

The Gun And The Olive Branch

Saïd K. Aburish

The Gun and the Olive Branch David Hirst, 2003 More than a decade before Israel's New Historians revolutionized the study of Israeli history, English journalist David Hirst wrote *The Gun and the Olive Branch*, a classic, myth-breaking general history of the Israeli-Palestinian conflict. Hirst, former Middle East correspondent of the Guardian, traces the origins of the terrible conflict back to the 1880s to show how Arab violence, although often cruel and fanatical, is a response to the challenge of repeated aggression. *The Gun and the Olive Branch* is an absorbing, potentially controversial, history of the Middle Eastern conflict that is indispensable to anyone with an interest in world politics and by partisans of both sides. This classic and controversial account of the origins of the Middle East conflict returns to print updated with a lengthy introduction that reflects on the course of recent Middle Eastern history—especially the abortive Israeli-Palestinian peace process and 9/11.

The Gun and the Olive Branch David Hirst, 1977

Beware of Small States David Hirst, 2010-03-30 In this magisterial history of Lebanon, from the end of Ottoman rule to the Hezbollah and Hamas wars of today, acclaimed and fiercely independent Middle East journalist and historian David Hirst charts the interplay between a uniquely complex country and the broader struggles of the modern Middle East. Lebanon is the battleground on which the region's greater states pursue their strategic, political, and ideological conflicts--conflicts that sometimes escalate into full-scale proxy wars. Hirst warns that only serious diplomatic action from the Obama administration can prevent the next such action from engulfing the entire region.

The Case Against Israel Michael Neumann, 2005 A measured but relentless assessment of the long struggle between Zionists and Palestinians.

Fateful Triangle Noam Chomsky, 1999 Contents Foreword by Edward W. Said Preface to the Updated Edition 1. Fanning the Flames 2. The Origins of the Special Relationship 3. Rejectionism and Accommodation 4. Israel and Palestine: Historical Backgrounds 5. Peace for Galilee 6. Aftermath 7. The Road to Armageddon 8. The Palestinian Uprising 9. Limited War in Lebanon 10. Washington's Peace Process Index An Excerpt from *Fateful Triangle*, Updated Edition For some time, I've been compelled to arrange speaking engagements long in advance. Sometimes a title is requested for a talk scheduled several years ahead. There is, I've found, one title that always works: The current crisis in the Middle East. One can't predict exactly

what the crisis will be far down the road, but that there will be one is a fairly safe prediction. That will continue to be the case as long as basic problems of the region are not addressed. Furthermore, the crises will be serious in what President Eisenhower called the most strategically important area in the world. In the early post-War years, the United States in effect extended the Monroe Doctrine to the Middle East, barring any interference apart from Britain, assumed to be a loyal dependency and quickly punished when it occasionally got out of hand (as in 1956). The strategic importance of the region lies primarily in its immense petroleum reserves and the global power accorded by control over them; and, crucially, from the huge profits that flow to the Anglo-American rulers, which have been of critical importance for their economies. It has been necessary to ensure that this enormous wealth flows primarily to the West, not to the people of the region. That is one fundamental problem that will continue to cause unrest and disorder. Another is the Israel-Arab conflict with its many ramifications, which have been closely related to the major U.S. strategic goal of dominating the region's resources and wealth. For many years, it was claimed the core problem was Soviet subversion and expansionism, the reflexive justification for virtually all policies since the Bolshevik takeover in Russia in 1917. That pretext having

Terrorism I. Primoratz, 2004-08-02 The first comprehensive discussion of all the main philosophical issues raised by terrorism against the background of its past and recent developments. Prominent philosophers discuss definitions of terrorism, various approaches to its moral evaluation, and the contentious subject of state terrorism. Also included are four case studies, showing how the concepts and arguments philosophers deploy in discussing violence, war and terrorism apply to particular instances of both insurgent and state terrorism, ranging from World War II to September 11, 2001.

Parameters, 1980

Mythologies Without End Jerome Slater, 2020-10-01 The history of modern Israel is a fiercely contested subject. From the Balfour declaration to the Six-Day War to the recent assault on Gaza, ideologically-charged narratives and counter-narratives battle for dominance not just in Israel itself but throughout the world. In the United States and Israel, the Israeli cause is treated as the more righteous one, albeit with important qualifiers and caveats. In *Mythologies Without End*, Jerome Slater takes stock of the conflict from its origins to the present day and argues that US policies in the region are largely a product of mythologies that are often flatly wrong. For example, the Israelis' treatment of Palestinians after 1948 undermined its claim that it was a true democracy, and the argument that Arab states refused to negotiate with Israel for decades is simply untrue. Because of widespread acceptance of these myths in both the US and Israel, the consequences have been devastating to all of the involved parties. In fact, the actual history is very nearly the converse of the mythology: it is Israel and the US that have repeatedly lost, discarded, or even deliberately sabotaged many opportunities to reach fair compromise settlements of the Arab-Israeli and Israeli-Palestinian conflicts. As Slater reexamines the entire history of the conflict from its onset at the end of WWI through the Netanyahu era, he argues that a refutation of the many mythologies

that is a necessary first step toward solving the Arab-Israeli conflict. Focusing on both the US role in the conflict and Israel's actions, this book exposes the self-defeating policies of both nations — policies which have only served to prolong the conflict far beyond when it should have been resolved.

Arafat Saïd K. Aburish, 1999-09-27 A biography of the Palestinian leader

One Land, Two Peoples Deborah J Gerner, 2018-05-04 The Israeli-Palestinian conflict has once again captured world attention?this time because of the coming together of Arafat and Rabin as a result of the secret Oslo Accords and the reactions ensuing from this historic?and challenging?event. One Land, Two Peoples, originally published in the throes of the intifada, now brings its wide readership up to date on progress in the peace negotiations, beginning with their breakdown and subsequent stalemate following the Gulf War and the ensuing renaissance stimulated by the Oslo Accords. One Land, Two Peoples describes the Israeli-Palestinian dynamic as a conflict "rooted in its own reality"?a struggle that, despite its international dimensions, must be resolved by the principals themselves. Throughout, Deborah Gerner shows how what is happening today is steeped in the history of the region and illustrates ways that theories of international relations can help address questions about the politics of national identity and the roles of economics, culture, religion, and outside actors in fueling or quelling the conflict. In its first edition, this text was commended for its clarity, conciseness, and balanced viewpoint. It has been used in college classrooms ranging from international relations and foreign policy to Middle East studies, religious studies, peace studies, history, English, and many more. This new and fully revised second edition includes updated maps, tables, photos, illustrations, media resources, chronology, and glossary, all of which add to the superb text presentation.

Faith Misplaced Ussama Makdisi, 2010-06-22 The two-hundred-year-long relationship between the Arab world and United States has been fraught with tension and resentment. What began in the nineteenth century as a favorable exchange of cultural understanding and economic opportunity deteriorated with America's increasing interest in oil, and finally collapsed when America's pushed for the legitimization of the State of Israel. In this provocative new book, Lebanese-American historian Ussama Makdisi explores America's fractured relationship with the Arab world, and offers policy recommendations that can lead to its repair.

Whose Promised Land Colin Chapman, 2015-07-17 The conflict between Israel and the Palestinians has profoundly affected the Middle East for almost seventy years, and shows no sign of ending. With two peoples claiming the same piece of land for different reasons, it remains a huge political and humanitarian problem. Can it ever be resolved? If so, how? These are the basic questions addressed in a new and substantially revised fifth edition of this highly acclaimed book. Having lived and worked in the Middle East at various times since 1968, Colin Chapman explains the roots of the problem and outlines the arguments of the main parties involved. He also explores the theme of land in the Old and New Testaments, discussing

legitimate and illegitimate ways of using the Bible in relation to the conflict. This new and fully updated edition covers developments since 9/11, including the building of the security wall, the increased importance of Hamas and the Islamic dimension of the conflict, and the attacks on Lebanon and Gaza.

The Lemon Tree (Young Readers' Edition) Sandy Tolan, 2020-11-03 The tale of friendship between two people, one Israeli and one Palestinian, that symbolizes the hope for peace in the Middle East. "Makes an incredibly complicated topic comprehensible."--School Library Journal In 1967, a twenty-five-year-old refugee named Bashir Khairi traveled from the Palestinian hill town of Ramallah to Ramla, Israel, with a goal: to see the beloved stone house with the lemon tree in its backyard that he and his family had been forced to leave nineteen years earlier. When he arrived, he was greeted by one of its new residents: Dalia Eshkenazi Landau, a nineteen-year-old Israeli college student whose family had fled Europe following the Holocaust. She had lived in that house since she was eleven months old. On the stoop of this shared house, Dalia and Bashir began a surprising friendship, forged in the aftermath of war and later tested as political tensions ran high and Israelis and Palestinians each asserted their own right to live on this land. Adapted from the award-winning adult book and based on Sandy Tolan's extensive research and reporting, *The Lemon Tree* is a deeply personal story of two people seeking hope, transformation, and home.

The 1967 Arab-Israeli War Avi Shlaim, William Roger Louis, 2012-02-13 The June 1967 war was a watershed in the history of the modern Middle East. In six days, the Israelis defeated the Egyptian, Syrian and Jordanian armies, seizing large portions of their territories. Two veteran scholars of the Middle East bring together some of the most knowledgeable experts in their fields to reassess the origins and the legacies of the war. Each chapter takes a different perspective from the vantage point of a different participant, those that actually took part in the war, and also the world powers that played important roles behind the scenes. Their conclusions make for sober reading. At the heart of the story was the incompetence of the Egyptian leadership and the rivalry between various Arab players who were deeply suspicious of each other's motives. Israel, on the other side, gained a resounding victory for which, despite previous assessments to the contrary, there was no master plan.

Inside Terrorism Bruce Hoffman, 2006-06-06 Bruce Hoffman's *Inside Terrorism* has remained a seminal work for understanding the historical evolution of terrorism and the terrorist mindset. In this revised edition of the classic text, Hoffman analyzes the new adversaries, motivations, and tactics of global terrorism that have emerged in recent years, focusing specifically on how al Qaeda has changed since 9/11; the reasons behind its resiliency, resonance, and longevity; and its successful use of the Internet and videotapes to build public support and gain new recruits. Hoffman broadens the discussion by evaluating the potential repercussions of the Iraqi insurgency, the use of suicide bombers, terrorist exploitation of new communications media, and the likelihood of a chemical, biological, radiological, or nuclear terrorist strike. Closer to

home, Hoffman reconsiders the Timothy McVeigh case and the threats posed by American Christian white supremacists and abortion opponents as well as those posed by militant environmentalists and animal rights activists. He argues that the attacks on the World Trade Center fundamentally transformed the West's view of the terrorist threat. More relevant and necessary than ever, *Inside Terrorism* continues to be the definitive work on the history and future of global terrorism.

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1979

World Politics, Human Rights, and International Law Francis A. Boyle, 2021-02-04 *World Politics, Human Rights, and International Law* examines the functional dynamics between these concepts based upon the author's professional experiences dealing with real world situations, problems, and crises: from the Bush, Obama, and Trump administrations; Iraq, Iran, Palestine, Israel, and Syria; Bosnia and Herzegovina; successfully litigating genocide at the World Court; indicting Slobodan Milosevic at the International Criminal Tribunal for the Former Yugoslavia; prosecuting American torture and enforced disappearances at the International Criminal Court; opposing nuclear, chemical, and biological weapons; citizen civil resistance against state crimes; protecting Indigenous Peoples, etc. The reader can see how the author defined these predicaments from the perspective of international law and human rights, and then proceeded to grapple with them and to rectify them. This book demonstrates the power of international law and human rights to make a positive difference for international peace and justice as well as for the good of humanity in the real world of international power politics. By reading this book the citizen will be empowered and inspired to do the same.

The Politics of Teaching Palestine to Americans M. Knopf-Newman, 2011-11-21 Explores how American youth are indoctrinated with Zionist mythology and how to intervene in that process by teaching about Palestine. It argues that as the relationship between Zionist education and the Israel lobby continues to be strong, it is necessary to correct the misrepresentations that infiltrate Western culture.

Against the Loveless World Susan Abulhawa, 2020-07-23 Nahr has been confined to the Cube: nine square metres of glossy grey cinderblock, devoid of time, its patterns of light and dark nothing to do with day and night. Journalists visit her, but get nowhere; because Nahr is not going to share her story with them. The world outside calls Nahr a terrorist, and a whore; some might call her a revolutionary, or a hero. But the truth is, Nahr has always been many things, and had many names. She was named for the river her pregnant mother crossed when she fled from Palestine, but her feckless father called her Yaqoot, Ruby. For a time when she came of age she was Almas, Diamond, a girl who went to hidden parties in Kuwait with powerful men, who sold off parts of herself to keep her family together. She was a girl who learned, early and painfully, that when you are a second class citizen love is a kind of desperation; she learned, above all else, to survive. She was a girl who went to Palestine in the wrong shoes, and without looking for it found what she had always lacked in the basement of a battered beauty parlour: purpose, politics, friends. She found a dark-eyed man called Bilal, who taught her to resist; who

tried to save her when it was already too late. Nahr sits in the Cube, and tells her story to Bilal. Bilal, who isn't there; Bilal, who may not even be alive, but who is her only reason to get out.

Palestine and Israel David McDowall,1991-07-01 In this thoroughly researched and highly topical book, David McDowall considers the Palestinian uprising from a historical, social, and political perspective, and carefully reassesses the prospects for a settlement of the Arab-Israeli conflict.

If you ally habit such a referred **The Gun And The Olive Branch** book that will find the money for you worth, acquire the entirely best seller from us currently from several preferred authors. The Gun And The Olive Branch Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free The Gun And The Olive Branch PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows

anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free The Gun And The Olive Branch PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials

they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of The Gun And The Olive Branch free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About The Gun And The Olive Branch Books

1. Where can I buy The Gun And The Olive Branch books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available?
Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Gun And The Olive Branch book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of The Gun And The Olive Branch books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are The Gun And The Olive Branch audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while

commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read The Gun And The Olive Branch books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
