*Somebody Loves You, Mr. Hatch* Eileen Spinelli,2021-12-07 An anonymous valentine changes the life of the unsociable Mr. Hatch, turning him into a laughing friend who helps and appreciates all his neighbors.

Split Possession ,2008 This book is a functional-typological study of possession splits in European languages. It shows that genetically and structurally diverse languages such as Icelandic, Welsh, and Maltese display possessive systems which are sensitive to semantically based distinctions reminiscent of the alienability correlation. These distinctions are grammatically relevant in many European languages because they require dedicated constructions. What makes these split possessive systems interesting for the linguist is the interaction of semantic criteria with pragmatics and syntax. Neutralisation of distinctions occurs under focus. The same happens if one of the constituents of a possessive construction is syntactically heavy. These effects can be observed in the majority of the 50 sample languages. Possessive splits are strong in those languages which are outside the Standard Average European group. The bulk of the European languages do not behave much differently from those non-European languages for which possession splits are reported. The book reveals interesting new facts about European languages and possession to typologists, universals researchers, and areal linguists.

**The Marrow Thieves** Cherie Dimaline,2019-08 Humanity has nearly destroyed its world through global warming, but now an even greater evil lurks. The indigenous people of North America are being hunted and harvested for their bone marrow, which carries the key to recovering something the rest of the population has lost: the ability to dream. In this dark world, Frenchie and his companions struggle to survive as they make their way up north to the old lands. For now, survival means staying hidden-but what they don't know is that one of them holds the secret to defeating the marrow thieves. Miigwans is a true hero; in him Dimaline creates a character of tremendous emotional depth and tenderness, connecting readers with the complexity and compassion of Indigenous people. A dystopian world that is all too real and that has much to say about our own. Kirkus Reviews

**Harry Potter and the Cursed Child: The Official Script Book of the Original West** J-K Rowling, Jack Thorne, John Tiffany, 2016-08-22 *The Eighth Story. Nineteen Years Later.* Based on an original new story by J.K. Rowling, Jack Thorne and John Tiffany, a new play by Jack Thorne, *Harry Potter and the Cursed Child* is the eighth story in the Harry Potter series and the first official Harry Potter story to be presented on stage. The play will receive its world premiere in London's West End on July 30, 2016. It was always difficult being Harry Potter and it isn't much easier now that he is an overworked employee of the Ministry of Magic, a husband and father of three school-age children. While Harry grapples with a past that refuses to stay where it belongs, his youngest son Albus must struggle with the weight of a family legacy he never wanted. As past and present fuse ominously, both father and son learn the uncomfortable truth: sometimes, darkness comes from unexpected places.

Reinventing Discovery Michael Nielsen, 2020-04-07 How the internet and powerful online tools are democratizing and accelerating scientific discovery *Reinventing Discovery* argues that we are living at the dawn of the most dramatic change in science in more than three hundred years. This change is being driven by powerful cognitive tools, enabled by the internet, which are greatly accelerating scientific discovery. There are many books about how the internet is changing business, the workplace, or government. But this is the first book about something much more fundamental: how the internet is transforming our collective intelligence and our understanding of the world. From the collaborative mathematicians of the Polymath Project to the amateur astronomers of Galaxy Zoo, *Reinventing Discovery* tells the exciting story of the unprecedented new era in networked science. It will interest anyone who wants to learn about how the online world is revolutionizing scientific discovery—and why the revolution is just beginning.

*Boys in Children's Literature and Popular Culture* Annette Wannamaker, 2012-09-10 *Boys in Children's Literature and Popular Culture* proposes new theoretical frameworks for understanding the contradictory ways masculinity is represented in popular texts consumed by boys in the United States. The popular texts boys like are often ignored by educators and scholars, or are simply dismissed as garbage that boys should be discouraged from enjoying. However, examining and making visible the ways masculinity functions in these texts is vital to understanding the broad array of works that make up children's culture and form dominant versions of masculinity. Such popular texts as *Harry Potter*, *Captain Underpants*, and Japanese manga and anime often perform rituals of subject formation in overtly grotesque ways that repulse adult readers and attract boys. They often use depictions of the abject – threats to bodily borders – to blur the distinctions between what is outside the body and what is inside, between what is I and what is not I. Because of their reliance on depictions of the abject,

those popular texts that most vigorously perform exaggerated versions of masculinity also create opportunities to make dominant masculinity visible as a social construct.

**Family in Children's and Young Adult Literature** Eleanor Spencer, Jade Dillon Craig, 2023-11-07 Family in Children's and Young Adult Literature is a comprehensive study of the family in Anglophone children's and Young Adult literature from the early nineteenth century to the present day. Written by intellectual leaders in the field from the UK, the Americas, Europe, and Australia, this collection of essays explores the significance of the family and of familial and quasi-familial relationships in texts by a wide range of authors, including the Grimms, Frances Hodgson Burnett, Rudyard Kipling, Enid Blyton, Judy Blume, Jacqueline Wilson, Malorie Blackman, Melvin Burgess, J.K. Rowling, Neil Gaiman, and others. Author-based and critical survey essays explore evolving depictions of LGBTQIA+ and BAME families; migrant and refugee narratives; the popular tropes of the orphan protagonist and the wicked stepmother; sibling and intergenerational familial relationships; fathers and fatherhood; the anthropomorphic animal and surrogate family; and the fractured family in paranormal and dystopian YA literature. The breadth of essays in Family in Children's and Young Adult Literature encourages readers to think beyond the outdated but culturally privileged 'nuclear family' and is a vital resource for students, academics, educators, and practitioners.

**Relevance Theory in Translation and Interpreting** Fabrizio Gallai, 2022-10-31 This book illustrates the potential of Relevance Theory (RT) in offering a cognitive-pragmatic, cause-effect account of translation and interpreting (T&I), one which more closely engages T&I activity with the mental processes of speakers, listeners, writers, and readers during communicative acts. The volume provides an overview of the cognitive approach to communication taken by RT, with a particular focus on the distinction between explicit and implicit content and the relationship between thoughts and utterances. The book begins by outlining key concepts and theory in RT pragmatics and charting the development of their disciplinary relationship with work from T&I studies. Chapters draw on practical examples from a wide range of T&I contexts, including news media, scientific materials, literary translation, audiovisual translation, conference interpreting, and legal interpreting. The book also explores the myriad applications of RT pragmatics-inspired work and future implications for translation and interpreting research. This volume will be of interest to scholars in T&I studies and pragmatics.
