Thomas Hardy

The Story of S. Annalisse Mayer, 2001-06-17 What if.....? After the death of JFK, Jr., the press was flooded with mesmerizing pictures of him, not to mention some rather lurid tabloid articles. The author found herself drawn into repeated, obsessive fantasies of what knowing him or having a romance with him might have been like. Ultimately, she found herself writing down one of her fantasies as a novel. She changed the names to make clear that this is entirely a work of fiction, her own fantasies, not actually about the real people who inspired her writing. She wove in her own life experiences: her son's Asperger's Syndrome, home birth, and information from a suicide prevention course. She also could not resist drawing in some pet political issues, for instance regarding abortion, pesticide spraying, and drug legalization. The result is an eminently readable romance and psychological study, which should enthrall any woman of a certain age who fantasizes about younger celebrities or anyone who is interested in Asperger's Syndrome.

Our Exodus Story Robert P. Vande Kappelle, 2023-07-06 Every person has an exodus story, a vast, complex, multilayered spiritual journey. On the one hand, it is a biological journey from birth to death, and a social journey from infancy to adulthood. In this regard, it is a story of growing up, of leaving home and taking risks, of making mistakes and learning from them, of reaching goals and surpassing them. Our Exodus Story speaks of human life as a gossamer bridge that binds us as people with God, others, and with our inner being. This journey of faith is described as a “holy balancing act” between the three sources of authority for people of faith—experience, Scripture, and tradition. Bonded umbilically to one another and to God, each of us bears exodus-like and cross-like experiences. Personality and spirituality are deeply interrelated, so much that neither function adequately apart from the other. Though not identical, they strive to be in sync, balancing one another in profound and intimate ways. Personality takes the lead, and where personality goes, spirituality follows, though not blindly or passively. Spirituality has its own voice, and when its desires are addressed and heeded, personality thrives. This book is unique in that each of its four protagonists exhibits distinct dominant personality characteristics, their experiences bearing archetypal relevance and universal appeal. Their stories, individual and combined, are epic, the protagonists and families as complex as their biblical patriarchal and matriarchal counterparts, yet as current as today's top stories. As you read, you are invited on your own inner journey to peace, wholeness, and well-being.

Making The Elephant Man Jonathan Sanger,2016-10-21 The true story of John (Joseph) Merrick--a.k.a. the Elephant Man--has captured the imagination of generations of audiences, critics, actors and filmmakers. In 1978, producer Jonathan Sanger received a screenplay from two unknown writers about a hideously disfigured man who refused to fall victim to despair and instead exemplified human dignity. Reading it (twice), Sanger was determined that Merrick's story would be told. This book is Sanger's unvarnished first-person account of how The Elephant Man (1980) was made. His adventure in filmmaking--itself a study in triumph over despair--involved special effects nightmares, scheduling conflicts, location issues and many risky decisions. Assembling a team that included Mel Brooks (executive producer), David Lynch (director) and actors John Hurt and Anthony Hopkins, Sanger persevered in making this inspiring, award-winning film.

Masculine Identity in the Fiction of the Arab East since 1967 Samira Aghacy, 2009-12-08 This book offers an exploration of masculinity in the literature of the Arab East (Lebanon, Jordan, Palestine, Syria, and Iraq) in the context of a specific set of anxieties about gender roles and sexuality in Arab societies. While gender studies in the area have focused primarily on the situation of women, the treatment of Arab men as gendered subjects has fallen behind. Samira Aghacy's rich analysis presents gender relations not within a fixed biological mold but rather as a complex phenomenon fraught with ambivalence and operating within particular historical and geopolitical settings. Through a series of close readings of twenty contemporary Arabic novels, Aghacy presents a mosaic of masculinities that challenges the generally held view of an essentialized archetypal Arab man and that mirrors a contested vision of manliness where men figure in diverse sociocultural environments. This groundbreaking work reveals the volatile nature of masculinity and its inextricability from femininity.
