The Unbearable Lightness of Being Milan Kundera, 2020-11-09 'A cult figure.' Guardian 'A dark and brilliant achievement.' Ian McEwan 'Shamelessly clever ... Exhilaratingly subversive and funny.' Independent 'A modern classic ... As relevant now as when it was first published.' John Banville 'A young woman is in love with a successful surgeon; a man torn between his love for her and his womanising. His mistress, a free-spirited artist, lives her life as a series of betrayals; while her other lover stands to lose everything because of his noble qualities. In a world where lives are shaped by choices and events, and everything occurs but once, existence seems to lose its substance and weight - and we feel 'the unbearable lightness of being'. The Unbearable Lightness of Being encompasses passion and philosophy, the Prague Spring and modern America, political acts and private desires, comedy and tragedy - in fact, all of human existence. What readers are saying: 'Some books change your mind, some change your heart, the very best change your whole world ... A mighty piece of work, that will shape your life forever.' 'One of the best books I've ever read ... A book about love and life, full of surprises. Beautiful.' 'This book is going to change your life ... It definitely leaves you with a hangover after you're done reading.' 'A must read - loved it, such beautiful observations on life, love and sexuality.' 'Kundera writes about love as if in a trance so the beauty of it is enchanting and dreamy ... Will stay with you forever.' 'A beautiful novel that helps you understand life better ... Loved it.' 'One of those rare novels full of depth and insight into the human condition ... Got me reading Camus and Sartre.' 'One of the best books I have ever read ... An intellectual love story if ever there was one.'

Someday This Pain Will Be Useful to You Peter Cameron, 2009-04-28 Someday This Pain Will Be Useful to You is the story of James Sveck, a sophisticated, vulnerable young man with a deep appreciation for the world and no idea how to live in it. James is eighteen, the child of divorced parents living in Manhattan. Articulate, sensitive, and cynical, he rejects all of the assumptions that govern the adult world around him—including the expectation that he will go to college in the fall. He would prefer to move to an old house in a small town somewhere in the Midwest. Someday This Pain Will Be Useful to You takes place over a few broiling days in the summer of 2003 as James confides in his sympathetic grandmother, stymies his canny therapist, deplores his pretentious sister, and devises a fake online identity in order to pursue his crush on a much older coworker. Nothing turns out how he'd expected. Possibly one of the all-time great New York books, not to mention an archly comic gem (Peter Gadol, LA Weekly), Someday This Pain Will Be Useful to You is the insightful, powerfully moving story of a

young man questioning his times, his family, his world, and himself.

L'insostenibile leggerezza dell'essere Milan Kundera,2022-05-12T00:00:00+02:00 Il suo romanzo ci dimostra come nella vita tutto quello che scegliamo e apprezziamo come leggero non tarda a rivelare il proprio peso insostenibile. Forse solo la vivacità e la mobilità dell'intelligenza sfuggono a questa condanna: le qualità con cui è scritto il romanzo, che appartengono a un altro universo da quello del vivere. ITALO CALVINO Chi è pesante non può fare a meno di innamorarsi perdutamente di chi vola lievemente nell'aria, tra il fantastico e il possibile: mentre i leggeri sono respinti dai loro simili e trascinati dalla «com-passione» verso i corpi e le anime possedute dalla pesantezza. Così accade nel romanzo: Tomáš ama Tereza, Tereza ama Tomáš; Franz ama Sabina, Sabina (almeno per qualche mese) ama Franz; quasi come nelle «Affinità elettive» si forma il perfetto quadrato delle affinità amorose. PIETRO CITATI

Farewell Waltz Milan Kundera,2020-10-09 A dazzling tragicomic tale from the author of modern classic *The Unbearable Lightness of Being*. 'Anyone reading Kundera's books is unlikely to forget them. They have an essential energy, a difference.' *New Statesman* 'Kundera is a self-confessed hedonist in a world beset by politics . . . Marvellous.' Salman Rushdie Klima, a celebrated jazz trumpeter, learns that a young nurse with whom he spent one brief night at a fertility spa is pregnant - and she has decided he is the father. Thus begins a whirlwind farce as he returns to the spa: an accelerating dance which unfolds over five madcap days, encompassing Klima's jealous wife, the nurse's equally jealous boyfriend, a fanatical gynaecologist, a rich American (at once Don Juan and saint) and an elderly political prisoner who is holding a farewell party before emigration. Posing serious philosophical questions with his inimitable blasphemous lightness, *Farewell Waltz* is perhaps the most purely entertaining of Kundera's novels, rich in black humour and profound human insights.

Male liquido Zygmunt Bauman,Leonidas Donskis,2024-11-15T00:00:00+01:00 Esiste una modalità specificamente liquido-moderna del male. È ancora più insidiosa e pericolosa delle sue precedenti manifestazioni storiche perché il male oggi

appare frammentato, polverizzato, disarticolato e disperso. Il male liquefatto si cela alla vista e, anziché essere riconosciuto per ciò che è, riesce a passare inosservato. In un dialogo serrato con il filosofo Leonidas Donskis, Zygmunt Bauman affronta il tema del male nella contemporaneità. Perché se da una parte è indubitabilmente un compagno permanente e inalienabile della condizione umana, dall'altra sono inedite le forme e i modi in cui opera nella sua odierna versione liquefatta. Il male liquido ha una stupefacente capacità di camuffarsi e reclutare al proprio servizio ogni sorta di interesse e desiderio umano, profondamente umano. Lo fa con motivazioni tanto pretestuose quanto difficili da sfatare e confutare. Il più delle volte il male liquefatto riesce ad apparire non come un mostro, ma come un amico che non vede l'ora di dare una mano. Utilizza come strategia di fondo la tentazione anziché la coercizione. Ha l'impressionante capacità, tipica dei liquidi, di scorrere attorno agli ostacoli che si trovano sul suo cammino. Come ogni liquido, li impregna e li macera fino a eroderli per poi assimilarli nel suo organismo in modo da nutrirlo e accrescerlo ulteriormente. È questa sua capacità, accanto alla elusività, a rendere così arduo lo sforzo di resistergli efficacemente.

Encounter Milan Kundera, 2020-10-09 With the same dazzling mix of emotion and idea that characterizes his novels he illuminates the art and artists who remain important to him and whose work helps us better understand the world. An astute and brilliant reader of fiction, Kundera applies these same gifts to the reading of Francis Bacon's paintings, Leos Janáček's music, the films of Federico Fellini, as well as to the novels of Philip Roth, Dostoyevsky, and García Márquez, among others. He also takes up the challenge of restoring to their rightful place the work of major writers like Anatole France and Curzio Malaparte who have fallen into obscurity. Milan Kundera's signature themes of memory and forgetting, the experience of exile, and his spirited championing of modernist art mark these essays. Art, he argues, is what we have to cleave to in the face of evil, against the expression of the darker side of human nature. Elegant, startlingly original and provocative, *Encounter* follows Kundera's essay collections, *The Art of the Novel*, *Testaments Betrayed* and *The Curtain*.

Amsterdam Stories Nescio, 2012-03-20 No one has written more feelingly and more beautifully than Nescio about the madness and sadness, courage and vulnerability of youth: its big plans and vague longings, not to mention the binges, crashes, and marathon walks and talks. No one, for that matter, has written with such pristine clarity about the radiating canals of Amsterdam and the cloud-swept landscape of the Netherlands. Who was Nescio? Nescio—Latin for “I don’t know”—was the pen name of J.H.F. Grönloh, the highly successful director of the Holland-Bombay Trading Company and a father of four—someone who knew more than enough about respectable maturity. Only in his spare time and under the cover of a pseudonym, as if commemorating a lost self, did he let himself go, producing over the course of his lifetime a handful of utterly original stories that contain some of the most luminous pages in modern literature. This is the first English translation of Nescio’s stories.

Under the Jaguar Sun Italo Calvino, 2013-09-26 A couple on an epicurean journey across Mexico are excited by the idea

of a particular ingredient, suggested by ancient rituals of human sacrifice. Precariously balanced on his throne, a king is able only to listen to the sounds around him - sure that any deviation from their normal progression would mean the uprising of the conspirators that surround him. And three different men search desperately for the beguiling scents of lost women, from a Count visiting Madame Odile's perfumery, to a London drummer stepping over spent, naked bodies.

Gelosia Willy Pasini,2013-10-29 Willy Pasini analizza il sentimento della gelosia in ogni suo aspetto: le varianti maschile e femminile, il grado di intensità e le forme di manifestazione all'interno della coppia; i rapporti con invidia, orgoglio, possessività e le possibili conseguenze; le trasformazioni indotte dai nuovi mezzi di comunicazione. Senza dimenticare i suggerimenti pratici, per far sì che anche la gelosia diventi uno strumento per esplorare nuove emozioni e rinsaldare il rapporto di coppia.

The Neverending Story Michael Ende,1993-01-01 Read the book that inspired the classic coming-of-age film before it's back onscreen in select theaters this September! From award-winning German author Michael Ende, *The Neverending Story* is a classic tale of one boy and the book that magically comes to life. When Bastian happens upon an old book called *The Neverending Story*, he's swept into the magical world of Fantastica--so much that he finds he has actually become a character in the story! And when he realizes that this mysteriously enchanted world is in great danger, he also discovers that he is the one chosen to save it. Can Bastian overcome the barrier between reality and his imagination in order to save Fantastica? An instantaneous leap into the magical . . . Energetic, innovative, and perceptive—The Washington Post A trumpet blast for the imagination.—Sunday Times

The Festival of Insignificance Milan Kundera,2020-10-09 Casting light on the most serious of problems and at the same time saying not one serious sentence; being fascinated by the reality of the contemporary world and at the same time completely avoiding realism-that's *The Festival of Insignificance*. Readers who know Kundera's earlier books know that the wish to incorporate an element of the unserious in a novel is not at all unexpected of him. In *Immortality*, Goethe and Hemingway stroll through several chapters together talking and laughing. And in *Slowness*, Vera, the author's wife, says to her husband: you've often told me you meant to write a book one day that would have not a single serious word in it... I warn you: watch out. Your enemies are lying in wait.Now, far from watching out, Kundera is finally and fully realizing his old aesthetic dream in this novel that we could easily view as a summation of his whole work. A strange sort of summation. Strange sort of epilogue. Strange sort of laughter, inspired by our time, which is comical because it has lost all sense of humor. What more can we say? Nothing. Just read.

Statistica, nuovo empirismo e società nell'era dei Big Data Giuseppe Arbia,2018-09-28 Gli ultimi decenni hanno visto un'esplosione formidabile nella raccolta dei dati e nella loro diffusione ed utilizzo in tutti i settori della società umana. Tale fenomeno è dovuto soprattutto alla accresciuta capacità di raccogliere ed immagazzinare informazioni in forma automatica

attraverso fonti diversissime quali sensori di varia natura, satelliti, telefoni cellulari, internet, droni e molti altri ancora. È questo il fenomeno denominato “la rivoluzione dei big data”. La raccolta e la diffusione di queste enormi moli di dati ha in sé il potenziale di rivoluzionare il modo di prendere decisioni in tutti i campi. Tuttavia questo sviluppo accelerato (e spesso incontrollato) influenza la privacy degli individui e li rende vulnerabili ad accessi non autorizzati alle proprie informazioni personali. In tal senso il fenomeno va analizzato nella sua interezza considerando vari aspetti che vanno da quello statistico, a quello economico, a quello delle information technologies, a quello giuridico, a quello etico. Lo scopo del presente volume è quello di descrivere, in termini accessibili anche ai non specialisti, il fenomeno dei big data e le sue possibili ripercussioni nella vita di ogni giorno. Il saggio discuterà anche le conseguenze sulla Statistica: l'arte di conoscere la realtà e di prendere decisioni sulla base di dati empirico-osservazionali.

Endless Love Scott Spencer, 2010-11-23 The impassioned love of two teenagers leaves a path of destruction in its perilous wake Seventeen-year-old David Axelrod is consumed with his love for Jade Butterfield. So when Jade's father exiles him from their home, David does the only thing he thinks is rational: He burns down their house. Sentenced to a psychiatric institution, David's obsession metastasizes, and upon his release, he sets out to win the Butterfields back by any means necessary. Brilliantly written and intensely sexual, Endless Love is the deeply moving story of a first love so powerful that it becomes dangerous—not only for the young lovers, but for their families as well. This ebook features an illustrated biography of Scott Spencer, including rare photos from the author's personal collection.

Italia e Spagna: Destini Paralleli? Stefano Gatto, 2012-11-01 L'ebook Italia e Spagna: destini paralleli?, pubblicato da Lo Spazio della Politica e scaricabile gratuitamente, affronta la crisi dei due paesi in forma sinottica, cercando di stabilire rapporti, similitudini e differenze tra i due casi. Nel libro, scritto da un economista con doppia appartenenza culturale abituato a studiare paesi e situazioni anche dal punto di vista della propria professione internazionale, vengono analizzati dati, caratteristiche del sistema politico, della società e della storia per cercare di capire come si è arrivati fin qui e in quale misura sia corretto affermare che esista un pericolo “latino o mediterraneo” in Europa. L'analisi è impietosa nei confronti delle carenze dimostrate nel corso degli anni da parte dei due paesi, sia per quanto riguarda entrambi i sistemi-paese che per quanto concerne le classi dirigenti, ma anche realista nel rivelare che non tutto ciò che la stampa internazionale dà per scontato è così negativo; vizi e virtù non si distribuiscono in Europa secondo coordinate geografiche. Alcuni tratti delle nostre

società, riconducibili al nostro essere latini, possono senz'altro diventare un handicap se si rifiutano modernizzazione, apertura al mondo e tutto ciò che di buono la competizione globale può portare. L'Italia, paese il cui imponente debito non è nato nell'estate 2011, ma è il risultato di almeno vent'anni di bassa crescita dovuta a scelte politiche ritardate, vive attanagliata in un sogno impossibile: quello di fermare il tempo per tornare ai magnifici anni sessanta, "quando tutto andava così bene". Rifiutando le conseguenze e le opportunità della vera concorrenza, che migliorerebbe la vita degli italiani. Nel frattempo, il paese ha sprecato in buona misura le possibilità che l'Europa ci ha offerto per cinquant'anni, senza capire che da lì non venivano solo risorse (da noi mai usate davvero bene), ma soprattutto idee e opportunità. La Spagna ha colto meglio l'opportunità europea, usandola per modernizzarsi, crescere e migliorare gli standard di vita della propria popolazione, ma soffre oggi il brusco contraccolpo della mancanza di creatività e ambizione nell'usare quello scenario per fare un ulteriore salto di qualità verso l'innovazione e l'innalzamento della propria quota di valore aggiunto. Uno sviluppo basato solo su mattone e finanza speculativa ha svuotato la Spagna di alternative più solide: la debolezza del settore manifatturiero e della ricerca sono due gravi sintomi di questa situazione, generata da un "pensiero unico" nel quale si sono pienamente riconosciute, per anni, le principali forze politiche iberiche. Italia e Spagna hanno comunque ancora dei punti di forza da cui ripartire, se non compiranno l'errore di rinnegare lo scenario irrinunciabile nel quale si muovono: la piattaforma europea. Il basso debito privato italiano e la persistenza di una base manifatturiera ancora significativa possono costituire ottimi punti di partenza, se una classe politica del tutto superata dagli avvenimenti si fa finalmente da parte, una volta constatato il fallimento assoluto della Seconda Repubblica. La Spagna dovrebbe superare le rigidità ideologiche del proprio sistema politico, per riproporre il meglio che è riuscita a dare al mondo nel corso del XX secolo: il suo processo di transizione, condiviso e consensuale, che ha permesso al paese di bruciare le tappe per almeno trent'anni. In entrambi i casi, la nostra latinità può divenire di nuovo un punto di forza se usata correttamente, non come scusa per rifugiarsi nella passività e nel passato. Dobbiamo essere coscienti che possiamo farcela, ma che il tempo dell'indulgenza verso noi stessi è davvero finito.

Slowness Milan Kundera, 2020-11-09 Slowness was Milan Kundera's first novel written in French. Disconcerted and enchanted, the reader follows him through a midsummer's night in which two tales of seduction, separated in time by more

than two hundred years, interweave and oscillate between the sublime and ridiculous. As Kundera's readers would expect, Slowness is at the same time a formidable display of existential analysis. Slowness (and rapidity), discretion (and exhibitionism) are the principal concepts, and those which are to the reader like vital keys for understanding life in our contemporary world.
