Eneagrama. Un camino hacia la Luz... Christina Graño,2005

The Little Prince Puts on His Tie Borja Vilaseca,2017-12-31 The Little Prince puts on his tie is a fable based on real events that tells the story of Pablo Príncipe, a young nonconformist and visionary, who, after returning from an epic trip through Madagascar, becomes the new person responsible for people and values of the SAT consultant, a company marked by conflict, dissatisfaction and suffering. Through his innovative conceptions of self-knowledge and personal growth, he will lead the process of change and transformation of this company, developing the potential, talent and creativity of its employees. In parallel, it will inspire the managers to change its mindset, rediscovering what really matters: that the objective of companies is to create wealth, earning money as a result. «The whole world moves away when appears a man who knows where he is going» ANTOINE DE SAINT-EXUPÉRY

Eneagrama para padres y educadores Elizabeth Wagele,2004-05-18 Un libro serio, simpático y divertido que aporta la gran novedad de aplicar el eneagrama a la escuela y al aprendizaje. Los adultos usan el eneagrama para comprender a los demás y para su crecimiento personal, porque reconoce que cada uno es único, aunque identifica ciertas pautas características de conducta. Por eso puede aplicarse a los niños si se utiliza cuidadosamente. Ayudará a los educadores a comprender, discernir y tratar, de modo adecuado y diferenciado, a los nueve tipos que agrupa: perfeccionista, ayudador, ganador, romántico, observador, interrogador, aventurero, asertivo o pacificador.

The Enneagram in Love and Work Helen Palmer,1995-12-15 New from Helen Palmer, a leading teacher and practitioner of the Enneagram (San Francisco Chronicle), the first Enneagram book to give practical advice, in fascinating detail, on how to have the best possible relationships in love and business.

TTG: Teatro Terapeutico Gestaltico a la luz del Eneagrama Alex Segovia,2020-10-16 En su búsqueda personal, que arrancó por el teatro y siguió por el psicoanálisis, la Gestalt y el Eneagrama, Alex Segovia fue encontrando algo que iría más allá del sentido que buscaba: el Teatro terapéutico gestáltico o TTG. Si bien el TTG no puede definirse íntegramente desde la palabra, este primer libro de Segovia traza los lineamientos de su teoría y de su práctica con el objetivo cumplido de presentar una guía para todos aquellos que quieran acercarse a esta forma de evolución de la consciencia y conocimiento de sí. El viaje, también metáfora perfecta del TTG, comienza con un recorrido de los conceptos fundantes y sigue con una segunda parte práctica en la que se describe la aplicación de aquellos conocimientos: los distintos momentos de las experiencias y encuentros vivenciales, los caldeamientos, el movimiento, la importancia del juego, las artes plásticas, la danza y por supuesto el Eneagrama se despliegan tanto desde la teoría como desde su presencia en la práctica. El cuerpo como plataforma base de este trabajo de consciencia, es un capítulo especial escrito por Amanda Buneta, compañera de vida y fundadora junto a Alex de Escenario invisible, fuerza gestante del TTG. El libro presenta también testimonios de los participantes de los encuentros, laboratorios, seminarios y formaciones que se nutren del TTG a la luz del Eneagrama.

The Enneagram Helen Palmer,2011-11-22 It would be impossible for most of us to spend a day without coming into direct or indirect contact with dozens of people family, friends, people in the street, at the office, on television, in our

fantasies and fears. Our relationships with others are the most changeable, infuriating, pleasurable and mystifying elements in our lives. Personality types, based on the ancient system of the Enneagram, will help you to enjoy more satisfying and fulfilling relationships in all areas of your life by introducing you to the nine basic personality types inherent in human nature. This knowledge will help you better understand how others think and why they behave as they do, as well as increasing your awareness of your own individual personality. Written by the leading world authority on the Enneagram, it offers a framework for understanding ourselves and those around us, as well as a wealth of practical insights for anyone interested in psychology, counselling, teaching, social work, journalism and personal management.

Antología del Coaching González, Luis Fernando, 2015-06-29 El Coaching empieza a ser reconocido en la sociedad al trascender el campo empresarial. Es una disciplina de muchas aristas y caminos, teorías y metodologías: descubrirlas, entenderlas y distinguirlas, desde la experiencia de sus pioneros y líderes, es una tarea por demás enriquecedora. Expertos del coaching como Masters Coaches internacionales, escritores, pioneros, creadores y directores de programas de Coaching en escuelas, universidades y organizaciones, así como otras personalidades, comparten de manera abierta y sin ninguna cortapisa sus aprendizajes, visiones, preocupaciones y enfoques más allá de las teorías y modelos. Este documento reubica y reorienta las enseñanzas y bondades del Coaching, y es lectura obligada para la comunidad del Coaching: Coaches, Coachees, estudiantes, profesores, académicos, investigadores y para quienes estén interesados en el tema.

The Path Between Us Suzanne Stabile, 2018-04-10 How do we understand the motivations and dynamics of the different personality types we see in our intimate partners, our friends, or in our professional lives? This book from Suzanne Stabile on the nine Enneagram types and how they experience relationships will guide readers into deeper insights about themselves, their types, and others' personalities so that they can have loving, mature, and compassionate relationships.

The Healing Power of Mind Tulku Thondup, 1998-02-03 The true nature of our minds is enlightened and peaceful, as the depth of the ocean is calm and clear. But when we mentally grasp and emotionally cling to our wants and worries with all our energy, we lose our own enlightened freedom and healing power, only to gain stress and exhaustion, suffering and overexcitement, like the turbulent waves rolling on the surface of the ocean. Our minds possess the power to heal pain and stress, and to blossom into peace and joy, by loosening the clinging attitudes that Buddhists call grasping at self. If we apply the mind's healing power, we can heal not only our mental and emotional afflictions, but physical problems also. This book is an invitation to awaken the healing power of mind through inspiring images and sounds, mindful movements, positive

perceptions, soothing feelings, trusting confidence, and the realization of openness. The healing principle on which these exercises are based is the universal nature and omnipresent power envisioned in Mahayana Buddhism. Yet for healing, we don't have to be believers in any particular faith. We can heal body and mind simply by being what we truly are, and by allowing our own natural healing qualities to manifest: a peaceful and open mind, a loving and positive attitude, and warm, joyful energy in a state of balance and harmony.

Awareness to Action Robert Tallon, Mario Sikora, 2006 Are you a helper or an achiever? A challenger or a peacemaker? *Awareness to Action* explores the nine distinct, yet interconnected personality types of Enneagram theory, which uses a nine-pointed figure to illustrate the relationship between an individual's dominant personality and the other types that comprise the structure. Mario Sikora and Robert Tallon explain the characteristics of each personality and show how a person can capitalize on their strengths and weaknesses, charting a specific course for personal growth. They discuss practical topics such as relationship building, conflict resolution, and personal development, information that will not only be of interest to individuals seeking a greater understanding of self, but to managers and human resource professionals as well.

The Enneagram of Passions and Virtues Sandra Maitri, 2005-05-05 How the mysterious nine-pointed symbol of the enneagram illuminates the worst pitfalls and highest virtues of our psyches. *The Enneagram of Passions and Virtues* elucidates human experience beyond the personality structure. In the tradition of the enneagram, the Virtues are said to be the affective atmosphere that replaces the compulsive and reactive emotional patterns-called the Passions-as one becomes freer of the ego. Sandra Maitri shows how the shift in our consciousness, or soul, from being informed by the Passions to being informed by the Virtues, is one of the hallmarks of inner development. In this book, Maitri explores how our awareness of the Passions, in turn, leads to the manifestation of the Virtues. This shift supports growth on the level of personality as well as on the level of what is beyond-Being, or True Nature. Maitri is widely known as one of the most literate and in-depth writers and teachers on the uses of the enneagram as a tool of inner development. In this book she provides what can be for some an entry into inner work, and for others, who have been engaged in the journey for a longer time, a uniquely incisive explication of concepts they may have missed.

Where are the coins? Joan Garriga Bacardí , 2019-11-20 Confucius taught us that the only person who can always be happy is the one who knows how to be happy with everything. Similarly, if we avoid passive conformism and false resignation, we discover that the password to open the doors of personal fulfillment is made up of a single syllable: YES. YES. To life, just as it is. To ourselves, just as we are. To others, just as they are. To our parents, just as they are and as they were, as the providential vehicles of our existence and much more. This is the message that Joan Garriga Bacardí unveils in this book—poetic, though-provoking, and conducive to change—about a basic issue that concerns us all: the process of assuming our origins, our family legacy, and of thereby finding our place in the world. The text celebrates life without taking away its

realism and harshness, thereby distancing itself from artificial, positivist psychology. Where are the Coins? offers new perspectives for the soul, both for those who suffer when they think of their parents and for those who do so with gratitude. It speaks the language of reconciliation and peace. It shows the power of love and how to integrate and overcome the wounds that get in the way of having a full life.

Zero Frequency Mabel Katz,2020-05 We are living in a time when many people are feeling the weight of the world on their shoulders, in the form of global and personal stress--financial challenges, illness, loneliness, depression, and lack of purpose. Zero Frequency, by Mabel Katz, is an illuminating book that offers all struggling citizens of this planet a path out of turmoil and towards a life of happiness, peace, and abundance. As a lifelong practitioner and leading authority on Ho'oponopono, the ancient Hawaiian art of problem-solving, Mabel Katz's new book presents wisdom in a more practical and modern way--one that simultaneously speaks to the mind and heart, while also cutting through many of the mind traps and illusions that prevent us from experiencing truth. In this book, you will come to understand that Zero Frequency is a direct pipeline back to who we are--to our true essence. Zero Frequency is also a suspension of mind and thought that would allow us to return to the fullness of the Present Moment. Mabel calls this a return to our natural state of Zero--the limitless state that comes when we live in the Now--present, conscious, free of judgment--allowing our hearts to open to the wisdom that already lives within each of us. This book will lay down a concrete path to help its readers wake up and realize their potential. It is a book that is written with the unwavering belief that the more we help (and heal) ourselves, the more we help (and heal) the planet. Living from who we are is at the core of Zero Frequency, a combination of gratitude, letting go, and practicing peace. Zero Frequency is like returning to our childhood, and the joy and innocence we have lost as time and age have buried who we are. Rediscovering this part of ourselves--our true self--is the pathway back to opening our hearts to abundance, peace, and joy. It is where all the answers to life's problems will be found. It is the heart and soul of Zero Frequency.--Publisher.

The Spiritual Dimension of the Enneagram Sandra Maitri,2000-03-06 A groundbreaking exploration of the spiritual dimension of working with the enneagram by one of its earliest students and teachers in America. Here is one of the first

books to explore in an authentic and comprehensive way the original spiritual dimension of the enneagram. Among the most knowledgeable teachers of the enneagram in America, Sandra Maitri shows how the enneagram not only reveals our personalities, but illuminates a basic essence within each of us. She shows how traversing the inner territory particular to our ennea-type can bring us profound fulfillment and meaning, as well as authentic spiritual development.

Instinctual Leadership Maria Jose Munita, Mario Sikora, 2020-01-20 Mario Sikora and Maria Jose Munita are executive coaches and leadership-development consultants who have used the Enneagram to help their clients master the human side of business. Here for the first time, they share descriptions of all of the 27 subtypes according to the Awareness to Action Approach to the Enneagram. This approach to the subtypes and the three instinctual biases--Preserving, Navigating, and Transmitting--is based on experience with clients at all levels, from front-line workers to CEOs, in companies of all kinds on five continents. This experience includes conducting 360 assessments on hundreds of leaders and observing the consistent pattern of expression of the instinctual biases that they discuss in this book. This unique and timely book provides not only descriptions of the subtypes, but a framework that can be used to help leaders (and those who advise them): *Identify potential structural or organizational vulnerabilities of their company or teams and devise solutions to overcome those vulnerabilities; *Improve communication and collaboration, and implement cultural changes; and *Remove barriers to improving individual performance. While the 27 subtypes of the Enneagram have been of quickly growing interest in the field, this approach to them takes a unique perspective. It is a perspective grounded in over two decades of practical application in the business world and consistent with what we know through cognitive science and evolutionary psychology. This short book provides a foundation of fundamental concepts without delving too much into the theory underlying those concepts, and provides a framework with which readers can explore and implement those concepts. Contact us at info@awarenesstoaction.com for information on how to become certified in the applications of the Awareness to Action Enneagram or to become an Awareness to Action International licensee.
