Education and Inequality in India Manabi Majumdar, Jos Mooij, 2012-10-02 Universalization of primary education has been high on the policy agenda in India. This book looks at the reproduction of social inequalities within the educational system in India, and how this is contested in different ways. It examines whether the concept of 'education for all' is just a mechanically conceived policy target to chasing enrolment and attendance or whether it is a larger social goal and a deeper political statement about the need for attacking entrenched social inequalities. Drawing on original data collected in the two states of Andhra Pradesh and West Bengal, the authors present the multiple ways in which social class impinges on the educational system, educational processes and educational outcomes. The book goes on to explore issues around autonomy and accountability via an analysis of the position of teachers within the educational hierarchy, and by looking at the various possibilities of making teachers accountable. Recommendations related to the necessity for a larger debate and normative framework are made, including whether private schools should play a role, and whether it is necessary to move from government action and responsibilities to a broader concept of public action. The book presents an interesting contribution for students and scholars of South Asian studies, as well as Education and Public Policy studies.

Rabindranath Tagore Patrick Colm Hogan, Lalita Pandit, 2003-05 This collection provides a lucid introduction for those unfamiliar with Tagore's work, while simultaneously presenting important new scholarship and novel interpretation about the greatest modern writer of India.

Rabindranath Tagore Patrick Colm Hogan, Lalita Pandit, 2003 This collection provides a lucid introduction for those unfamiliar with Tagore's work, while simultaneously presenting important new scholarship and novel interpretation. Rabindranath Tagore is considered the greatest modern writer of India. He is also one of the great social and political figures in modern Indian history. After he received the Nobel Prize for literature in 1913, Tagore's reputation in the West has been based primarily on his mystical poetry. But beyond poetry, Tagore wrote novels of social realism, treating nationalism, religious intolerance, and violence. He wrote analytic works on social reform, education, and science- even engaging in a brief dialogue with Albert Einstein. Without ignoring religion and mysticism, the essays in this collection concentrate on this other Tagore. They explicate Tagore's writings in relation to its historical and literary context and, at the same time, draw out those aspects of Tagore's work that continue to bear on contemporary society.

Rabindranath Tagore's Journey as an Educator Mohammad A. Quayum,2022-12-20 This book looks at Rabindranath

Tagore's, experiments and journey as an educator and the influence of humanistic worldviews, nationalism and cosmopolitanism in his philosophy of education. It juxtaposes the educational systems and institutions set up by the British colonial administration with Tagore's pedagogical vision and schools in Santiniketan, West Bengal—Brahmacharya Asram (1901), Visva-Bharati University (1921) and Sriniketan Institute of Village Reconstruction (1922). An educational pioneer and a poet-teacher, Tagore combined nature and culture, tradition and modernity, East and West, in formulating his educational methodology. The essays in this volume analyse the relevance of his theories and practice in encouraging greater cultural exchange and the dissolution of the walls between classrooms and communities. This book will be useful for scholars and researchers of education, Tagore studies, literature, cultural studies, sociology of education, South Asian studies and colonial and postcolonial studies.

A Face in the Dark and Other Hauntings Ruskin Bond, 2009-08-06 Ruskin bond once famously remarked that while he does not believe in ghosts, he sees them all the time - in the woods, in a bar, in a crowd outside a cinema. Not surprising, then, that in his stories ghosts, jinns, witches - and the occasional monster - are as real as the people he writes about. He makes the supernatural appear entirely natural, and therefore harder to ignore. This collection brings together all of Ruskin Bond's tales of the paranormal written over five decades. It opens with perhaps his best-known story, the unforgettable, 'A face in the dark', set in a pine forest outside Simla, and ends with the shockingly macabre 'Night of the Millennium', where

the scene of the action is an abandoned cemetery. In between are tales featuring monkeys and a pack of dogs come back from the dead, an elderly lady who is a witch after dark, a schoolboy riding his bicycle up and down the country road where he was killed, and Kipling's ghost in London's Victoria and Albert Museum. comprising twenty-eight classic stories that range from the chilling to the whimsical for the supernatural has its funny side too, a face in the dark and other hauntings is the perfect collection to have by your bedside when the moon is up.

The Little Big Man Rabindranath Tagore,2011 The Little Big Man shows what it's like for a child to wear his father's shoes, to grow up and assume adult responsibilities. Tagore's magic exercised one more time, with this one. Through the eyes of a child, a poetic ideal!

Tagore's Ideas of the New Woman Chandrava Chakravarty,Sneha Kar Chaudhuri,2017-06-29 A notable contribution on Tagore's vision of womanhood This book theorizes the continuous reconfigurations--'making' and 'unmaking'--of female subjectivity in Tagore's life, his times, and his works. This transhistorical approach in the book makes gender formations and discourses of the past relevant and necessary to the understanding of postmodern gender issues and ideologies. A unique feature of this compilation is the variety of genres that it covers, ranging from Tagore's poems, dance dramas, dance forms and their innovative uses, the gender-specific nature of several Rabindrasangeet, his travel writings and paintings, to highlighting the postmodern reworks of Tagore's novels on celluloid. On the whole, this edited collection with its extensive focus on the issues of gender, heterosexual love, marriage and patriarchy in relation to the works of Tagore strengthens the claim that the politics of culture and the gendering of social subjectivity were intrinsic to the representative ideologies of literature of the nineteenth and twentieth century.

Folklore, Religion and the Songs of a Bengali Madman Carola Lorea, 2016-08-01 This book explores historical and cultural aspects of modern and contemporary Bengal through the performance-centred study of a particular repertoire: the songs of the saint-composer Bhaba Pagla (1902-1984), who is particularly revered among Baul and Fakir singers. The author shows how songs, if examined as 'sacred scriptures', represent multi-dimensional texts for the study of South Asian religions. Revealing how previous studies about Bauls mirror the history of folkloristics in Bengal, this book presents sacred songs as a precious symbolic capital for a marginalized community of dislocated and unorthodox Hindus, who consider the practice of singing in itself an integral part of the path towards self-realization.

Selected Poems Rabindranath Tagore, 2005-03-31 The poems of Rabindranath Tagore (1861-1941) are among the most haunting and tender in Indian and in world literature, expressing a profound and passionate human yearning. His ceaselessly inventive works deal with such subjects as the interplay between God and the world, the eternal and transient, and with the paradox of an endlessly changing universe that is in tune with unchanging harmonies. Poems such as 'Earth' and 'In the Eyes of a Peacock' present a picture of natural processes unaffected by human concerns, while others, as in 'Recovery - 14', convey the poet's bewilderment about his place in the world. And exuberant works such as 'New Rain' and 'Grandfather's Holiday' describe Tagore's sheer joy at the glories of nature or simply in watching a grandchild play.

Poems Rabindranath Tagore, 2004 This selection from Tagore's oeuvre of poetry includes many songs composed by him

during the Swadeshi movement and ends with his last poems. The poet recaptures the scenes and incidents of a childhood spent in the midst of one of the most gifted families of India. The old-world Kolkata, with its lumbering hackney carriages, its closed palanquins for ladies, its medley of hawkers, its troupes of itinerant performers and story-tellers, as seen through the vivid imagination of a child-genius, lives before our eyes. This is the unforgettable account of a remarkable child defying all the attempts of his teachers to drag him along prosaic ruts of learning. Poems numbered 114 and 120-130 were translated by miya Chakravarty, his secretary of many years.
