*Stars and Stardom in French Cinema* Ginette Vincendeau, 2000-11-01 French cinema is second only to Hollywood in the number of its movie stars who have emerged to achieve international fame. France is, in fact, arguably the only country other than the United States to have an international star system. Yet these glamorous and charismatic stars differ from their U.S. counterparts in that they maintain more freedom to control their own images and often straddle both mainstream and auteur cinema. Ginette Vincendeau, a leading authority on French cinema, analyzes the phenomenon of French film stardom and provides brilliant in-depth studies of the major popular stars of the French cinema: Max Linder, Jean Gabin, Brigitte Bardot, Jeanne Moreau, Louis de Funès, Jean-Paul Belmondo, Alain Delon, Catherine Deneuve, Gérard Depardieu, and Juliette Binoche. This volume analyzes these stars' images and performance styles in the context of the French film industry, but also in relation to national culture and society. In the country where Brigitte Bardot and Catherine Deneuve have modeled for Marianne (the effigy of the Republic) and left-wing politicians have held up Jean Gabin as a role model, Vincendeau examines the unusual relationship between French film stars and national identity. Ginette Vincendeau is professor of film studies at the University of Warwick. She is the author and editor of a number of books on cinema.

**Le gendarme de Saint-Tropez** Sylvain Raggiati, 2007 Automne 1964. Près de huit millions de Français se ruent dans les salles pour découvrir *Le Gendarme de Saint-Tropez*. Enorme succès pour une comédie légère ayant pour cadre la paradisiaque presqu'île varoise. Dirigé par son complice, le réalisateur Jean Girault, avec lequel il a déjà tourné *Pouic-Pouic* et *Faites sauter la banque*, Louis de Funès donne au maréchal des logis Cruchot une dimension hors norme dans laquelle il libère son génie comique. Face au triomphe du *Gendarme de Saint-Tropez*, une suite est envisagée... c'est le début d'une série unique, soit six films, réalisés entre 1964 et 1982, qui rassemblent plus de trente-cinq millions de spectateurs dans les salles de l'hexagone. Dans ce foisonnant album illustré, Sylvain Raggiati retrace, au gré des anecdotes et des rencontres, une carrière et un cycle cinématographiques sans équivalent.

*Ladies Or Gentlemen* Jean-Louis Ginibre, 2005 From Greek drama through vaudeville and modern cinema, nothing in the theatrical experience has ever guaranteed a laugh like a man in a dress. This spectacular pictorial history examines the grand tradition of male cross-dressing in the movies through more than 700 photos, more than half of which are previously unpublished. The screen's greatest stars, from comedians like Buster Keaton and Peter Sellers to serious actors like Marlon

Brando and Max von Sydow, are pictured in everything from bustiers to ball gowns. Just as in real life, the cinematic motives for cross-dressing are complex, ranging from plot device (I Was a Male War Bride) and social commentary (Tootsie) to the simple sight gags of Laurel and Hardy. The book explores these and myriad other reasons actors are coaxed out of dress suits and into dresses. By turns provocative, serious, and silly, Ladies or Gentlemen is a delightful study of a seldom-explored facet of cinema history.

*Alphaville* Chris Darke,2005 It uses new interviews with Godard's main collaborators on the film to reveal new aspects and explores its multiple influences, on 'Blade Runner', for example, or 'Code 46'. This is the first ever full appraisal of Godard's highly influential classic of sci-fi noir. Chris Darke writes about how, working without sets, special effects, or even a script, Godard made a dystopian vision of a technocratic future city. He explores the film's unique combination of genres and styles, its remarkable creation the secret agent Lemmy Caution, and uses his new interviews with the director's collaborators to chronicle the film's production. He also relates Alphaville to Godard's later work, setting it in the context of his wider career and of its influence on other filmmakers and artists. .

*Chronicles of a Biker* Shaun Donovan,2012-07-13 Chronicles of a Biker is a compilation of anecdotes which Shaun Donovan wrote during his 12 years of riding (and racing) motor-cycles between 1975 and 1987. Now, in 2012, some 36 years after writing his first memoirs of a misspent youth, Shaun has encapsulated dozens of these truly memorable and remarkable (and in some cases unbelievable) stories into one book. In the first few chapters, read how Shaun survives an onslaught of terrifying crashes, each one leaving him with several broken bones -or huge chunks of flesh hanging from his battered body, as he lives-on to fight another day. Also included are the tales of his unlawful misdemeanours, as he is continually chased and caught by the police, culminating in several endorsements, along with the loss of his driving licence on no fewer than two occasions! The second-half of the book is dedicated to three amazing journeys which he undertook between July 1981 and August 1983. Spanning a distance of nearly 15,000km on the road (and a further 2,000 nautical miles on ferries), Shaun traverses 13 countries, 1 principality and several islands in Western Europe, before crossing continents into North Africa, to say his first Hello to the countries of Morocco and Tunisia. Apart from crashing in Spain, dodging psychopathic drivers in Italy and having to put-up with various punctures and breakdowns, Shaun has a whale of a time with various friends and partners, as he crosses the Pyrenees Mountains, glides over the Austrian Alps, and blasts his way up and down the motorways of western Europe, discovering a handful of paradise beaches, dozens of quaint little villages -and several wonders of the world before his triple-adventure is finally at an end. Just like Shauns first two books, (Battle of the Greyhounds, Part I - America, and Battle of the greyhounds, Part II Australia,), which tell the stories of his epic journeys as he circumnavigates these vast continents by Greyhound Bus, Shaun writes every biking tale with such conviction and an unprecedented passion, that one could truly believe they were riding pillionpassenger with him from start to finish.

**The Palgrave Handbook of Music in Comedy Cinema** Emilio Audissino, Emile Wennekes, 2023-11-28 This handbook tackles the understudied relationship between music and comedy cinema by analysing the nature, perception, and function of music from fresh perspectives. Its approach is not only multidisciplinary, but also interdisciplinary in its close examination of how music and other cinematic devices interact in the creation of comedy. The volume addresses gender representation, national identities, stylistic strategies, and employs inputs from cultural studies, musicology, music theory, psychology, cognitivism, semiotics, formal and stylistic film analysis, and psychoanalysis. It is organised in four sections: general introductions, theoretical investigations, music and comedy within national cinemas, and exemplary case studies of films or authors.

*French Cinema* Rémi Fournier Lanzoni, 2015-10-22 To a large extent, the story of French filmmaking is the story of moviemaking. From the earliest flickering images of the late nineteenth century through the silent era, Surrealist influences, the Nazi Occupation, the glories of the New Wave, the rebirth of the industry in the 1990s with the exception culturelle, and the present, Rémi Lanzoni examines a considerable number of the world's most beloved films. Building upon his 2004 best-selling edition, the second edition of *French Cinema* maintains the chronological analysis, factual reliability, ease of use, and accessible prose, while at once concentrating more on the current generation of female directors, mainstream productions such as *The Artist* and *The Intouchables*, and the emergence of minority filmmakers (Beur cinema).

*Film + Travel Europe* Museyon Guides, 2009-06-01 Featuring color photographs of movie locations, sites, and landmarks, this guide for film buffs and travel lovers provides information about notable scenes from nearly 200 movies shot throughout Europe. Visit Almeria, Spain, and be transported into the iconic scenes of *Lawrence of Arabia*. Enjoy an incredible view of Paris from Amélie's Montmartre. Mail a postcard in Procida, Italy, and see the sights shot in *Il Postino*. Prowl through the neighborhoods of Hamburg like Dennis Hopper and feel the eerie glow that is emitted in *The American Friend*. Find out how the location of *Atonement* was found and why Iceland stood in for the sands of Iwo Jima, and much, much more.

*The French Riviera* Michael Nelson, 2016-11-07 *The French Riviera: A History* ranges from the Terra Amata in Nice, occupied from 380,000 years ago and one of the oldest inhabited prehistoric sites in the world, through to settlement by Greeks, Romans, Franks, Ostrogoths and Visigoths, wars and revolutions, to the establishment of the Silicon Valley of France in Sophia-Antipolis in 1974. Michael Nelson shows the surprisingly cosmopolitan nature of the area in the early middle ages, such as the story of the finishing school run by Frankish kings in the 7th century where Siagrius, the ruler of the region, had studied and where the son of King Edwin of Northumbria in England was also sent. The Riviera was part of Provence in France for much of its history and was often a microcosm of France itself, with many dynastic struggles and horrific blood-letting. Colour maps and plates illustrate *The French Riviera: A History*, and it is also full of fascinating anecdotes. Examples

include the loan of a guillotine by Nice to Grasse in the French Revolution (Nice had no victims and Grasse had thirty) and the occasion when Jean Moulin, the leader of the French Resistance in World War II, invited the Germans to the opening of an art gallery in Nice which he was using as a front. In the nineteenth and twentieth century the British and Americans led tourism, and the Riviera was described by Somerset Maugham as 'a sunny place for shady people'. The French Riviera: A History is a fascinating look back over the Riviera's rich history. Perfect to dip into, or follow the whole historical journey in one sitting, it will make the perfect addition to any history buff's bookcase.

**Où va la gendarmerie ?** François Dieu,2020-09-04 La gendarmerie occupe une place à part dans la société française. Elle cultive une authenticité et une spécificité dans le paysage hexagonal. Elle ne constitue pas pour autant un champ d'investigation privilégié pour la sociologie. Grâce à une analyse minutieuse conduite à partir des notions d'organisation, d'identité, de territoire, de dualisme et de conflictualité, cet ouvrage propose une réflexion d'ensemble sur les mutations et les perspectives d'évolution de cette institution familière. Sur les principales questions auxquelles elle est confrontée (implantation territoriale, statut militaire et rattachement au ministère de l'Intérieur), il apporte des repères pour en éclairer la dynamique, saisir ses caractéristiques organisationnelles et culturelles, ainsi que son positionnement dans la France d'aujourd'hui.

*Encyclopedia of French Film Directors* Philippe Rège,2009-12-11 Cinema has been long associated with France, dating back to 1895, when Louis and Auguste Lumi\_re screened their works, the first public viewing of films anywhere. Early silent pioneers Georges Méliès, Alice Guy Blaché and others followed in the footsteps of the Lumi\_re brothers and the tradition of important filmmaking continued throughout the 20th century and beyond. In *Encyclopedia of French Film Directors*, Philippe Rège identifies every French director who has made at least one feature film since 1895. From undisputed masters to obscure one-timers, nearly 3,000 directors are cited here, including at least 200 filmmakers not mentioned in similar books published in France. Each director's entry contains a brief biographical summary, including dates and places of birth and death; information on the individual's education and professional training; and other pertinent details, such as real names (when the filmmaker uses a pseudonym). The entries also provide complete filmographies, including credits for feature films, shorts, documentaries, and television work. Some of the most important names in the history of film can be found in this encyclopedia, from masters of the Golden Age Jean Renoir and René Clair to French New Wave artists such as François Truffaut and Jean-Luc Godard.

*Brigitte Bardot* Ginette Vincendeau,2019-07-25 Ginette Vincendeau analyses Bardot's rise to fame as a highly-acclaimed French international film star and fashion icon from her early days as a fashion model and ballet dancer to her period of 'high stardom' between 1956 and 1960.

*The A to Z of French Cinema* Dayna Oscherwitz,MaryEllen Higgins,2009-09-02 It can be argued that cinema was created

in France by Louis Lumi\_re in 1895 with the invention of the cinZmatographe, the first true motion-picture camera and projector. While there were other cameras and devices invented earlier that were capable of projecting intermittent motion of images, the cinZmatographe was the first device capable of recording and externally projecting images in such a way as to convey motion. Early films such as Lumi\_re's La Sortie de l'usine, a minute-long film of workers leaving the Lumi\_re factory, captured the imagination of the nation and quickly inspired the likes of Georges MZli\_s, Alice Guy, and Charles PathZ. Through the years, French cinema has been responsible for producing some of the world's best directors\_Jean Renoir, Jean-Luc Godard, Fran\_ois Truffaut, and Louis Malle\_and actors\_Charles Boyer, Catherine Deneuve, GZrard Depardieu, and Audrey Tautou. The A to Z of French Cinema covers the history of French film from the silent era to the present in a concise and up to date volume detailing the development of French cinema and major theoretical and cultural issues related to it. This is done through a chronology, an introduction, photographs, a bibliography, and hundreds of cross-referenced dictionary entries on many of the major actors, directors, films, movements, producers, and studios associated with French cinema. Going beyond mere biographical information, entries also discuss the impact and significance of each individual, film, movement, or studio included. This detailed, scholarly analysis of the development of film in France is useful to both the novice and the expert alike.

The Faber Book of French Cinema Charles Drazin,2011-03-17 Offering portraits of such key figures as the Lumière brothers, Georges Méliès, Charles Pathé and Léon Gaumont, he looks at the early pioneers who transformed a fairground novelty into a global industry. The crisis caused by the First World War led France to surrender her position as the world's dominant film-making power, but French cinema forged a new role for itself as a beacon of cinematic possibility and achievement. Producing such distinctive film-makers as Jean Renoir, Marcel Pagnol, Sachy Guitry and Julien Duvivier, the French cinema's Golden Age boasted an intelligence, maturity and flair that classical Hollywood could admire but struggle to emulate. Suggesting a Gallic attitude that has always considered the cinema to be as much a cause as a business, Drazin looks at the extraordinary resilience of the French film industry during the Second World War when, in spite of the national catastrophe of defeat and occupation, it was still able to produce such classics as Le Corbeau and Les Enfants du Paradis. Finally, he traces its remarkable post-war regeneration. He looks at the seminal impact of the New Wave of film-makers - typified by Truffaut and Godard - but also at the other waves that have followed since. As he brings the story up-to-date - with Jacques Audaird's award-winning A Prophet - he seeks to capture the essence of the French film tradition and why it continues to matter to anyone who cares about the cinema.

**Le Gendarme de Poussan** Pierre Lasne,2012-03-01 Attention ! Ce récit est l'histoire vraie et tragi-comique d'un homme libre et de bonnes moeurs dont la vie a basculé le 30 avril 2011. Il va connaître une situation ubuesque et être la victime d'un

abus de pouvoir que même Louis XIV ou Staline (au choix) aurait désavoué ! Le fameux Indignez-vous de Stéphane Hessel, c'est de la gnognote à côté de ce récit qui remet au goût du jour le Pamphlet. Comment et pourquoi Morgan Freeman, Raymond Bussières, Vladimir Poutine, Gérard Klein et Philippe Legorjus, entre autres, se retrouvent dans ce livre ? La meilleure façon de le savoir est encore de lire ce petit ouvrage qui n'a pour but que de vous faire sourire... et dénoncer quelques assermentés ?

**The French Cinema Book** Michael Temple, Michael Witt, 2019-07-25 This thoroughly revised and expanded edition of a key textbook offers an innovative and accessible account of the richness and diversity of French film history and culture from the 1890s to the present day. The contributors, who include leading historians and film scholars, provide an indispensable introduction to key topics and debates in French film history. Each chronological section addresses seven key themes - people, business, technology, forms, representations, spectators and debates, providing an essential overview of the cinema industry, the people who worked in it, including technicians and actors as well as directors, and the culture of cinema going in France from the beginnings of cinema to the contemporary period.

*Dark Allure of the Côte d'Azur*, 2025-01-27 This is the first critical work on the history of the French Riviera from its origins in the eighteenth century to the present day in the English language. It makes the argument that multi-faceted power and violence - war, murder, land dispossession and other privations targeted at the poor, imperialism and ecological degradation (land, sea, rivers and air) - has been integral to the making of the Côte d'Azur. Invariably, this has been downplayed in previous general histories that tend to focus on the personal lives and loves of famous outsiders. In effect, the complex general history of the place is rarely told. Bryant seeks to set that record straight in an innovative work crisscrossing the borders of European and imperial history, geography, politics and environmental studies that will be of interest to an array of scholars, students and general readers who wish to learn about how the planet's most famous coastal resort was made.
