The Unofficial Harry Potter Character Compendium The Editors of MuggleNet,2020-06-23 This compendium showcases EVERY character ever mentioned in the Harry Potter books, films and play: the good, the bad and the misunderstood. With more than 700 entries, this book is packed from cover to cover! J.K. Rowling's collection of mystical multitudes is what makes the wizarding world so enchanting. To dive into Harry's story is to immerse yourself in the richness of a magical universe filled with wizarding history, culture and lore. A world of witches, wizards, owls, elves, non-magical people, anti-non-magical-people people, folks who can talk to snakes and snakes who used to be folks. There are mind-readers, shape-shifters, centaurs, giants, ghosts (nearly headless and fully formed) and one enormous, extremely ill-tempered tree. This massive tome details every character created by J.K. Rowling and appearing in the official Harry Potter canon of books, movies and plays. Each entry highlights one character, where you will find details of when the character was first mentioned, appearance, wizard school, house, patronus, wand, related family members, skills and achievements, personal history and more. The Compendium also include genealogical charts and family trees for the major characters, world maps detailing important locations, homes and schools, as well as charts detailing alliances between characters.

Born to Run Christopher McDougall, 2010-12-09 A New York Times bestseller 'A sensation ... a rollicking tale well told' - The Times At the heart of *Born to Run* lies a mysterious tribe of Mexican Indians, the Tarahumara, who live quietly in canyons and are reputed to be the best distance runners in the world; in 1993, one of them, aged 57, came first in a prestigious 100-mile race wearing a toga and sandals. A small group of the world's top ultra-runners (and the awe-inspiring author) make the treacherous journey into the canyons to try to learn the tribe's secrets and then take them on over a course 50 miles long. With incredible energy and smart observation, McDougall tells this story while asking what the secrets are to being an incredible runner. Travelling to labs at Harvard, Nike, and elsewhere, he comes across an incredible cast of characters, including the woman who recently broke the world record for 100 miles and for her encore ran a 2:50 marathon in a bikini, pausing to down a beer at the 20 mile mark.

A Wizard of Their Age Cecilia Konchar Farr, 2015-01-01 A collection of student essays that captures the passionate engagement their generation brings to the Harry Potter phenomenon. *A Wizard of Their Age* began when the students in Cecilia Konchar Farr's 'Six Degrees of Harry Potter' course at St. Catherine University kept finding errors in the available scholarship. These students had been reading Harry Potter for their entire literate lives, and they demanded more attention to the details they found significant. 'We can do better than this,' they said. Konchar Farr, two undergraduate teaching assistants, and five student editors decided to test that hypothesis. After issuing a call for contributions, they selected fifteen

thoughtful academic essays by students from across the country. These essays examine the Harry Potter books from a variety of perspectives, including literary, historical, cultural, gender, mythological, psychological, theological, and genetic—there is even a nursing care plan for Tom Riddle. Interspersed among the essays are brief vignettes entitled “My Harry Potter Story,” where students write about their personal encounters with the novels. Although a quick Internet search yields a dazzling number of books about Harry Potter, few are as deeply invested or insightful as *A Wizard of Their Age*. Written and edited by—and for—members of the Harry Potter generation, these essays demonstrate this generation’s passionate engagement with the Harry Potter phenomenon and provide numerous critical insights into the individual novels and the series as a whole.

Bite Me Christopher Moore, 2010-03-23 “Christopher Moore is a very sick man, in the very best sense of the word.” —Carl Hiaasen The undead rise again in *Bite Me*, the third book in New York Times bestselling author Christopher Moore’s wonderfully twisted vampire saga. Joining his farcical gems *Bloodsucking Fiends* and *You Suck*, Moore’s latest in continuing story of young, urban, nosferatu style love, is no *Twilight*—but rather a tsunami of the irresistible outrageousness that has earned him the appellation, “Stephen King with a whoopee cushion and a double-espresso imagination” from the *Atlanta Journal-Constitution* and inspired Denver’s *Rocky Mountain News* to declare him, “the 21st century’s best satirist.”

The Dark Lord Trilogy: Star Wars Legends James Luceno, Matthew Stover, 2008-08-26 For the first time in one thrilling volume, three novels—*Labyrinth of Evil*, *Revenge of the Sith*, and *Dark Lord: The Rise of Darth Vader*—that follow an epic chain of events: the last days of the Republic, the creation of the Empire, and the ultimate transformation of Jedi Anakin Skywalker into the notorious Darth Vader. On the planet Neimoidia, Jedi Knights Obi-Wan Kenobi and Anakin Skywalker seize an unexpected prize: intelligence capable of leading the Republic forces to the ever-elusive Darth Sidious, who is ruthlessly orchestrating a campaign to divide and overwhelm the Jedi forces. As combat escalates across the galaxy, and Darth Sidious remains one step ahead of his pursuers, the stage is set for an explosive endgame. Tormented by unspeakable visions, Anakin edges closer to the brink of a galaxy-shaping decision, while Darth Sidious plots to strike the final staggering blow against the Republic—and to ordain a fearsome new Sith Lord: Darth Vader. Once the most powerful Knight ever known to the Jedi Order, Anakin becomes Darth Vader, a disciple of the dark side, a lord of the dreaded Sith, and the avenging right hand of the galaxy’s ruthless new Emperor. As a few surviving Jedi lead a charge on a Separatist stronghold, the deadliest threat still rests in the swift and lethal crimson lightsaber of Darth Vader—behind whose brooding mask lies a shattered heart, a poisoned soul, and a cunning, twisted mind hell-bent on vengeance. For the handful of scattered Jedi hunted across space, survival is imperative if the light side of the Force is to be protected and the galaxy reclaimed. *LABYRINTH OF EVIL* by James Luceno *REVENGE OF THE SITH* by Matthew Stover, based on the story and screenplay by George Lucas *DARK LORD: The Rise of Darth Vader* by James Luceno

This book is the first to explore the real history in which Harry's world is rooted. Did you know that bezoars and mandrakes were fashionable luxury items for centuries? Find out how Europeans first developed the potions, spells, and charms taught at Hogwarts, from Avada Kedavra to love charms. Learn how the European prosecution of witches led to the Statute of Secrecy, meet the real Nicholas Flamel, see how the Malfoys stack up against Muggle English aristocrats, and compare the history of the wizarding world to real-life history. Gives you the historical backdrop to Harry Potter's world Covers topics ranging from how real British boarding schools compare to Hogwarts to how parchment, quills, and scrolls used in the wizarding world were made Includes a timeline comparing the history of the wizarding world to Muggle real history Filled with fascinating facts and background, *Harry Potter and History* is an essential companion for every Harry Potter fan.

Voldemort Gdc Publishing, 2017-10-16 Years ago, I knew a boy, who made all the wrong choices. But what choices were they? And how exactly did it happen that a boy like any other turned into the most feared dark wizard of all time? These are the questions that any self-respecting Harry Potter fan would ask. Thor and the Warriors Four Alex Zalben, 2010 Power Pack travel to Asgard to find Thor who is the only person who can save the life of their grandmother.

[Fantastic Beasts and where to Find Them](#) J. K. Rowling, 2009-01-01 An entertaining companion to the Harry Potter books, written by J.K. Rowling. *Fantastic Beasts and Where to Find Them* is an extensive introduction to magical beasts familiar from the Harry Potter books and others we haven't yet met. Includes information about beasts which can be found in Australia and New Zealand and what they eat.

The Dead Sociologists Society Mark Stobbe, 2021-11-24 In *The Dead Sociologists Society*, Mark Stobbe manages to

attend a meeting of the Dead Sociologists Society where he learns that the magical struggle between Harry Potter and Lord Voldemort really happened. The Harry Potter series was implanted in the mind of J.K. Rowling in order to disguise the turbulent events as fiction. What follows is a brilliant imagining of what the ghosts of famous dead sociologists would make of the elaborate magical world. From the perspective of thinkers, such as Max Weber, Karl Marx, Georg Simmel, Pitirim Sorokin, W.E.B. DuBois, and Emile Durkheim, Stobbe examines questions such as: • Were the secret societies of the Order of the Phoenix and the Death Eaters really that different? • Why was Hermione Granger's attempt to free house-elves from slavery so unsuccessful? • How was stigma handled in the magical world? In addition to chapters written from the perspective of one sociologist, the book contains two panel discussions. In the first, Karl Marx and Max Weber debate the reasons for the technological backwardness of the magical world. In the second, six famous dead criminologists give different explanations for why Tom Riddle became the notorious Lord Voldemort. The Dead Sociologists Society is an entertaining compendium of sociological analyses of the Harry Potter series. Perhaps more importantly, this book offers a serious and insightful journey through classical sociological thought. It is an ideal text for high school and university sociology students.
