Shut Up and Speak! John Sheirer,2002 Why does your mouth suddenly go dry, your throat tighten, your face get hot, and your knees buckle when you have to address a group of people? The old story goes that more people are afraid of public speaking than they are of death. So people at a funeral would prefer to be the person in the casket than the person delivering the eulogy! Shut up and speak means that you must stop dwelling on how difficult or frightening public speaking is. Shut up and speak means that you can't become a better public speaker simply by studying communications theory or relying on public speaking folk wisdom. This book gives you the guidance to shut up by tuning out all of the interference that doesn't help you become a better public speaker and to speak by throwing yourself whole-heartedly into speech-making.

Social Conscience and Responsibility Jane E. Bleasdale,Julie A. Sullivan,2020-02-29 How we teach ethics has been an ambiguous instructional area for many years. In religious schools it is left to the work of the religion teacher, and in public schools it is often incorporated into a civics course. Across the curriculum there are multiple points at which we can incorporate the study of ethics in interdisciplinary ways. In this volume we will focus on how educators in high schools (grades 9-12) can incorporate the teaching of ethics effectively across all disciplines (Sciences, Humanities, Arts, Math and Technology). The introduction of the book will be a foundational description of ethics - what it means to study ethics and to be an ethical person.

Speakers' Club Barbara Juskow, 2021-09-23 The ability to give an effective verbal presentation is an important skill that you can teach your students. To be able to give strong, organized oral presentations increases a person's chances of being regarded as knowledgeable, capable, and in command. This complete, developmental program prepares young people to become confident public speakers. It introduces techniques for writing and delivering interesting, animated speeches. General topics include making introductions, quick-pick speeches, writing a speech, and speaking techniques. Fashioned after Toastmasters, the program includes complete lesson plans, worksheets and information sheets, and evaluation forms. The culminating activity is a program that allows each participant to make an oral presentation. In each lesson, practical ideas introduce and reinforce the need for preparation and attention to detail. The series of lessons begins with fun, low-anxiety activities and ends with a presentation for parents. Once students become skillful and confident in public speaking,

you will find many opportunities for them to use these skills. There are opportunities for oral presentations in all areas of the curriculum. Some activities that would reinforce public speaking skills are oral book reports, reader's theater, discussion groups, oral reports in content areas, poster talks, interviews, demonstrations or explanations of how to do something, brainstorming, debates, plays, teaching a lesson, dramatic or expressive reading, or role-playing. For more guidance on verbal presentation, see *Public Speaking: A Student Guide to Writing and Delivering a Great Speech. Grades 4-8*

[Public Speaking for Criminal Justice Professionals](#) Thomas Mauriello, 2020-07-06 *Public Speaking for Criminal Justice Professionals: A Manner of Speaking* is a one-of-a-kind public speaking guide specifically written for criminal justice professionals, written by a criminal justice professional. Author Thomas Mauriello has worked his entire professional career both as a practitioner and as an educator in the fields of criminal justice and forensic science. This book outlines the public speaking skills he has learned, used, and taught to thousands of criminal justice, forensic science, security, and counterintelligence professionals over the years. The book can either be read from cover-to-cover—to fine tune the reader's existing oral communication skills—or read in a modular fashion, as a reference guide to focus on certain skills and techniques. A list of over 55 proven, effective presentation tools will be listed, discussed, and demonstrated throughout the book—using illustrated criminal justice and forensic sciences topic examples. Contrary to popular believe, simply knowing your subject or being an expert in the subject does not guarantee a successful presentation. Aristotle, who many recognize as the Father of Public Speaking and Forensic Debate, said it best when he declared, It is not enough to know what to say, one must know how to say it. This guide focuses on technique and the recognition that a speaker must have of both the subject and the listener. The purpose is to improve readers' skill level and ability to engage and, thereby, inform the listener. Whether preparing to speak to one person, or one thousand people, *Public Speaking for Criminal Justice Professionals* provides specific techniques for professionals to speaking with confidence, and present effective engaging presentations.
