

# You Go To War With The Army You Have

**Jennifer Mittelstadt**

Rumsfeld's Rules Donald Rumsfeld, 2013-05-14 The man once named one of America's ten "toughest" CEOs by Fortune magazine offers current and future leaders practical advice on how to make their companies and organizations more effective. Throughout his distinguished career—as a naval aviator, a U.S. Congressman, a top aide to four American presidents, a high-level diplomat, a CEO of two Fortune 500 companies, and the only twice-serving Secretary of Defense in American history—Donald Rumsfeld has collected hundreds of pithy, compelling, and often humorous observations about leadership, business, and life. When President Gerald Ford ordered these aphorisms distributed to his White House staff in 1974, the collection became known as Rumsfeld's Rules. First gathered as three-by-five cards in a shoebox and then typed up and circulated informally over the years, these eminently nonpartisan rules have amused and enlightened presidents, business executives, chiefs of staff, foreign officials, diplomats, and members of Congress. They earned praise from the Wall Street Journal as Required reading, and from the New York Times which said: Rumsfeld's Rules can be profitably read in any organization...The best reading, though, are his sprightly tips on inoculating oneself against that dread White House disease, the inflated ego. Distilled from a career of unusual breadth and accomplishment, and organized under practical topics like hiring people, running a meeting, and dealing with the press, Rumsfeld's Rules can benefit people at every stage in their careers and in every walk of life, from aspiring politicians and industrialists to recent college graduates, teachers, and business leaders.

**The Ghost Army of World War II** Rick Beyer, Elizabeth Sayles, 2023-10-10 "A riveting tale told through personal accounts and sketches along the way—ultimately, a story of success against great odds. I enjoyed it enormously." —Tom Brokaw The first book to tell the full story of how a traveling road show of artists wielding imagination, paint, and bravado saved thousands of American lives—now updated with new material. In the summer of 1944, a handpicked group of young GIs—artists, designers, architects, and sound engineers, including such future luminaries as Bill Blass, Ellsworth Kelly, Arthur Singer, Victor Dowd, Art Kane, and Jack Masey—landed in France to conduct a secret mission. From Normandy to the Rhine, the 1,100 men of the 23rd Headquarters Special Troops, known as the Ghost Army, conjured up phony convoys, phantom divisions, and make-believe headquarters to fool the enemy about the strength and location of American units. Every move they made was top secret, and their story was hushed up for decades after the war's end. Hundreds of color and

black-and-white photographs, along with maps, official memos, and letters, accompany Rick Beyer and Elizabeth Sayles's meticulous research and interviews with many of the soldiers, weaving a compelling narrative of how an unlikely team carried out amazing battlefield deceptions that saved thousands of American lives and helped open the way for the final drive to Germany. The stunning art created between missions also offers a glimpse of life behind the lines during World War II. This updated edition includes: A new afterword by co-author Rick Beyer Never-before-seen additional images The successful campaign to have the unit awarded a Congressional Gold Medal History and WWII enthusiasts will find *The Ghost Army of World War II* an essential addition to their library.

*Army of None: Autonomous Weapons and the Future of War* Paul Scharre, 2018-04-24 Winner of the 2019 William E. Colby Award The book I had been waiting for. I can't recommend it highly enough. —Bill Gates The era of autonomous weapons has arrived. Today around the globe, at least thirty nations have weapons that can search for and destroy enemy targets all on their own. Paul Scharre, a leading expert in next-generation warfare, describes these and other high tech weapons systems—from Israel's Harpy drone to the American submarine-hunting robot ship Sea Hunter—and examines the legal and ethical issues surrounding their use. "A smart primer to what's to come in warfare" (Bruce Schneier), *Army of None* engages military history, global policy, and cutting-edge science to explore the implications of giving weapons the freedom to make life and death decisions. A former soldier himself, Scharre argues that we must embrace technology where it can make war more precise and humane, but when the choice is life or death, there is no replacement for the human heart.

*On War* Carl von Clausewitz, 2023-08-22 *On War* by Carl von Clausewitz (translated by J. J. Graham). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

*Known and Unknown* Donald Rumsfeld, 2011-02-08 A powerful memoir from the late former U.S. Secretary of Defense Donald Rumsfeld With the same directness that defined his career in public service, Rumsfeld's memoir is filled with previously undisclosed details and insights about the Bush administration, 9/11, and the wars in Afghanistan and Iraq. It also features Rumsfeld's unique and often surprising observations on eight decades of history. Rumsfeld addresses the challenges and controversies of his illustrious career, from the unseating of the entrenched House Republican leader in 1965, to helping the Ford administration steer the country away from Watergate and Vietnam, to the war in Iraq, to confronting abuse at Abu Ghraib. Along the way, he offers his plainspoken, first-hand views and often humorous and surprising anecdotes about some of the world's best-known figures, ranging from Elvis Presley to George W. Bush. Both a fascinating narrative and an unprecedented glimpse into history, *Known and Unknown* captures the legacy of one of the most influential men in public

service.

**Pressure Plate** Ed Toy,2013-11-05 This book provides one perspective on the operational activities associated with executing offensive counter-IED operations in Southern Afghanistan during 2008-2009. This period of the war experienced more IED attacks on US and coalition forces than another time during the war. The comments and observations made by the author, Colonel Ed Toy USA are drawn from his personal experience while serving as the Chief of Counter-IED operations in Regional Command-South and the Deputy Commander for Joint Task Force Paladin at Kandahar Airfield. COL Toys perspective is not necessarily the official viewpoint of the US military or the contributing nations to the International Security Assistance Forces (ISAF) however much of the research and commentary are taken from actual events either drawn from the authors own personal experience or directly from US and ISAF forces conducting C-IED operations during this the bloodiest year of the Afghan war.

**No End in Sight** Charles Ferguson,2009-02-23 The first book of its kind to chronicle the reasons behind Iraq's descent into guerilla war, warlord rule, criminality, and anarchy, No End In Sight is a shocking story of wholesale incompetence, recklessness, and venality. Culled from over 200 hours of footage collected for the film, the book provides a candid and alarming retelling of the events following the fall of Baghdad in 2003 by high ranking officials, Iraqi civilians, American soldiers, and prominent analysts. Together, these voices reveal the principal errors of U.S. policy that largely created the insurgency and chaos that engulf Iraq today -- and what we could and should do about them now. No End In Sight marks the first time Americans will be allowed inside the White House, Pentagon, and Baghdad's Green Zone to understand for themselves the disintegration of Iraq -- and how arrogance and ignorance turned a military victory into a seemingly endless and deepening nightmare of a war.

**Duty** Robert Gates,2014-01-14 'As I look back, there is a parallel theme to my years at war: love. By that I mean the love - there is no other word for it - I came to feel for the troops, and the overwhelming sense of personal responsibility I developed for them. So much so that it would shape some of my most significant decisions and positions.' When Robert M. Gates received a call from the White House, he thought he'd long left Washington politics behind: After working for six presidents in both the CIA and the National Security Council, he was happily serving as president of Texas A&M University. But when he was asked to help a nation mired in two wars and to aid the troops doing the fighting, he answered what he felt was the call of duty. Robert Gates was US Secretary of Defense from 2006 to 2011 serving under both George Bush and Barack Obama. Before that he was Director of the CIA. This is his candid and revealing account of US military engagement in Iraq and Afghanistan, where Gates oversaw the controversial 'surge' of US troops in both countries. As well as this, he also provides commentary on the situations in Syria, Iran, Israel and North Korea and details behind the scenes meetings with Bush, Cheney, Rice, Obama and other major political figures. Mr. Gates is the only Secretary of Defense to serve under both

a Republican and a Democratic president, and in Duty he provides an unsparing, full accounting of his tenure.

Oxford Studies in Normative Ethics, Volume 1 Mark Timmons, 2011-10-13 In this volume, leading philosophers advance our understanding of a wide range of moral issues and positions, from analysis of competing normative theories to questions of how we should act and live well.

Shoestring Venture Steve Monas, Richard Hooker, 2008 A Complete Guide to Starting and Growing Your Own Business On A Shoestring Budget The Cheat Sheet for Business. For the millions who start a new business every year on the barest of resources, Shoestring Venture: The Startup Bible is like hiring a high-level consultant to deal with the bewildering maze of issues from finance to marketing to technology that all entrepreneurs face. Every business is nothing but a series of decisions which can make or break the business. You could say that, if there's a science of business, it's the science of making good decisions. And every bootstrap entrepreneur faces the daunting task of making ALL the business decisions, any one of which could either doom the enterprise or catapult it to stratospheric success. That means that every entrepreneur has to quickly get up to speed on every issue their business faces. Shoestring Venture: The Startup Bible is the most exhaustive set of practical resources collected to empower entrepreneurs to make the right decisions on a limited budget, from business concept to product development to Web marketing. We call a consultant in a book, there to give considered and experienced answers to the infinite questions that come up. Shoestring Venture-The Start-up Bible All entrepreneurs - even the smallest operating on the tightest of budgets - have the opportunity to build powerful start-up organizations without ever really having to walk out the front door. Using global communications and data networks, even bootstrap entrepreneurs can staff an entire organization with every human resource and skill they need at rock-bottom prices. In short, anyone can run a virtual organization using only a desktop or laptop computer. Shoestring Venture: The Startup Bible gives bootstrap entrepreneurs all the resources they need to build truly effective startups using the magic of outsourcing and offshoring. This is the century for small business . . . You have the tools to build a powerful start-up organization, from financing to product development to marketing, without ever really having to walk out your front door. Using global communications and data networks, you can staff an entire organization with every human resource and skill you need at rock-bottom prices. You are, in short, running a virtual organization using only a desktop or laptop computer. It's the magic of outsourcing. It means that you can be a pretty formidable player in the business world. Why? Because it permits you to focus your energies on what brings real value to your business-what you do best. That's what this book is all about. Shoestring Venture gives you the tools you need to start your new venture or take your current business several levels higher by exploiting the resources our interconnected world offers you. Chapters: Startup, Finance, Taxes, & Banking, Hardware and Software, Bringing Your Products to Market, Outsourcing Your Back Office, Information Technology, Web and Ecommerce, and Promoting Your Product: Marketing & Sales

Why We Lost Daniel P. Bolger,2014 A high-ranking general's gripping insider account of the U.S. wars in Iraq and Afghanistan, and how it all went wrong. Over a thirty-five-year career, Daniel Bolger rose through the army infantry to become a three-star general, commanding in both theaters of the U.S. campaigns in Iraq and Afghanistan. He participated in meetings with top-level military and civilian players, where strategy was made and managed. At the same time, he regularly carried a rifle alongside rank-and-file soldiers in combat actions, unusual for a general. Now, as a witness to all levels of military command, Bolger offers a unique assessment of these wars, from 9/11 to the final withdrawal from the region. Writing with hard-won experience and unflinching honesty, Bolger makes the firm case that in Iraq and in Afghanistan, we lost -- but we didn't have to. Intelligence was garbled. Key decision makers were blinded by spreadsheets or theories. And, at the root of our failure, we never really understood our enemy. *Why We Lost* is a timely, forceful, and compulsively readable account of these wars from a fresh and authoritative perspective.

*The Impact of the Current Budget-constrained Environment on Military End Strength* United States. Congress. House. Committee on Armed Services. Subcommittee on Military Personnel,2013

**Air Force and Space Digest** ,2005

Philadelphia Holidays 2004, Turkish Pleasures 1997 Bennett Fairorth,2005-11 Events that take place between Thanksgiving Day 2004 and New Year's Day 2005 to Brent Franklin, 78, alternate with events that take place on a two-week escorted tour of Turkey in 1997.

**A People's History of the U.S. Military** Michael Bellesiles,2012-03-13 In *A People's History of the U.S. Military*, historian Michael A. Bellesiles draws from three centuries of soldiers' personal encounters with combat—through fascinating excerpts from letters, diaries, and memoirs, as well as audio recordings, film, and blogs—to capture the essence of the American military experience firsthand, from the American Revolution to the wars in Iraq and Afghanistan. Military service can shatter and give meaning to lives; it is rarely a neutral encounter, and has contributed to a rich outpouring of personal testimony from the men and women who have literally placed their lives on the line. The often dramatic and always richly textured first-person accounts collected in this book cover a wide range of perspectives, from ardent patriots to disillusioned cynics; barely literate farm boys to urbane college graduates; scions of founding families to recent immigrants, enthusiasts, and dissenters; women disguising themselves as men in order to serve their country to African Americans fighting for their freedom through military service. A work of great relevance and immediacy—as the nation grapples with the return of thousands of men and women from active military duty—*A People's History of the U.S. Military* will become a major new touchstone for our understanding of American military service.

**Air Force Magazine** ,2005

**The Allure of Battle** Cathal Nolan,2017-01-02 History has tended to measure war's winners and losers in terms of its

major engagements, battles in which the result was so clear-cut that they could be considered decisive. Cannae, Konigsberg, Austerlitz, Midway, Agincourt-all resonate in the literature of war and in our imaginations as tide-turning. But these legendary battles may or may not have determined the final outcome of the wars in which they were fought. Nor has the genius of the so-called Great Captains - from Alexander the Great to Frederick the Great and Napoleon - play a major role. Wars are decided in other ways. Cathal J. Nolan's *The Allure of Battle* systematically and engrossingly examines the great battles, tracing what he calls short-war thinking, the hope that victory might be swift and wars brief. As he proves persuasively, however, such has almost never been the case. Even the major engagements have mainly contributed to victory or defeat by accelerating the erosion of the other side's defences. Massive conflicts, the so-called people's wars, beginning with Napoleon and continuing until 1945, have consisted of and been determined by prolonged stalemate and attrition, industrial wars in which the determining factor has been not military but matériel. Nolan's masterful book places battles squarely and mercilessly within the context of the wider conflict in which they took place. In the process it help corrects a distorted view of battle's role in war, replacing popular images of the battles of annihilation with somber appreciation of the commitments and human sacrifices made throughout centuries of war particularly among the Great Powers. Accessible, provocative, exhaustive, and illuminating, *The Allure of Battle* will spark fresh debate about the history and conduct of warfare.

*Conflicted* Ian Leslie, 2021-02-16 A THE TIMES BOOK OF THE YEAR Bringing valuable lessons from the cutting edge of communication science, *Conflicted* does for our verbal communication what *Thinking Fast and Slow* did for our inner decision-making. 'One of my favourite writers . . . Beautifully argued, desperately needed.' MALCOLM GLADWELL 'Invaluable. The world will be a better place if everyone reads this book, and because it's so entertaining they probably will.' PHILPPA PERRY 'Essential.' THE TIMES 'Fascinating.' FINANCIAL TIMES What is the secret of happy relationships? How do companies build collaborative cultures? What lies behind some of the greatest scientific and creative breakthroughs? The surprising answer is: conflict. Insight and empathy spring from the clash of different perspectives. In a world where it's easier than ever for people to share their opinions, we should be reaping the benefits of diverse views. Instead, we too often find ourselves mired in hostility or - worse - avoiding disagreement altogether. Ian Leslie argues that this is because most of us never learn how to air our differences in a way that leads to progress. *Conflicted* draws essential lessons on how to disagree well from world-class experts: interrogators, hostage negotiators, divorce mediators, diplomats and addiction counsellors. It tells inspiring stories of productive disagreements, from the invention of the aeroplane to the success of The Rolling Stones, and combines them with fascinating insights from the science of human communication. Whether it's at work, at home, or in public, confronting our differences is the only way to make the most of them. *Conflicted* is about how to do that successfully. 'A cool bath of sanity in a world of frenzied hot takes.' HELEN LEWIS 'Perspective-shifting in important

ways.' OLIVER BURKEMAN

The Rise of the Military Welfare State Jennifer Mittelstadt, 2015-10-12 This study of US military benefits “offers a disturbing view of the armed forces as a high-value target in political clashes over public assistance” (The Nation). Since the end of the draft, the U.S. Army has prided itself on its patriotic volunteers who heed the call to “Be All That You Can Be.” But beneath the recruitment slogans, the army promised volunteers something more tangible: a social safety net including medical care, education, housing assistance, legal services, and other privileges that had long been reserved for career soldiers. The Rise of the Military Welfare State examines how the U.S. Army’s extension of benefits to enlisted men and women created a military welfare system of unprecedented size and scope. In the 1970s, widespread opposition to the draft led to the establishment of America’s all-volunteer army. For this to succeed, a new strategy was needed for attracting and retaining soldiers. The army solved the problem, Jennifer Mittelstadt shows, by promising to take care of its own. While the United States dismantled its civilian welfare system in the 1980s and 1990s, army benefits continued to expand. Mittelstadt also examines how critics of this expansion fought to roll back its signature achievements, even as a new era of war began.

**Presidents of War** Michael Beschloss, 2018-10-09 NEW YORK TIMES BESTSELLER • From a preeminent presidential historian comes a “superb and important” (The New York Times Book Review) saga of America’s wartime chief executives “Fascinating and heartbreaking . . . timely . . . Beschloss’s broad scope lets you draw important crosscutting lessons about presidential leadership.”—Bill Gates Widely acclaimed and ten years in the making, Michael Beschloss’s Presidents of War is an intimate and irresistibly readable chronicle of the Chief Executives who took the United States into conflict and mobilized it for victory. From the War of 1812 to Vietnam, we see these leaders considering the difficult decision to send hundreds of thousands of Americans to their deaths; struggling with Congress, the courts, the press, and antiwar protesters; seeking comfort from their spouses and friends; and dropping to their knees in prayer. Through Beschloss’s interviews with surviving participants and findings in original letters and once-classified national security documents, we come to understand how these Presidents were able to withstand the pressures of war—or were broken by them. Presidents of War combines this sense of immediacy with the overarching context of two centuries of American history, traveling from the time of our Founders, who tried to constrain presidential power, to our modern day, when a single leader has the potential to launch nuclear weapons that can destroy much of the human race. Praise for Presidents of War A marvelous narrative. . . . As Beschloss explains, the greatest wartime presidents successfully leaven military action with moral concerns. . . . Beschloss’s writing is clean and concise, and he admirably draws upon new documents. Some of the more titillating tidbits in the book are in the footnotes. . . . There are fascinating nuggets on virtually every page of Presidents of War. It is a superb and important book, superbly rendered.”—Jay Winik, The New York Times Book Review Sparkle and bite. . . . Valuable and engrossing study of how our chief executives have discharged the most significant of all their duties. . . . Excellent. . . . A

fluent narrative that covers two centuries of national conflict.” —Richard Snow, *The Wall Street Journal*

The Top Books of the Year You Go To War With The Army You Have The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. You Go To War With The Army You Have : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
