*Cruelty and Utopia* Jean-François Lejeune,2005-02-03 This landmark collection of illustrated essays explores the vastly underappreciated history of America's other cities -- the great metropolises found south of our borders in Central and South America. Buenos Aires, So Paulo, Mexico City, Caracas, Havana, Santiago, Rio, Tijuana, and Quito are just some of the subjects of this diverse collection. How have desires to create modern societies shaped these cities, leading to both architectural masterworks (by the likes of Luis Barragn, Juan O'Gorman, Lcio Costa, Roberto Burle Marx, Carlos Ral Villanueva, and Lina Bo Bardi) and the most shocking favelas? How have they grappled with concepts of national identity, their colonial history, and the continued demands of a globalized economy? Lavishly illustrated, *Cruelty and Utopia* features the work of such leading scholars as Carlos Fuentes, Edward Burian, Lauro Cavalcanti, Fernando Oayrzn, Roberto Segre, and Eduardo Subirats, along with artwork ranging from colonial paintings to stills from Chantal Akerman's film *From the Other Side*. Also included is a revised translation of Spanish King Philip II's influential planning treatise of 1573, the *Laws of the Indies*, which did so much to define the form of the Latin American city.

**Wines of South America** Evan Goldstein,2014-08-29 Introduces the variety and quality of wine available in ten South American countries, exploring the regions, styles, and prominent grapes of the continent's two leading producers, Argentina and Chile, as well other nations' evolving industries.

### **Lives of the Most Eminent Literary and Scientific Men of Italy, Spain and Portugal ,1836**

*The Rebel* Leonor Villegas de Magnón,1994-09-01 *The Rebel* is the memoir of a revolutionary woman, Leonor Villegas de Magnon (1876-1955), who was a fiery critic of dictator Porfirio Diaz and a conspirator and participant in the Mexican Revolution. Villegas de Magnon rebelled against the ideals of her aristocratic class and against the traditional role of women in her society. In 1910 Villegas moved from Mexico to Laredo, Texas, where she continued supporting the revolution as a member of the Junta Revolucionaria (Revolutionary Council) and as a fiery editorialist in Laredo newspapers. In 1913, she founded La Cruz Blanca (The White Cross) to serve as a corps of nurses for the revolutionary forces active from the border region to Mexico City. Many women like Villegas de Magnon from both sides of the border risked their lives and left their families to support the revolution. Years later, however, when their participation had still been unacknowledged and was running the risk of being forgotten, Villegas de Magnon decided to write her personal account of this history. *The Rebel* covers the period from 1876 through 1920, documenting the heroic actions of the women. Written in the third person with a romantic fervor, the narrative interweaves autobiography with the story of La Cruz Blanca. Until now Villegas de Magnon's written contributions have remained virtually unrecognized - peripheral to both Mexico and the United States, fragmented by a border. Not only does her work attest to the vitality, strength and involvement of women in sociopolitical concerns, but it also stands as one of the very few written documents that consciously challenges stereotyped misconceptions of Mexican Americans held by both Mexicans and Anglo-Americans.

### **Children, Spaces and Identity** Margarita Sánchez Romero,Eva Alarcón García,Gonzalo Aranda Jiménez,2015-10-31

How do children construct, negotiate and organize space? The study of social space in any human group is fraught with limitations, and to these we must add the further limits involved in the study of childhood. Here specialists from archaeology, history, literature, architecture, didactics, museology and anthropology build a body of theoretical and methodological

approaches about how space is articulated and organized around children and how this disposition affects the creation and maintenance of social identities. Children are considered as the main actors in historic dynamics of social change, from prehistory to the present day. Notions on space, childhood and the construction of both the individual and the group identity of children are considered as a prelude to papers that focus on analyzing and identifying the spaces which contribute to the construction of children's identity during their lives: the places they live, learn, socialize and play. A final section deals with these same aspects, but focuses on funerary contexts, in which children may lose their capacity to influence events, as it is adults who establish burial strategies and practices. In each case authors ask questions such as: how do adults construct spaces for children? How do children manage their own spaces? How do people (adults and children) build (invisible and/or physical) boundaries and spaces?

Caliban and the Witch Silvia Federici, 2021-07-29 'A groundbreaking work . . . Federici has become a crucial figure for . . . a new generation of feminists' Rachel Kushner, author of *The Mars Room* A cult classic since its publication in the early years of this century, *Caliban and the Witch* is Silvia Federici's history of the body in the transition to capitalism. Moving from the peasant revolts of the late Middle Ages through the European witch-hunts, the rise of scientific rationalism and the colonisation of the Americas, it gives a panoramic account of the often horrific violence with which the unruly human material of pre-capitalist societies was transformed into a set of predictable and controllable mechanisms. It is a study of indigenous traditions crushed, of the enclosure of women's reproductive powers within the nuclear family, and of how our modern world was forged in blood. 'Rewarding . . . allows us to better understand the intimate relationship between modern patriarchy, the rise of the nation state and the transition from feudalism to capitalism' Guardian

Gómez-Bravo, 2013-01-01 Gómez-Bravo also explores how authorial and textual agency were competing forces in the midst of an era marked by the institution of the Inquisition, the advent of the absolutist state, the growth of cities, and the constitution of the Spanish nation.

*Agatha* Anne Cathrine Bomann, 2019-12-12 Set in 1940s Paris, this bittersweet international bestseller this is the perfect novel for fans of *A Man Called Ove*, *My Name is Lucy Barton* and *The Guest* Cat A psychiatrist is counting down towards his upcoming retirement. He lives alone in his childhood home and has neither friends nor family. Often, he resorts to drawing bird caricatures of his patients instead of taking notes. His social life consists of brief conversations with his meticulous

secretary Madame Surrugue, who has reigned over the clinic for more than thirty years. The two of them have no relationship outside the office, where everything runs smoothly and uneventfully. Until one day, that is, when a young German woman called Agatha arrives and demands to see the doctor and he soon realizes that underneath her fragile exterior is a strong and fascinating woman. The doctor and Agatha embark upon a course of therapy together, a process that forces the doctor to confront his fear of true intimacy outside the clinic. But is it too late to reconsider your existence as a 71-year-old? 'A shrewd, skilful tale of loneliness, the search for meaning and a place in the world, and the problems of truly relating to another human being.' Independent
