Trust and Inspire Stephen M.R. Covey,David Kasperson,McKinlee Covey,Gary T. Judd,2023-04-04 From the bestselling author of The Speed of Trust, a revolutionary new way to lead, deemed “the defining leadership book in the 21st century” (Admiral William McRaven, author of Make Your Bed) that “every parent, teacher, and leader needs” (Esther Wojcicki, author of How to Raise Successful People). We have a leadership crisis today, where even though our world has changed drastically, our leadership style has not. Most organizations, teams, schools, and families today still operate from a model of “command and control,” focusing on hierarchies and compliance from people. But because of the changing nature of the world, the workforce, work itself, and the choices we have for where and how to work and live, this way of leading is drastically outdated. Stephen M.R. Covey has made it his life’s work to understand trust in leadership and organizations. In his newest and most transformative book, Trust and Inspire, he offers a simple yet bold solution: to shift from this “command and control” model to a leadership style of “trust and inspire.” People don’t want to be managed; they want to be led. Trust and Inspire is a new way of leading that starts with the belief that people are creative, collaborative, and full of potential. People with this kind of leader are inspired to become the best version of themselves and to produce their best work. In this “beautifully written page-turner” (Amy Edmondson, Harvard Business School professor), Covey offers the solution to the future of work: where a dispersed workforce will be the norm, necessitating trust and collaboration across time zones, cultures, personalities, generations, and technology. Trust and Inspire calls for a radical shift in the way we lead in the 21st century, and Covey shows us how.

Power of Communication, The Helio Fred Garcia, 2012-04-23 Communication is the absolutely indispensable leadership

discipline. But, too often, leaders and professional communicators get mired in tactics, and fail to influence public attitudes in the ways that would help them the most. The Power of Communication builds on the U.S. Marine Corps' legendary publication Warfighting, showing how to apply the Corps' proven leadership and strategy doctrine to all forms of public communication — and achieve truly extraordinary results. World-renowned leadership communications expert, consultant, and speaker Helio Fred Garcia reveals how to orient on audiences, recognizing their centers of gravity and most critical concerns. You'll learn how to integrate and succeed with all three levels of communication: strategic, operational, and tactical. Garcia shows how to take the initiative and control the agenda... respond to events with speed and focus... use the power of maneuver... prepare and plan... and put it all together, becoming a habitually strategic communicator.

The Book of Hopes Katherine Rundell,2020-10-01 _____ Shortlisted for Waterstones Book of the Year

_____ In difficult times, what children really need is hope. And in that spirit, bestselling author Katherine Rundell emailed some of the children's writers and artists whose work she loved most: 'I asked them to write something very short, fiction or non-fiction, or draw something that would make the children reading it feel like possibility-ists: something that would make them laugh or wonder or snort or smile. The response was magnificent, which shouldn't have surprised me, because children's writers and illustrators are professional hunters of hope ... I hope that the imagination can be a place of

shelter for children and that The Book of Hopes might be useful in that, even if only a little.' This collection, packed with short stories, poems and pictures from the very best children's authors and illustrators, aims to provide just that. Within its pages you'll find animal friends from insects to elephants, high-flying grandmas, a homesick sprite, the tooth fairy, and even extra-terrestrial life. There are 133 contributions from authors and illustrators, including Anthony Horowitz, Axel Scheffler, Catherine Johnson, Jacqueline Wilson, Katherine Rundell, Lauren Child, Michael Morpurgo and Onjali Q. Raúf. A donation from the sale of each book will go to NHS Charities Together, in gratitude for the incredible efforts of all those who worked in hospitals over the quarantine period. _____ 'An anthology on the theme of hope ... it includes a rich range of images, poetry, stories and non-fiction' - Sunday Times, 'Stories to charm on endless days' Proceeds from this book will be donated to NHS Charities Together. In respect of UK sales, this will be £2.10 and in respect of sales in other territories this will be 16% of net receipts (at least 62p). What are you doing with your life now?' 'Do you have goals? A vision? A clear sense of why you do what you do?' Almost everyone knows someone who has grappled with at least one of these questions. The answers can often seem elusive or uncertain. Though there are many paths to follow into the unknown future, there is one way that dramatically increases the chances we will enjoy the journey. To travel with someone we trust. We can try to build a successful career or a happy life alone, but why would we? Together is better. This unique and delightful little book makes the point that together is better in a quite unexpected way. Simon Sinek, bestselling author of Start With Why and Leaders Eat Last, blends the wisdom he has gathered from around the world with a heartwarming, richly illustrated original fable. Working hard for something we don't care about is called stress. Working hard for something we love is called passion.

Anthropology and Philosophy Sune Liisberg, Esther Oluffa Pedersen, Anne Line Dalsgård, 2015-01-01 The present book is no ordinary anthology, but rather a workroom in which anthropologists and philosophers initiate a dialogue on trust and hope, two important topics for both fields of study. The book combines work between scholars from different universities in the U.S. and Denmark. Thus, besides bringing the two disciplines in dialogue, it also cuts across differences in national contexts and academic style. The interdisciplinary efforts of the contributors demonstrate how such a collaboration can result in new and challenging ways of thinking about trust and hope. Reading the dialogues may, therefore, also inspire others to work in the productive intersection between anthropology and philosophy.
