*The Hunger Games (Hunger Games, Book One)* Suzanne Collins, 2009-09-01 This Special Edition of The Hunger Games includes the most extensive interview Suzanne Collins has given since the publication of The Hunger Games; an absorbing behind-the-scenes look at the creation of the series; and an engaging archival conversation between Suzanne Collins and YA legend Walter Dean Myers on writing about war. The Special Edition answers many questions fans have had over the years, and gives great insight into the creation of this era-defining work. The Capitol keeps the districts in line by forcing them all to send one boy and one girl between the ages of twelve and eighteen to participate in the annual Hunger Games, a fight to the death on live TV. Sixteen-year-old Katniss Everdeen regards it as a death sentence when she steps forward to take her sister's place in the Games. But Katniss has been close to death before-and survival, for her, is second

nature. Still, if she is to win, she will have to start making choices that weigh survival against humanity and life against love.

The Hunger Pains The Harvard Lampoon,2012-02-07 The hilarious instant New York Times bestseller, The Hunger Pains is a loving parody of the dystopian YA novel and film, The Hunger Games. Winning means wealth, fame, and a life of therapy losing means death, but also fame! This is The Hunger Pains. When Kantkiss Neverclean replaces her sister as a contestant on the Hunger Games—the second-highest-rated reality TV show in Peaceland, behind Extreme Home Makeover—she has no idea what to expect. Having lived her entire life in the telemarketing district's worst neighborhood, the Crack, Kantkiss feels

unprepared to fight to the death while simultaneously winking and looking adorable for the cameras. Heart and Seoul Jen Frederick,2021-05-25 One woman learns that the price of belonging is often steeper than expected in this heart-wrenching yet hopeful romantic novel and first in the Seoul duology by USA Today bestselling author Jen Frederick. As a Korean adoptee, Hara Wilson doesn't need anyone telling her she looks different from her white parents. She knows. Every time Hara looks in the mirror, she's reminded that she doesn't look like anyone else in her family—not her loving mother, Ellen; not her jerk of a father, Pat; and certainly not like Pat's new wife and new "real" son. At the age of twenty-five, she thought she had come to terms with it all, but when her father suddenly dies, an offhand comment at his funeral triggers an identity crisis that has her running off to Seoul in search of her roots. What Hara finds there has all the makings of a classic K-drama: a tall, mysterious stranger who greets her at the airport, spontaneous adventures across the city, and a mess of familial ties, along with a red string of destiny that winds its way around her, heart and soul. Hara goes to Korea looking for answers, but what she gets instead is love—a forbidden love that will either welcome Hara home...or destroy her chance of finding one.

**Space and Place in The Hunger Games** Deidre Anne Evans Garriott,Whitney Elaine Jones,Julie Elizabeth Tyler,2014-03-13 An international bestseller and the inspiration for a blockbuster film series, Suzanne Collins's dystopian, young adult trilogy *The Hunger Games* has also attracted attention from literary scholars. While much of the criticism has focused on traditional literary readings, this innovative collection explores the phenomena of place and space in the novels--how places define people, how they wield power to create social hierarchies, and how they can be conceptualized, carved out, imagined and used. The essays consider wide-ranging topics: the problem of the trilogy's Epilogue; the purpose of the love triangle between Katniss, Gale and Peeta; Katniss's role as mother; and the trilogy as a textual safe space to explore dangerous topics. Presenting the trilogy as a place and space for multiple discourses--political, social and literary--this work assertively places *The Hunger Games* in conversation with the world in which it was written, read, and adapted.

*Talking Pictures* Ann Hornaday,2017-06-13 A veteran film critic offers a lively, opinionated guide to thinking and talking about movies -- from *Casablanca* to *Clueless* Whether we are trying to impress a date after an art house film screening or discussing Oscar nominations among friends, we all need ways to look at and talk about movies. But with so much variety between an Alfred Hitchcock thriller and a Nora Ephron romantic comedy, how can everyday viewers determine what makes

a good movie? In *Talking Pictures*, veteran film critic Ann Hornaday walks us through the production of a typical movie -- from script and casting to final sound edit -- and explains how to evaluate each piece of the process. How do we know if a film has been well-written, above and beyond snappy dialogue? What constitutes a great screen performance? What goes into praiseworthy cinematography, editing, and sound design? And what does a director really do? In a new epilogue, Hornaday addresses important questions of representation in film and the industry and how this can, and should, effect a movie-watching experience. Full of engaging anecdotes and interviews with actors and filmmakers, *Talking Pictures* will help us see movies in a whole new light-not just as fans, but as film critics in our own right.

**After the Revolution** Robert Evans,2022-05-10 What will the fracturing of the United States look like? After the Revolution is an edge-of-your-seat answer to that question. In the year 2070, twenty years after a civil war and societal collapse of the old United States, extremist militias battle in the crumbling Republic of Texas. As the violence spreads like wildfire and threatens the Free City of Austin, three unlikely allies will have to work together in an act of resistance to stop the advance of the forces of the white Christian ethnostate known as the Heavenly Kingdom. Our three protagonists include Manny, a fixer that shuttles journalists in and out of war zones and provides footage for outside news agencies. Sasha is a teenage woman that joins the Heavenly Kingdom before she discovers the ugly truths behind their movement. Finally, we have Roland: A US Army vet kitted out with cyberware (including blood that heals major trauma wounds and a brain that can handle enough LSD to kill an elephant), tormented by broken memories, and 12,000 career kills under his belt. In the not-so-distant world Evans conjures we find advanced technology, a gender expansive culture, and a roving Burning Man-like city fueled by hedonistic excess. This powerful debut novel from Robert Evans is based on his investigative reporting from international conflict zones and on increasingly polarized domestic struggles. It is a vision of our very possible future.
