Dan Millman

The Fire From Within Carlos Castaneda,2017-07-13 Fire from Within is the author's most brilliant thought-provoking and unusual book, one in which Castaneda, under the tutelage of don Juan and his disciples, at last constructs, from the teachings of don Juan and his own experiences, a stunning portrait of the sorcerer's world that is crystal-clear and dizzying in its implications. Each of Carlos Castaneda's books is a brilliant and tantalizing burst of illumination into the depths of our deepest mysteries, like a sudden flash of light, like a burst of lightning over the desert at night, which shows us a world that is both alien and totally familiar -- the landscape of our dreams.

Wretched Jake Remington,2017-02-15 Bruce Mclean has experienced more tragedy and blessing in his forty-five years than most people would over several lifetimes. Orphaned at six when his mother died of a heroin overdose, he was fortunate enough to be adopted by a loving and caring couple - but tragedy returned to strike again at twelve, when his adoptive mother died of cancer, and yet again in high school, when his adoptive father was killed in a car accident. Bruce enters adulthood completely alone in life and haunted by dreams of a mother he barely remembers. Both exceptional and flawed in

many ways, Bruce perseveres and marries a beautiful woman with whom he fathers a daughter. He goes on to build a successful business empire and considerable wealth. But fate isn't anywhere near finished with Bruce. Years later, divorced, he makes a lifestyle choice to relocate to a small idyllic mountain town. He is determined to move on to a new phase in his life. There he meets Tara, a very sexy and very dangerous woman, and is suddenly thrust into a web of sex, lies, deceit, and betrayal that threaten not only his business and wealth, but everything he holds dear. Like Bruce, Tara is extremely active, and after a few sessions of tearing up the mountain bike trails as well as ravaging each other, Bruce is completely under the spell of this alluring woman. But all is not what it seems, for Tara is from a different world than Bruce. As an ex-marine and mercenary, she is a very strong female but she is also an unapologetic psychopath. Bruce soon finds that to protect his loved ones, he must navigate through the impossible odds stacked against him by those who would seek his destruction, while at the same time dealing with his own inner demons and a tragic past that seems determined to follow him. This novel contains some sexually explicit content.

The Art of Peace Morihei Ueshiba,2023-12-12 The inspirational teachings in this collection show that the real way of the warrior is based on compassion, wisdom, fearlessness, and love of nature. The teachings are drawn from the talks and

writings of Morihei Ueshiba, founder of the popular Japanese martial art of Aikido, a mind-body discipline he called the Art of Peace, which offers a nonviolent way to victory in the face of conflict. Ueshiba believed that Aikido principles could be applied to all the challenges we face in life—in personal and business relationships, and in our interactions with society. This is an expanded version of the original miniature edition that appeared in the Shambhala Pocket Classics series. It features a new introduction by John Stevens, recently translated doka, didactic poems of the Way, and Ueshiba's own calligraphy.

What It Is Like to Go to War Karl Marlantes, 2011-08-30 “A precisely crafted and bracingly honest” memoir of war and its aftershocks from the New York Times–bestselling author of *Matterhorn* (The Atlantic). In 1968, at the age of twenty-three, Karl Marlantes was dropped into the highland jungle of Vietnam, an inexperienced lieutenant in command of forty Marines who would live or die by his decisions. In his thirteen-month tour he saw intense combat, killing the enemy and watching friends die. Marlantes survived, but like many of his brothers in arms, he has spent the last forty years dealing with his experiences. In *What It Is Like to Go to War*, Marlantes takes a candid look at these experiences and critically examines how we might better prepare young soldiers for war. In the past, warriors were prepared for battle by ritual, religion, and literature—which also helped bring them home. While contemplating ancient works from Homer to the Mahabharata, Marlantes writes of the daily contradictions modern warriors are subject to, of being haunted by the face of a young North Vietnamese soldier he killed at close quarters, and of how he finally found a way to make peace with his past. Through it all, he demonstrates just how poorly prepared our nineteen-year-old warriors are for the psychological and spiritual aspects of the journey. In this memoir, the New York Times–bestselling author of *Matterhorn* offers “a well-crafted and forcefully argued work that contains fresh and important insights into what it’s like to be in a war and what it does to the human psyche” (The Washington Post).

Whether read as ethnographic fact or creative fiction, it is the story of a remarkable journey that has left an indelible impression on the life of more than a million readers around the world.

Morningstar Morningstar Mecredi,2006-09-01 Morningstar Mercredi was born and lived in the north - Fort Chipewyan and Fort McMurray in Alberta, Uranium City in Saskatchewan, and a number of small communities. Sexually abused from an early age, by family members and the boyfriends she turned to for consolation, she was promiscuous, alcoholic and a drug user by the time she was thirteen. She married when she was sixteen and had a son two years later. Everything was a struggle. Days and weeks of sobriety were followed by weeks and months of drinking and self-abuse. Then, when her son was four, things began to change. Morningstar found support, from the community, from her son, and from within herself, to be a good mother, find employment, keep relationships and reconnect with her family. Today, she is a strong and creative member of her community, and eager to tell her story of defeat and ultimate triumph. Sadly, the first part of this story is all too common, while the second is all too rare. But Morningstar is a shining example that it can be done. She is honest and self-critical in her descriptions of many attempts and repeated failures. She gives enormous credit to her son, for his constant love, his determination to be honest with her, and his unflinching confidence in her ability to succeed.

The Wheel Of Time Carlos Castaneda,2009-11-24 World-renowned bestselling author Carlos Castaneda's selection of his writings on the shamans of ancient Mexico. Originally drawn to Yaqui Indian spiritual leader don Juan Matus for his knowledge of mind-altering plants, bestselling author Carlos Castaneda soon immersed himself in the sorcerer's magical world entirely. Ten years after his first encounter with the shaman, Castaneda examines his field notes and comes to understand what don Juan knew all along—that these plants are merely a means to understanding the alternative realities that one cannot fully embrace on one's own. In Journey to Ixtlan, Carlos Castaneda introduces readers to this new approach for the first time and explores, as he comes to experience it himself, his own final voyage into the teachings of don Juan, sharing with us what it is like to truly “stop the world” and perceive reality on his own terms.

The Warrior Ethos Steven Pressfield,2011-03-02 WARS CHANGE, WARRIORS DON'T We are all warriors. Each of us struggles every day to define and defend our sense of purpose and integrity, to justify our existence on the planet and to understand, if only within our own hearts, who we are and what we believe in. Do we fight by a code? If so, what is it? What is the Warrior Ethos? Where did it come from? What form does it take today? How do we (and how can we) use it and be true to it in our internal and external lives? The Warrior Ethos is intended not only for men and women in uniform, but artists, entrepreneurs and other warriors in other walks of life. The book examines the evolution of the warrior code of honor and mental toughness. It goes back to the ancient Spartans and Athenians, to Caesar's Romans, Alexander's Macedonians and the Persians of Cyrus the Great (not excluding the Garden of Eden and the primitive hunting band). Sources include Herodotus, Thucydides, Plutarch, Xenophon, Vegetius, Arrian and Curtius--and on down to Gen. George Patton, Field Marshal Erwin Rommel, and Israeli Minister of Defense, Moshe Dayan.
