The Heroine's Journey Maureen Murdock, 2020-08-18 The Heroine's Journey describes contemporary woman's search for wholeness in a society where she has been defined according to masculine values. Drawing on cultural myths and fairy tales, ancient symbols and goddesses, and the dreams of contemporary women, Murdock illustrates the need for—and the reality of—feminine values in Western culture. This special anniversary edition, with a new foreword by Christine Downing and preface by the author, illuminates that this need is just as relevant today as it was when the book was originally published thirty years ago.

Where are the coins? Joan Garriga Bacardí , 2019-11-20 Confucius taught us that the only person who can always be happy is the one who knows how to be happy with everything. Similarly, if we avoid passive conformism and false resignation, we discover that the password to open the doors of personal fulfilment is made up of a single syllable: YES. YES. To life, just as it is. To ourselves, just as we are. To others, just as they are. To our parents, just as they are and as they were, as the providential vehicles of our existence and much more. This is the message that Joan Garriga Bacardí unveils in this book—poetic, though-provoking, and conducive to change—about a basic issue that concerns us all: the process of assuming our origins, our family legacy, and of thereby finding our place in the world. The text celebrates life without taking away its realism and harshness, thereby distancing itself from artificial, positivist psychology. *Where are the Coins?* offers new perspectives for the soul, both for those who suffer when they think of their parents and for those who do so with gratitude. It speaks the language of reconciliation and peace. It shows the power of love and how to integrate and overcome the wounds

that get in the way of having a full life.

Two Master Sufi Poets and Friends of Delhi -Amir Khusrau and Hasan Dehlavi Amir Khusrau, Hasan Dehlavi, 2016-06-22 TWO MASTER SUFI POETS & FRIENDS OF DELHI AMIR KHUSRAU & HASAN DEHLAVI Selected Poems & Biographies Translation & Introduction Paul Smith In Delhi in the 13th century the great Sufi Master Nizam al-Din Auliya of the Chistiyya order had two famous disciples who were also poets: Amir Khusrau, the 'Parrot of India' and Hasan Dehlavi, the 'Sadi of India' who remained close friends all their lives. Amir Khusrau composed over 90 books and was a musician who invented the sitar as well as being an historian, and many other occupations... a truly 'universal man'. He too eventually became a Spiritual Master. He was influential on Hafiz of Shiraz who copied his ghazals and was probably the founder of the Urdu language. He composed ghazals, ruba'is, many masnavis and in most other forms of Persian poetry. Hasan Dehlavi born in the same year as Khusrau was a supreme master of the ghazal and also composed a famous book of stories and sayings of their Spiritual Master, Nizam al-Din Auliya. The large selection of poetry translated of both poets is in the correct rhyme structure & meaning. Smith has probably put together the greatest collection of literary facts and history concerning Hafiz. Daniel Ladinsky (Penguin Books author). I have never seen such a good translation and I would like to write a book in Farsi and introduce his Introduction to Iranians. Mr B. Khorramshai, Academy of Philosophy, Tehran. Treedom Takashi Kobayashi,2020-11-22 *Treedom* is an exploration of Japan's most well-known treehouse builder Takashi Kobayashi. Takahashi, who has been featured in the *New York Times* and on *Animal Planet's Treehouse Masters*, as well as many television programs, newspapers, and magazines in Japan, examines being an outcast in a rigid society of rules and conformity and finding salvation in the trees. *Treedom*, filled with photography, poetry, and Takashi's personal accounts of treehouse building, describes how treehouse living is not just a lifestyle but a philosophy.

The Continuum Concept Jean Liedloff,2004-01-29 *The Continuum Concept* introduces the idea that in order to achieve optimal physical, mental and emotional development, human beings - especially babies - require the kind of instinctive nurturing as practiced by our ancient relatives. It is a true 'back to basics' approach to parenting. Author Jean Liedloff spent two and-a-half years in the jungle deep in the heart of South America living with indigenous tribes and was astounded at how differently children are raised outside the Western world. She came to the realisation that essential child-rearing techniques such as touch, trust and community have been undermined in modern times, and in this book suggests practical ways to regain our natural well-being, for our children and ourselves.

Schizophrenia Mary Boyle,2021-10-14 The idea of schizophrenia as a disease has become profoundly influential both within the medical profession and amongst the general public. So strong is this idea that those who criticize it are apt to be

dismissed as being either ignorant of the latest research or indifferent to the fate of the mentally ill. This book challenges such ideas by offering a detailed critique of the origins and development of the concept and diagnosis of schizophrenia. Mary Boyle shows how such diagnoses did and still do rely on opinion rather than evidence, how they were characterized by conceptual confusion, and how subsequent research has been misrepresented. She therefore questions the validity of schizophrenia as illness, but emphasizes that this is not to deny the existence of bizarre behaviour. She offers alternative interpretations of such behaviour, and points out the need to ask searching questions about the labelling of some behaviour as symptomatic of mental illness. By focusing not on schizophrenics, but on those who diagnose schizophrenia, this book will undoubtedly attract some criticism and debate. Yet her approach allows the author to question traditional interpretations of bizarre behaviour, and to make more central the social and ethical issues which surround it.

Malinche Laura Esquivel, 2008-12-09 An extraordinary retelling of the passionate and tragic love between the conquistador Cortez and the Indian woman Malinalli, his interpreter during his conquest of the Aztecs. Malinalli's Indian tribe has been conquered by the warrior Aztecs. When her father is killed in battle, she is raised by her wisewoman grandmother who imparts to her the knowledge that their founding forefather god, Quetzalcoatl, had abandoned them after being made drunk by a trickster god and committing incest with his sister. But he was determined to return with the rising sun and save her tribe from their present captivity. When Malinalli meets Cortez she, like many, suspects that he is the returning Quetzalcoatl, and assumes her task is to welcome him and help him destroy the Aztec empire and free her people. The two fall passionately in love, but Malinalli gradually comes to realize that Cortez's thirst for conquest is all too human, and that for gold and power, he is willing to destroy anyone, even his own men, even their own love.
