Good Enough Kate Bowler, Jessica Richie, 2022-02-17 ***THE INSTANT NEW YORK TIMES BESTSELLER*** We begin to feel less alone, more loved and less judged when good is . . . enough. In this collection of 40ish short spiritual devotionals, Good Enough reveals the small things we can do to inch toward a deeper, richer, truer kind of faith. Through blessings, prayers and human truths, learn to live with imperfection in a culture of self-help that promotes endless progress, and discover a companion for when you want to stop feeling guilty that you're not living your best life now. Hailed by Glennon Doyle as 'the Christian Joan Didion', in these gorgeously written reflections Kate Bowler and Jessica Richie proffer fresh imagination for how truth, beauty, and meaning can be discovered amidst the chaos of life. Their words celebrate kindness, honesty and interdependence in a culture that rewards ruthless individualism and blind optimism. Ultimately, in these pages we can rest in the encouragement to strive for what is possible today - while recognising that though we are finite, the life in front of us can still be beautiful.

Fighting for the United States, Executed in Britain Simon Webb, 2021-07-21 This book relates a chapter of American military history which many people would rather forget. When the United States came to the aid of Britain in 1942, the arrival of American troops was greeted with unreserved enthusiasm, but unfortunately, wartime sometimes brings out the worst, as well as the best, in people. A small number of the soldiers abused the hospitality they received by committing murders and rapes against British civilians. Some of these men were hanged or shot at Shepton Mallet Prison in Somerset, which had been handed over for the use of the American armed forces. Due to a treaty between Britain and America, those accused of such offences faced an American court martial, rather than a British civilian court, which gave rise to some curious anomalies. Although rape had not been a capital crime in Britain for over a century, it still carried the death penalty

under American military law and so the last executions for rape in Britain were carried out at this time in Shepton Mallet. Fighting For the United States, Executed in Britain tells the story of every American soldier executed in Britain during the Second World War. The majority of the executed soldiers were either black or Hispanic, reflecting the situation in the United States itself, where the ethnicity of the accused person often played a key role in both convictions and the chances of subsequently being executed.

Teaching Migration and Asylum Law Richard Grimes, Věra Honuskova, Ulrich Stege, 2021-12-30 This highly topical book demonstrates the theoretical and practical importance of the study of migration law. It outlines approaches that may be taken in the design, delivery and monitoring of this study in law schools and universities to ensure an optimum level of learning. Drawing on examples of best practice from around the world, this book uses a theoretical framework and examples from real clients to simulations to help promote the learning and teaching of the law affecting migrants. It showcases contributions from over 30 academics and practitioners experienced in asylum and immigration law and helps to unpick how to teach the complex international laws and procedures relating to migration between different countries and regions. The various sections of the book explore educational best practice, what content can be covered, models for teaching and learning, strategies to deal with challenges and ways forward. The book will appeal to scholars, researchers and practitioners of migration and asylum law, those teaching migration law electives and involved in curriculum design, as well as students of international, common and civil law.

Collected Works of Velimir Khlebnikov Велимир Хлебников, 1987 Velimir Khlebnikov, who died in 1922 at the age of thirty-six, is one of the great innovators of literary modernism. In Russia a powerful and growing mythology surrounds this Futurist poet and his reputation elsewhere continues to mount. The second volume of the *Collected Works* consists of Khlebnikov's fiction (thirty-five short stories, dreams, mysteries, and fanciful folktales), his plays, and his unique supersagas, a syncretic genre he created to encompass his iconoclastic view of the world. Paul Schmidt's are the first translations of these works into English. They chronicle the artist's imagination in his feverish search for a poetics that could be as diverse as the universe itself. The fictions, ranging from the mysterious *Murksong* to the epic *Yasir*, show a great variety of styles and themes. But it is in the dramatic text that we best see Khlebnikov's struggle to find a workable form for his vision. *The Girl-God*, symbolist-inspired, is a *mélange* of stylistic shifts and impossible scene changes. In *The Little Devil*, *The Marquise des S.*, and the sardonic *Miss Death Makes a Mistake*, Khlebnikov finally finds a stageable theatrical form, in a mixture of satire, colloquial speech, and poetic reflections on art and immortality. The dramatist reaches even higher in the supersagas *Otter's Children* and *Zangezi*, achieving a Wagnerian fusion of action, poetry, history, theory, and the musical rhythms of

incantation.

Visions of Amen Stephen Schloesser,2014-07-10 French composer Olivier Messiaen (1908 1992) is probably best known for his Quartet for the End of Time, premiered in a German prisoner-of-war camp in 1941. However, Messiaen was a remarkably complex, intelligent person with a sometimes tragic domestic life who composed a wide range of music. This book explores the enormous web of influences in the early part of Messiaen's long life. The first section of the book provides an intellectual biography of Messiaen's early life in order to make his (difficult) music more accessible to the general listener. The second section offers an analysis of and thematic commentaries on Messiaen's pivotal work for two pianos, Visions of Amen, composed in 1943. Schloesser's analysis includes timing indications corresponding to a downloadable performance of the work by accomplished pianists Stphane Lemelin and Hyesook Kim.
