**The Invention of Wings** Sue Monk Kidd, 2014-01-07 The newest Oprah's Book Club 2.0 selection: this special eBook edition of *The Invention of Wings* by Sue Monk Kidd features exclusive content, including Oprah's personal notes highlighted within the text, and a reading group guide. Writing at the height of her narrative and imaginative gifts, Sue Monk Kidd presents a masterpiece of hope, daring, the quest for freedom, and the desire to have a voice in the world. Hetty "Handful" Grimke, an urban slave in early nineteenth century Charleston, yearns for life beyond the suffocating walls that enclose her within the wealthy Grimke household. The Grimke's daughter, Sarah, has known from an early age she is meant to do something large in the world, but she is hemmed in by the limits imposed on women. Kidd's sweeping novel is set in motion on Sarah's eleventh birthday, when she is given ownership of ten year old Handful, who is to be her handmaid. We follow their remarkable journeys over the next thirty five years, as both strive for a life of their own, dramatically shaping each other's destinies and forming a complex relationship marked by guilt, defiance, estrangement and the uneasy ways of love. As the stories build to a riveting climax, Handful will endure loss and sorrow, finding courage and a sense of self in the process. Sarah will experience crushed hopes, betrayal, unrequited love, and ostracism before leaving Charleston to find her place alongside her fearless younger sister, Angelina, as one of the early pioneers in the abolition and women's rights movements. Inspired by the historical figure of Sarah Grimke, Kidd goes beyond the record to flesh out the rich interior lives of all of her characters, both real and invented, including Handful's cunning mother, Charlotte, who courts danger in her search for something better. This exquisitely written novel is a triumph of storytelling that looks with unswerving eyes at a devastating wound in American history, through women whose struggles for liberation, empowerment, and expression will leave no reader unmoved. Only they know what happened to their parents, Izzy and Gene, and they aren't telling. While life in Glasgow's Maryhill housing estate isn't grand, the girls do have each other. Besides, it's only a year until Marnie will be considered an adult and can legally take care of them both. As the New Year comes and goes, Lennie, the old man next door, realizes that his young neighbors are alone and need his help. Or does he need theirs? Lennie takes them in—feeds them, clothes them, protects them—and something like a family forms. But soon enough, the sisters' friends, their teachers, and the authorities start asking tougher questions. As one lie leads to another, dark secrets about the girls' family surface, creating complications that threaten to tear them apart. Written with fierce sympathy and beautiful precision, told in alternating voices, *The Death of Bees* is an enchanting, grimly comic tale of three lost souls who, unable to answer for themselves, can answer only for one another.

[Waiting for the Barbarians](#) J. M. Coetzee,2017-01-03 A modern classic by Nobel Laureate J.M. Coetzee. His latest novel, *The Schooldays of Jesus*, is now available from Viking. *Late Essays: 2006-2016* will be available January 2018. For decades the Magistrate has been a loyal servant of the Empire, running the affairs of a tiny frontier settlement and ignoring the impending war with the barbarians. When interrogation experts arrive, however, he witnesses the Empire's cruel and unjust treatment of prisoners of war. Jolted into sympathy for their victims, he commits a quixotic act of rebellion that brands him an enemy of the state. J. M. Coetzee's prize-winning novel is a startling allegory of the war between oppressor and oppressed. The Magistrate is not simply a man living through a crisis of conscience in an obscure place in remote times; his situation is that of all men living in unbearable complicity with regimes that ignore justice and decency. Mark Rylance (*Wolf Hall*, *Bridge of Spies*), *Ciro Guerra* and producer Michael Fitzgerald are teaming up to bring J.M. Coetzee's *Waiting for the Barbarians* to the big screen.

*How We Live and Why We Die* Lewis Wolpert,2009-04-02 How do we move, think and remember? Why do we get ill, age and die? Distinguished biologist Lewis Wolpert explains how cells provide the answers to the fundamental questions about our lives. Cells are the basis of all life in the universe. Our bodies are made up of billions of them: an incredibly complex society that governs everything, from movement to memory and imagination. When we age, it is because our cells slow down;

when we get ill, it is because our cells mutate or stop working. In *How We Live and Why We Die*, Wolpert provides a clear explanation of the science that underpins our lives. He explains how our bodies function and how we derive from a single cell - the egg. He examines the science behind the topics that are much discussed but rarely understood - stem-cell research, cloning, DNA - and explains how all life evolved from just one cell. Lively and passionate, *How We Live and Why We Die* is an accessible guide to understanding the human body and, essentially, life itself.
