The Days of the Deer Liliana Bodoc,2013-08-01 It is known that the strangers will sail from some part of the Ancient Lands and will cross the Yentru Sea. All our predictions and sacred books clearly say the same thing. The rest is all shadows. Shadows that prevent us from seeing the faces of those who are coming. In the House of Stars, the Astronomers of the Open Air read contradictory omens. A fleet is coming to the shores of the Remote Realm. But are these the long-awaited Northmen, returned triumphant from the war in the Ancient Lands? Or the emissaries of the Son of Death come to wage a last battle against life itself? From every village of the seven tribes, a representative is called to a Great Council. One representative will not survive the journey. Some will be willing to sacrifice their lives, others their people, but one thing is certain: the era of light is at an end.

**Los Dias de la Sombra** Liliana Bodoc,2008-11 Five years after their first victory over the forces of Misáianes, the people of the Fertile Lands prepare for a second invasion led by Death herself by attempting a counterattack, escaping to a magical time, and making ready for guerrilla warfare.

*The Fragility of Bodies* Sergio Olguín,2019-06-30 When she hears about the suicide of a Buenos Aires train driver who has left a note confessing to four mortal 'accidents' on the train tracks, journalist Veronica Rosenthal decides to investigate. For the police the case is closed (suicide is suicide), for Veronica it is the beginning of a journey that takes her into an unfamiliar world of grinding poverty, crime-infested neighborhoods, and train drivers on commuter lines haunted by the memory of bodies hit at speed by their locomotives in the middle of the night. Aided by a train driver with whom she has a tumultuous and reckless affair, a junkie in rehab and two street kids willing to risk everything for a can of Coke, she uncovers a group of men involved in betting on working-class youngsters convinced to play Russian roulette by standing in front of fast-coming trains to see who endures the longest.

Volumen IV ,2024-09-17 Este Volumen IV... es pesado. Sigue impenitente, no deja de vestirse de negro, mantiene distancia de esos lugares comunes y de lo que la academia políticamente correcta impone. Tres libros anteriores hicieron un fuerte sólido. Este último vuelve a esos tres, no en clave nostálgica sino con la intensidad de repensarse, reafirmarse y

proponer otras perspectivas que todavía, afortunadamente, dejan interrogantes. Fragmento del Prólogo de Mario Castañeda:

**Fly Already** Etgar Keret,2019-10-01 A brilliant new collection of stories from Etgar Keret, a master of the genre. There's no one like Etgar Keret. His stories take place at the crossroads of the fantastical, searing, and hilarious. His characters grapple with parenthood and family, war and games, marijuana and cake, memory and love. These stories never go to the expected place, but always surprise, entertain, and move ... In 'Arctic Lizard', a young boy narrates a post-apocalyptic version of the world where a youth army wages an unending war, rewarded by collecting prizes. A father tries to shield his son from the inevitable in 'Fly Already'. In 'One Gram Short', a guy just wants to get a joint to impress a girl and ends up down a rabbit hole of chaos and heartache. And in the masterpiece 'Pineapple Crush', two unlikely people connect through an evening smoke down by the beach, only to have one of them imagine a much deeper relationship. The thread that weaves these pieces together is our inability to communicate, to see so little of the world around us and to understand each other even less. Yet somehow, in these pages, through Etgar's deep love for humanity and our hapless existence, a bright light shines through and our universal connection to each other sparks alive.

*The Shadow of the Wind* Carlos Ruiz Zafon,2005-01-25 The New York Times bestseller "The Shadow of the Wind is ultimately a love letter to literature, intended for readers as passionate about storytelling as its young hero." —Entertainment Weekly (Editor's Choice) "One gorgeous read." —Stephen King Barcelona, 1945: A city slowly heals in the aftermath of the Spanish Civil War, and Daniel, an antiquarian book dealer's son who mourns the loss of his mother, finds solace in a mysterious book entitled *The Shadow of the Wind*, by one Julián Carax. But when he sets out to find the author's other works, he makes a shocking discovery: someone has been systematically destroying every copy of every book Carax has written. In fact, Daniel may have the last of Carax's books in existence. Soon Daniel's seemingly innocent quest opens a door into one of Barcelona's darkest secrets--an epic story of murder, madness, and doomed love.

**The Hyde Effect** Steve Vance,2017-12-19 In the hills of Southern California, a series of violent and gruesome deaths occurs within the space of a few hours. The murders are attributed to some unknown, savage animal. Precisely one month later, college student Meg Talley is attacked in the same manner. Astonishingly, she survives, but when she insists that her assailant was a hideous monster-like creature, she is called hysterical. Journalist Douglas Morgan, private eye Nick Grundel, and horror novelist Blake Corbett, however, have each theorized that the mangling, incredible though it seems, might be the work of a werewolf. Now they team up with Meg to peruse an intensive investigation. When a suspect is apprehended and confined, the four are on hand. But neither skeptics nor believers are prepared for the bone-chilling terror and cataclysmic violence that will be unleashed in the night of the January full moon...

*Qualitative Research from Start to Finish, First Edition* Robert K. Yin,2011-09-26 This lively, practical text presents a fresh and comprehensive approach to doing qualitative research. The book offers a unique balance of theory and clear-cut

choices for customizing every phase of a qualitative study. A scholarly mix of classic and contemporary studies from multiple disciplines provides compelling, field-based examples of the full range of qualitative approaches. Readers learn about adaptive ways of designing studies, collecting data, analyzing data, and reporting findings. Key aspects of the researcher's craft are addressed, such as fieldwork options, the five phases of data analysis (with and without using computer-based software), and how to incorporate the researcher's "declarative" and "reflective" selves into a final report. Ideal for graduate-level courses, the text includes: \* Discussions of ethnography, grounded theory, phenomenology, feminist research, and other approaches. \* Instructions for creating a study bank to get a new study started. \* End-of-chapter exercises and a semester-long, field-based project. \* Quick study boxes, research vignettes, sample studies, and a glossary. \* Previews for sections within chapters, and chapter recaps. \* Discussion of the place of qualitative research among other social science methods, including mixed methods research.

The Seven Good Years Etgar Keret, 2015-06-16 A brilliant, life-affirming, and hilarious memoir from a "genius" (The New York Times) and master storyteller. With illustrations by Jason Polan. The seven years between the birth of Etgar Keret's son and the death of his father were good years, though still full of reasons to worry. Lev is born in the midst of a terrorist attack. Etgar's father gets cancer. The threat of constant war looms over their home and permeates daily life. What emerges from this dark reality is a series of sublimely absurd ruminations on everything from Etgar's three-year-old son's impending military service to the terrorist mind-set behind Angry Birds. There's Lev's insistence that he is a cat, releasing him from any human responsibilities or rules. Etgar's siblings, all very different people who have chosen radically divergent paths in life, come together after his father's shivah to experience the grief and love that tie a family together forever. This wise, witty memoir—Etgar's first nonfiction book published in America, and told in his inimitable style—is full of wonder and life and love, poignant insights, and irrepressible humor.

Raised in Captivity Chuck Klosterman, 2019-07-16 Microdoses of the straight dope, stories so true they had to be wrapped in fiction for our own protection, from the best-selling author of *But What if We're Wrong?* A man flying first class discovers a puma in the lavatory. A new coach of a small-town Oklahoma high school football team installs an offense comprised of only one, very special, play. A man explains to the police why he told the employee of his local bodega that his colleague looked like the lead singer of Depeche Mode, a statement that may or may not have led in some way to a violent crime. A college professor discusses with his friend his difficulties with the new generation of students. An obscure power pop band wrestles with its new-found fame when its song *Blizzard of Summer* becomes an anthem for white supremacists. A couple considers getting a medical procedure that will transfer the pain of childbirth from the woman to her husband. A woman interviews a hit man about killing her husband but is shocked by the method he proposes. A man is recruited to join a secret government research team investigating why coin flips are no longer exactly 50/50. A man sees a whale struck by lightning, and knows

that everything about his life has to change. A lawyer grapples with the unintended side effects of a veterinarian's rabies vaccination. Fair warning: *Raised in Captivity* does not slot into a smooth preexisting groove. If Saul Steinberg and Italo Calvino had adopted a child from a Romanian orphanage and raised him on Gary Larsen and Thomas Bernhard, he would still be nothing like Chuck Klosterman. They might be good company, though. Funny, wise and weird in equal measure, *Raised in Captivity* bids fair to be one of the most original and exciting story collections in recent memory, a fever graph of our deepest unvoiced hopes, fears and preoccupations. Ceaselessly inventive, hostile to corniness in all its forms, and mean only to the things that really deserve it, it marks a cosmic leap forward for one of our most consistently interesting writers.

*Afro-Latin American Studies* Alejandro de la Fuente,2018-04-26 Examines the full range of humanities and social science scholarship on people of African descent in Latin America.

*Los días del venado (La Saga de los Confines 1)* Liliana Bodoc,2011-09-01 La Saga de los Confines marca el lanzamiento de Liliana Bodoc como la mejor representante de la épica latinoamericana del siglo XXI e inaugura el género en las letras argentinas. Una invasión sin nombre avanza sobre las Tierras Fértiles. Jamás una catástrofe llega sin anunciarse, pero ¿quiénes serán aquellos capaces de percibir las innumerables pero intangibles señales que la preceden? ¿Y qué harán con ese conocimiento? Lo podrían transformar en amor o en poder. Los hombres de guerra y de conocimiento, los artistas y los Brujos deberán enfrentarla o aceptar el exterminio de su tiempo. Será la guerra entre el Bien y el Mal y en medio de ambos estarán las traiciones, los celos, las valentías, la plena lealtad de un amigo, la inocencia de una niña. Una guerra frente a la que ningún ser vivo podrá permanecer indiferente, ni los hombres en la tierra, ni los pájaros en el cielo, ni los árboles que unen ambos mundos. Con *La Saga de los Confines* Liliana Bodoc irrumpió en el panorama literario cosechando una enorme cantidad de lectores apasionados y el favor de la crítica. En el décimo aniversario de la primera edición, *Suma de Letras* ofrece a los lectores la edición definitiva de los tres libros que significaron el lanzamiento de Liliana Bodoc como la mejor representante de la épica latinoamericana del siglo XXI.

*The Girl on the Fridge* Etgar Keret,2008-04-15 A birthday-party magician whose hat tricks end in horror and gore; a girl parented by a major household appliance; the possessor of the lowest IQ in the Mossad—such are the denizens of Etgar Keret's dark and fertile mind. *The Girl on the Fridge* contains the best of Keret's first collections, the ones that made him a household name in Israel and the major discovery of this last decade.

**The History of Alexander** Quintus Curtius Rufus,2005-04-28 Alexander the Great (356-323 BC), who led the Macedonian army to victory in Egypt, Syria, Persia and India, was perhaps the most successful conqueror the world has ever seen. Yet although no other individual has attracted so much speculation across the centuries, Alexander himself remains an enigma. Curtius' *History* offers a great deal of information unobtainable from other sources of the time. A compelling narrative of a turbulent era, the work recounts events on a heroic scale, detailing court intrigue, stirring speeches and brutal

battles - among them, those of Macedonia's great war with Persia, which was to culminate in Alexander's final triumph over King Darius and the defeat of an ancient and mighty empire. It also provides by far the most plausible and haunting portrait of Alexander we possess: a brilliantly realized image of a man ruined by constant good fortune in his youth.

Laboratory Life Bruno Latour, Steve Woolgar, 2013-04-04 This highly original work presents laboratory science in a deliberately skeptical way: as an anthropological approach to the culture of the scientist. Drawing on recent work in literary criticism, the authors study how the social world of the laboratory produces papers and other texts, and how the scientific vision of reality becomes that set of statements considered, for the time being, too expensive to change. The book is based on field work done by Bruno Latour in Roger Guillemin's laboratory at the Salk Institute and provides an important link between the sociology of modern sciences and laboratory studies in the history of science.

**Architects of Buddhist Leisure** Justin Thomas McDaniel, 2016-11-30 Buddhism, often described as an austere religion that condemns desire, promotes denial, and idealizes the contemplative life, actually has a thriving leisure culture in Asia. Creative religious improvisations designed by Buddhists have been produced both within and outside of monasteries across the region—in Nepal, Japan, Korea, Macau, Hong Kong, Singapore, Laos, Thailand, and Vietnam. Justin McDaniel looks at the growth of Asia's culture of Buddhist leisure—what he calls “socially disengaged Buddhism”—through a study of architects responsible for monuments, museums, amusement parks, and other sites. In conversation with noted theorists of material and visual culture and anthropologists of art, McDaniel argues that such sites highlight the importance of public, leisure, and spectacle culture from a Buddhist perspective and illustrate how “secular” and “religious,” “public” and “private,” are in many ways false binaries. Moreover, places like Lek Wiriyaphan's Sanctuary of Truth in Thailand, Suối Tiên Amusement Park in Saigon, and Shi Fa Zhao's multilevel museum/ritual space/tea house in Singapore reflect a growing Buddhist ecumenism built through repetitive affective encounters instead of didactic sermons and sectarian developments. They present different Buddhist traditions, images, and aesthetic expressions as united but not uniform, collected but not concise: Together they form a gathering, not a movement. Despite the ingenuity of lay and ordained visionaries like Wiriyaphan and Zhao and their colleagues Kenzo Tange, Chan-soo Park, Tadao Ando, and others discussed in this book, creators of Buddhist leisure sites often face problems along the way. Parks and museums are complex adaptive systems that are changed and influenced by budgets, available materials, local and global economic conditions, and visitors. Architects must often compromise and settle at local optima, and no matter what they intend, their buildings will develop lives of their own. Provocative and theoretically innovative, *Architects of Buddhist Leisure* asks readers to question the very category of “religious” architecture. It challenges current methodological approaches in religious studies and speaks to a broad audience interested in modern art, architecture, religion, anthropology, and material culture.

Invisible Cities Italo Calvino, 2010-12-14 Fifty-five fictional cities, each described in beautiful detail - each with a woman's

name... In *Invisible Cities* Marco Polo conjures up cities of magical times for his host, the Chinese ruler Kublai Khan, but gradually it becomes clear that he is actually describing one city: Venice. As Gore Vidal wrote 'Of all tasks, describing the contents of a book is the most difficult and in the case of a marvellous invention like *Invisible Cities*, perfectly irrelevant.' This is a captivating meditation on culture, language, time, memory and the nature of human experience. 'Invisible Cities changed the way we read and what is possible in the balance between poetry and prose... The book I would choose as pillow and plate, alone on a desert island' Jeanette Winterson 'Touches inexhaustibly on the essence of the human urge to create cities, be in cities, speak of cities' Guardian 'A subtle and beautiful meditation' Sunday Times

**Twilight** Stephenie Meyer, 2009-02-26 When 17 year old Isabella Swan moves to Forks, Washington to live with her father she expects that her new life will be as dull as the town. But in spite of her awkward manner and low expectations, she finds that her new classmates are drawn to this pale, dark-haired new girl in town. But not, it seems, the Cullen family. These five adopted brothers and sisters obviously prefer their own company and will make no exception for Bella. Bella is convinced that Edward Cullen in particular hates her, but she feels a strange attraction to him, although his hostility makes her feel almost physically ill. He seems determined to push her away - until, that is, he saves her life from an out of control car. Bella will soon discover that there is a very good reason for Edward's coldness. He, and his family, are vampires - and he knows how dangerous it is for others to get too close.
