transplant, is a moving meditation on what a viable contemporary faith—responsive not only to modern thought and science but also to religious tradition—might look like. Joyful, sorrowful, and beautifully written, My Bright Abyss is destined to become a spiritual classic, useful not only to believers but to anyone whose experience of life and art seems at times to overbrim its boundaries. How do we answer this burn of being? Wiman asks. What might it mean for our lives—and for our deaths—if we acknowledge the insistent, persistent ghost that some of us call God? One of Publishers Weekly's Best Religion Books of 2013

A Collection of Familiar Quotations John Bartlett,1858

Lessons in Belonging from a Church-Going Commitment Phobe Erin S. Lane,2014-12-30 Why bother with a church? An unthinkable question just a generation ago, this is now the first theological hurdle not just for millennials but for people of faith from all sectors. Erin Lane mines her own complicated relationship with the church to give fresh insight into the complexities and possibilities of a shared faith.

The Power of Disability Al Etmanski,2020-02-04 “This book reminds us of what we have in common: the power to create a good life for ourselves and for others, no matter what the world has in store for us.” —Michael J. Fox This book reveals that people with disabilities are the invisible force that has shaped history. They have been instrumental in the growth of freedom and birth of democracy. They have produced heavenly music and exquisite works of art. They have unveiled the scientific secrets of the universe. They are among our most popular comedians, poets, and storytellers. And at 1.2 billion, they are also the largest minority group in the world. Al Etmanski offers ten lessons we can all learn from people with disabilities, illustrated with short, funny, inspiring, and thought-provoking stories of one hundred individuals from twenty countries. Some are familiar, like Michael J. Fox, Greta Thunberg, Stephen Hawking, Helen Keller, Stevie Wonder, and Temple Grandin. Others deserve to be, like Evelyn Glennie, a virtuoso percussionist who is deaf—her mission is to teach the world to listen to improve communication and social cohesion. Or Aaron Philip, who has revolutionized the runway as the first disabled, trans woman of color to become a professional model. The time has come to recognize people with disabilities for who they really are: authoritative sources on creativity, love, sexuality, resistance, dealing with adversity, and living a good life.

The Active Life Parker J. Palmer,1999-08-11 ENGAGE THE SPIRIT AND TRUTH OF THE ACTIVE LIFE What spiritual sources can we draw on to receive guidance for—and from—our lives in the world of action? The Active Life is Parker J.

Palmer's deep and graceful exploration of a spirituality for the busy, sometimes frenetic lives many of us lead. Telling evocative stories from a variety of religious traditions, including Taoist, Jewish, and Christian, Palmer shows that the spiritual life does not mean abandoning the world but engaging it more deeply through life-giving action. He celebrates both the problems and potentials of the active life, revealing how much they have to teach us about ourselves, the world, and God.

Portraits in Faith Daniel Epstein,2021-11 For 15 years, Daniel Epstein, a Marketing Director at one of the world's largest corporations, Procter & Gamble, traveled the world for business and for faith. Motivated by his own search to fill the God-sized hole in his life, he did not know where it would lead. He felt that if he did not develop some type of spiritual faith he would die. Born and raised a Jew, Daniel's challenges with relationships, work, and life forced him at age 36 to get on his knees and pray to a God he did not know, a higher power not specific to either his own Judaism or any religion, and ask for help. In order to keep his new found sense of faith alive and to gain from the experience of others, Daniel created a spiritual exercise out of interviewing people around the world about the role of faith in their lives. As a photographer, Daniel also captured a moment with each person in a black and white portrait meant to evoke their true spirit. In 2012, Daniel launched Portraits on Faith online as the largest documentary project on faith ever compiled by a single person. Over 100 of the 500 portraits shot have been published from 27 countries, which have been viewed over 300,000 times by people around the world. As a culmination of all the work that has to this moment, Daniel is publishing the first volume of Portraits in Faith, which include over 100 portraits, quotes, and reflections on faith from people spanning the world, from over 40 faith traditions and denominations.
