Guardian Tyler Tillerson, 2024-11-17 GUARDIAN: The Cost of Change is Everything Merelith Torhal is the guardian of her family and its kingdom, but it feels like a title and little else. Now eighteen years old, Merelith still hasn't transformed into what she is supposed to be: an angyr, a powerful creature capable of bending time itself and killing immortals. Born to sorceress queens and immortal kings, Torhal's guardians were never destined to wear the crown on their sibling's heads. Instead, Merelith is something not human, not civilized, and definitely not safe. All problems in the eyes of her little sister and crown princess. Yet dangerous is precisely what Torhal needs as war threatens the tiny kingdom after centuries of peace. Merelith is all in on becoming an apex predator and protector, but will abandoning the woman she is also mean leaving behind her family, her lover, and everything she ever was? Quick Facts About This Book: 1. Guardian is the first book in the series The Wildlands. The story is ~125,000 words long and features over 40 chapters. There is also a resource section for

Red Chronicles Kendrai Meeks, 2020-05-07 I wasn't supposed to fall in love with a werewolf, but he wasn't supposed to break my heart. But he did, and I can either wallow in misery for the rest of my life, or accept that being named after Little Red doesn't mean I have to remake all her mistakes. There's a world out there that doesn't know anything about fated mates, ancient vampire bloodlines, or hoods who magically control silver and have a permanent stick up their butts. (Or at least, the ones in my family do.) A world where I'm not constantly harangued by my mother to finally become the wolf watcher I was born to be and assume my rightful place at her side. And it's a world I'm growing to love, with its quirky humans, awesome Thai dumplings, and total lack of lupines... until the night an English werewolf shows up out of the blue and saves my life. All Tobias Somfield wants in return is a little help to track down some vampires. Only, what we discover when we do opens up our eyes to an entirely different kind of destiny. One that was laid down centuries ago when a warrior in a red hood and the alpha werewolf who loved her betrayed their own kind, creating enemies across the entire supernatural world in the process. Or was that really what happened at all, and will the truth, once revealed, save us or lead to our doom? And can we find some great kebabs some where along the way? The Red Chronicles is a mythpunked urban fantasy series spiked with comedy, mystery, and yes, a little romance along the way. Fur up and fly along!

My Vast Fortune Andrew Tobias,2011-10-12 This book will make you rich. Filthy stinking rich. You will never need to work again. You will spend the rest of your life on the Riviera sipping piña coladas and listening to Sinatra. And even if this doesn't happen, Andrew Tobias will provide you with such a wealth of wit that you will retire with a vast fortune of laughter. -Christopher Buckley, author of Wry Martinis As Newsweek put it, Andrew Tobias remains the funniest of the financial writers. Forbes identified him as one of the financial community's most pithily perceptive observers. In My Vast Fortune, the bestselling author of The Only Investment Guide You'll Ever Need tells the amusing and illuminating story of how he amassed dizzying (well, to him) wealth. Then, he describes the unusual ways he's put it to work. Among his more famous money adventures are: His personal campaign against smoking in Russia, which began when he spotted an opportunity to buy cheap

TV airtime for commercials. Excuse my pronunciation, he told ninety million Russians night after night, but I have something important to tell you. His decision to buy real estate in Miami over the phone, without ever seeing it. For the price of a swank two-bedroom apartment in New York, Tobias realized he could buy most of a neighborhood--so he did. Oops. The tragicomic story of liberal as slumlord. His crusade to fix the auto insurance mess, which pitted him against--of all people--his onetime hero Ralph Nader. After spending \$250,000 of his vast fortune on a referendum in California (where he has never lived), Tobias came to two conclusions: 1) Each of us has a calling and--though appallingly boring--auto insurance seemed more and more to be mine ; and 2) Ralph Nader is a big fat idiot. Finally, Tobias addresses your vast fortune and offers his wisest tips on how to make it and how to spend it. Witty and compassionate, Andrew Tobias is a plutocrat for the nineties, a capitalist with a heart. If you enjoyed *The Only Investment Guide You'll Ever Need*, you'll love *My Vast Fortune*.

Old School Tobias Wolff,2004-08-31 The protagonist of Tobias Wolff's shrewdly—and at times devastatingly—observed first novel is a boy at an elite prep school in 1960. He is an outsider who has learned to mimic the negligent manner of his more privileged classmates. Like many of them, he wants more than anything on earth to become a writer. But to do that he must first learn to tell the truth about himself. The agency of revelation is the school literary contest, whose winner will be awarded an audience with the most legendary writer of his time. As the fever of competition infects the boy and his classmates, fraying alliances, exposing weaknesses, *Old School* explores the ensuing deceptions and betrayals with an unblinking eye and a bottomless store of empathy. The result is further evidence that Wolff is an authentic American master.
