*Secrets of the Millionaire Mind* T. Harv Eker, 2009-10-13 #1 New York Times, Wall Street Journal, and USA Today Bestseller! *Secrets of the Millionaire Mind* reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking *Secrets of the Millionaire Mind*, T. Harv Eker states: Give me five minutes, and I can predict your financial future for the rest of your life! Eker does this by identifying your money and success blueprint. We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two

books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and revise it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen Wealth Files, which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

Sneak Peek Since love and fear can hardly exist together, if we must choose between them, it is far safer to be feared than loved. In The Prince, Machiavelli draws on historical examples and his own diplomatic experience to lay out a stark vision of what it takes to seize and maintain power. From the ruthlessness of Cesare Borgia to the political maneuvering of Italian city-states, Machiavelli outlines how a leader must be prepared to act against virtue when necessary. Every decision is a gamble, and success depends on mastering the balance between cunning and force. Synopsis The story of The Prince delves into the often brutal realities of ruling. Machiavelli provides rulers with a pragmatic guide for gaining and sustaining power, asserting that the ends justify the means. The book is not just a reflection on how power was wielded in Renaissance Italy but a timeless manual that offers insight into political consulting, political history, and current political issues. Its relevance has endured for centuries, influencing leaders and thinkers alike. Machiavelli emphasizes that effective rulers must learn how to adapt, deceive, and act decisively in pursuit of their goals.
